

## Faculty Changes

Dr. Corlett has announced the following additions to the NNC and high school faculty.

Mr. Hays Johnson is coming to teach in the business department. He has his AB from John Fletcher and has taught four years in Iowa and eight in Minnesota. He is now attending Merritt School of Commerce and plans to do summer work at the University of Minnesota.

New to the teaching staff in the science department for next fall will be Mr. Gilbert C. Ford, who will receive his Ph. D. degree from Harvard this June. Mr. Ford's coming to NNC will strengthen the department of physics and chemistry. He will take over the work in general physics and will offer courses in advanced physics and physical chemistry. Mr. Ford will also act as supervisor in Chapman Hall.

Mrs. A. R. Aller and Edith Anderson will teach in the College Home Economics department.

Loren Bozarth, who is graduating from NNC this year, and Mrs. Thelma Thompson, a former graduate, will teach in the College high school.

Heading the list of teachers who will not be returning next fall is Prof. J. E. Janosky who is retiring. He has been teaching here at NNC since 1936.

Miss Wilson, Mrs. Koolhof and Miss Allen also finish their work at NNC this year. Mrs. Bittleston and Miss Meckling have been given a leave of absence. Due to the discontinuance, Miss Edinger, Mrs. Farmer and Miss Angel will also leave.

Professors Knighton, Hilliard and Taylor are the male members of the faculty who are leaving. Professors Knighton and Taylor plan to attend institutions of higher learning and further their education.

"We have appreciated the contributions that have been made to NNC and we wish them well in their future plans and work," states Dr. Corlett.

## Retrospection

By Dr. Corlett

A school year at the beginning looks to be a lengthy affair. Now in retrospection the time has gone so quickly that it seems to be a much shorter period than anticipated.

Activities have been numerous, the program has been full and I feel sure that each one has received some benefit from N. N. C.

History has been written and it is impossible to recount all the things that have taken place since school opened. As President, I wish to express my appreciation to each and every member of the student body and faculty for his part in making this year at N. N. C. a success. The progress and development of a College is the result of cooperative effort. No one person can be said to have been the direct cause of any particular advancement. Together, God has helped us to write another glorious year in the history of N. N. C. The revivals, the conventions, the chapel services, the classes, the recreational activities, and the pleasant associations have all enriched our lives. For these and all other matters we are deeply grateful and with the Psalmist David, we "Thank God and take courage" to look forward to another year of growth, development and progress greater than this one.

I wish to express to Tom Kelly and his staff my sincere appreciation for the good work that they have done in giving us, through the Crusader, a copy of the activities of the year. Also, I wish to express my appreciation for Fred Fowler, the student body president, and his excellent council who have helped to guide the affairs of the student body. We owe a deep debt to all of these and the administration is happy to express its gratitude for the contribution they have made.

## SHEPHERDESS CLASS LOSES SIXTEEN GIRLS

Mrs. Riley entertained the last meeting of the Shepherdess Class in her home Monday evening. "The Preacher's Wife As a Hostess" was the topic. The young women learned to set an attractive table and to introduce strangers properly.

In return for the time and trouble that Mrs. Riley took in teaching the Shepherdess Class, she was presented with a going-away gift by Mrs. Alvin House, president.

Mrs. Riley closed the last meeting with a farewell prayer for the 16 young women who will be leaving after graduation. Then she presented each of them a small gold crook symbolizing their duty as a shepherdess.

## Dr. Gish To Present Commencement Address; Rev. Zachary, Annual Sermon; Dr. Corlett, Baccalaureate Sermon

Dr. Delbert R. Gish, professor of philosophy and religious education at the Nazarene Theological Seminary in Kansas City, Mo., and former N. N. C. faculty member, will deliver the commencement address Wednesday, May 31.

Rev. E. E. Zachary will bring the annual sermon Sunday evening, May 28, while, according to tradition, Dr. L. T. Corlett will present the baccalaureate sermon on Sunday morning.

Prior to joining the seminary faculty where he has been teaching since 1947, Dr. Gish spent four years at N. N. C. as professor of philosophy and assistant to the president. During the summer of 1948 he returned to Nampa as visiting professor on the summer school staff. Before coming to N. N. C. he taught for a number of years at Bethany Peniel College in Oklahoma.

Rev. Zachary is former superintendent of the Nazarene work in Australia, and present District Superintendent of the Northwest District.

## CHURCH TO BE PRESERVED

W. W. Morrison, eminent Old Oregon Trail historian, reports by letter that from reports received from papers and individuals, our campaign to preserve Rock Creek Church as a monument to the Old Oregon Trail pioneers, has been a success.

As far as fixing up the church and surrounding property is concerned, plans are already moving ahead rapidly. Donated labor and material are being used to renovate the building.

Mr. Morrison reports that as yet there hasn't been any definite commitment from those in charge of the church as to having a memorial service once a year, but he is still doing all he can to have this arranged.

N. N. C. students consider it a privilege to have helped this movement to preserve Rock Creek Church as a monument to Old Oregon Trail pioneers for future generations.

Address by Dr. D. R. Gish, Professor, Nazarene Seminary, Kansas City, Mo.

## 'FOR THESE WE ARE THANKFUL'

This school year is drawing to a close! To seniors it is a time of rejoicing for the privilege of being graduates of N. N. C. We who are able to return to complete our work are thankful first for the privilege of attending college; second, for those who helped make it possible for us to attend an institution of higher learning.

We enjoy this privilege because friends helped us at the time we needed it. These may not be connected with our church, but they have shown an interest because they are interested in the Lord's work.

For instance, two persons who have done more than anyone else to make it possible for me to attend N. N. C. are Mr. A. E. Stoddard, president of the Union Pacific Railroad company, and Mr. W. W. Morrison, ticket agent of the Union Pacific at Cheyenne, Wyoming.

Yes, it is a privilege to attend college. Statistics, however, show that many are either unable to enter college or are not privileged to finish college for financial reasons, inability to master subjects on a college level, or the necessity of going to work at an early age.

Because financial difficulties seem to lead the reasons why young people do not attend college, help is needed from someone, some group, or some church, to enable them to do so. It is my prayer that there will be more persons who will make it possible for more young people to attend college. "The fields are white unto the harvest, but the laborers are few."

## The Way 'Tis Done With Cap & Gown

An intercollegiate commission in 1895 drafted a uniform code for academic caps, gowns and hoods, which has been accepted by some 700 colleges and universities in the United States.

Colors in the hoods indicate the university departments of learning. The common fields are:

Art and letters	white
Theology and divinity	scarlet
Laws	purple
Philosophy	blue
Science	golden yellow
Dentistry	lilac
Medicine	green
Music	pink
Engineering	orange

### Graduate Etiquette

1. Men remove their caps at the time of the invocation and leave them off until the ceremony of conferring of degrees.
2. Women wear their caps thru-out the exercises.
3. Do not wear the cap tilted at an extreme angle.
4. Black shoes are to be preferred with the gown.
5. During the conferring of the degree the men will don their caps

## NOTICE

Due to the lack of space we are not able to print any more of the names and activities of the seniors. Let us say, however, that we do appreciate all of them, and may God bless them as they go into the work to which God has called them.

and leave them on until the conclusion of the ceremony.

6. Do not wear any flowers or badges on the academic garb.

7. When the degree is conferred the candidate will extend his left hand to receive the diploma and will place the tassel on the left side of the cap with his right hand. It is suggested that the candidate look at the president when receiving the diploma, and that a smile is entirely in harmony with the occasion.

The history instructor was quizzing his class: "Young man in the back row," he queried, "if the President of the United States should die, who would get the job?" The young man thought for a moment; finally replied, "A Democrat undertaker."

"Preach the Gospel and the rest will take care of itself" is a narrow creed.

## Much Ado About Mangum

By Marilyn Perkins

Taking Webster's synonyms for "ado"—"Bustle, doings, stir"—we can truly say that there has been "much ado about Mangum" Hall this year. From the picnics honoring the freshmen last fall to the parties honoring the seniors this spring, our year in nurse's training, like yours in college, has been packed with many and varied activities.

And with Olmstead chapel for our group and personal devotions, Nolte lecture hall for our classroom work, and the parlor and kitchen for our parties and teas—all right here in one building, it's little wonder that many of our activities have centered around Mangum Hall.

But we've enjoyed being with NNC students, too. Seeing you in plays, concerts, and ball games; meeting you at parties and at the Beanery, and even caring for you at the hospital, we've enjoyed making new friendships and renewing old ones.

Now I'll wish you all a pleasant summer vacation, and say we'll be looking forward to seeing you again next year, and especially will we welcome you girls who will be with us next August, here in Mangum Hall.

## News Briefs

Prof. and Mrs. Joseph Janosky were among the few guests who were invited to meet the British Ambassador to the United States, The Rt. Hon. Sir Oliver Franks, P. C., K. C. B., C. B. E., and Lady Franks; and Mr. Frank C. Ogden, British Consul from Seattle. They attended the luncheon where the British Ambassador spoke on conditions in England today.

Mrs. Belle Shaw, a senior at NNC has donated a new American flag to the school.

September 14 has been set for Freshman Day, Dr. Corlett announced today. Other important dates for the 1950-51 school year are Registration, Sept. 15-16; first class period, Sept. 18. Christmas vacation has been set from Dec. 15 to Jan. 2. The high school will open Sept. 11.

## Swann-Davidson Duo On Tonight

The Swann-Davidson duo team will be presented by the Music club of NNC in a two piano recital in the college chapel.

Alline Swann, Dean of the School of Music, and Fern Nolte Davidson, prominent Nampa pianist and teacher, started their duo work several years ago, and this concert will be the fifth that they have given. The team is known throughout Idaho and the Boise valley for the very fine and artistic work that it has done. There will be no admission charged, and the public is cordially invited to attend the concert.

The Mozart concerto is the one Mrs. Davidson played last March with the Denver Symphony, under the baton of Antonio Bracco, and the Saint - Saens concerto that Mrs. Swann will be playing was the one that she performed with the NNC orchestra last semester, as well as with the Oklahoma City University Symphony several years ago.

Of particular interest will be the Scaramouche Suite. It is written in modern idiom by an outstanding French writer. The first movement consists of many poly-harmonies, and the second movement has contrasting melodies of delicate beauty with no touch of modernism, but with a corresponding form of the other two movements. The last movement is in the form of a Brazilian rumba.

## Faculty Reminisces

During the year conferences have been attended by various members of our faculty.

Among the honors received was the mentioning of several members in Who's Who in the West.

Vital statistics show no births, no marriages, no deaths, but quite a bit of sickness, especially among male members of the faculty.

Dean Culver states that, "This has been a good year academically and the faculty has worked diligently on curriculum improvements, and improvement has been shown in instructional technique.

"The library has been enlarged to

## 'His - story'

By Fred Fowler

Most of this school year is now history. There have been times of fun and laughter and times of study and work. Through all of our activities, I'm sure most of us have tried to keep our sub-slogan for this year, "Christ All and in All". As we reminisce, we think of the freshman get-acquainted party, the student-faculty reception, the Pep Rally, varsity and intramural ball games, chapel programs, campus day, the picnic, etc. But the high points of the year, I think, have been our revivals and preaching mission weeks.

I feel that this has been a good year, not only because of the fine spirit and cooperation of each member of the student council (most of whom have served as chairman or a member of some special committee throughout the entire year) but because of the loyalty and cooperation of the entire student body. Certainly this year's success has not been any one person's responsibility but our "response-to-His-ability" as a whole. As a consequence I feel we may say that this year is not now mere history, but "His-story".

## CHS NEWS

Mr. Feltar announced today that Kathern Mittleider has been named College High valedictorian, and Naomi Duncan, salutatorian.

"Best Seller", all-high school presentation, will be given tomorrow evening, Saturday, in the College Chapel.

"The glory of our life below Comes not from what we do or know, But dwells forever more In what we ARE."

I am only one, but I am one; I cannot do everything, but I can do something; What I can do I ought to do, And by the grace of God I will do.

accommodate more volumes. New books have been ordered for the 1950-51 school year and the curriculum has been planned. We are having some excellent additions to the faculty and I look forward to a good year.

"We regret the leaving of various members of our faculty, but we wish them well in their new areas of endeavor."

# CRUSADER TRACK, BASEBALL SQUADS ENJOY BEST MARKS IN HISTORY AS SEASON ENDS

## Sports Spotlight

When bad breaks come along they seem to have a way of fastening themselves to one guy and sticking with him for a long time. But sometimes a good break rolls around and when it does, the guy with talent always comes through.

That, in rather unorthodox manner, could explain the sports life of Tiny Bellamy, the husky pitcher who gets our vote as NNC's outstanding athlete of the year.

For two years Tiny toiled faithfully on the mound for a hapless and motley crew of Crusaders with little success and less support. But this year it has been a different story. NNC has been tough to beat and has already compiled the best record in the school's history.

Tiny Bellamy

Of course credit has to be given to fellows like Lauren Sanders, who has provided NNC with a real catcher instead of a sieve behind home plate, then there is Ron Weatherford, the hard-hitting outfielder, and Woody Beukelman who shifted from second to third and has turned into one of the best hot corner guardians in the state, and don't forget Whitey Johnson, the solid, clever fielding first sacker.

But even after the records of all the rest of the squad have been reviewed, the expert eye returns to the center of the diamond where the old smoothie, Tiny, holds forth.

Through Tuesday, he had chalked up three wins against two losses and had compiled an earned run average of 2.99. Plenty good when you consider that last year's top major league e. r. a. was over 3.00.

A versatile athlete, Tiny played varsity basketball two years ago

NNC's spring sports squads, enjoying one of the most successful seasons in the school's history, are rapidly reaching the end of their schedule.

The cinder crew closed out its season by taking first place at the annual College of Idaho invitational meet, edging past Idaho State by six points to win the trophy.

Over the entire season the Crusaders took one first, two seconds and two thirds and met every college track squad in the state except the University of Idaho.

NNC's baseball team has four games left on the slate. They journey to Burley tomorrow morning for a tilt with Southern Idaho and return tomorrow night to play the Nampa Clippers in Rodeo park.

Next week they travel to Eastern Oregon where they will conclude their season with a twin-bill against the Mountaineers.

Hughie Hendrix tossed a five-hitter into the faces of Boise Junior College Tuesday night as the Nampans chalked up a 7-2 triumph. Reynolds scored NNC's first run in the second and Hendrix tripled in Weatherford in the fourth and then scored on an error to decide the game. Four additional tallies came across in a big eighth inning rally.

Burley's semi-pro club dropped

and coached junior varsity basketball, piloting the jayvees to the best record they ever had, either before or since.

This year, the curly-haired junior mentored high school football, forsook playing basketball in order to officiate and has been a mainstay on the track squad which he captained two years ago.

Back to baseball again, Tiny has lost two heart-breakers and, were it not for the bad luck that seems to dog his footsteps, he could very easily have won five instead of just three.

He lost 3-2 to Larry Jackson and 5-2 to EOCE with four of the runs unearned. Tiny drubbed C. of I. 8-6, BJC 14-9 and Southern Idaho 10-3 in registering his victories.

the locals, 10-4, last week in a game that was closer than the score indicated. Reynolds, with three for three, including a 360-foot homer, paced the Crusaders at the plate.

Olson started on the mound for NNC and was relieved by Hendrix in the seventh. Olson yielded 11 hits and nine runs during his six-inning stint, while Hendrix held the southerners hitless and was touched for an unearned run during his two-stanza chore.

Tiny Bellamy and Millard Reynolds teamed up with Ron Weatherford to stop BJC, 5-4, in a 12-inning duel. Bellamy started and was relieved in the eighth when the Broncos scored all their runs. Reynolds finished and was credited with the win. Weatherford's double with one on in the 12th plated the winning marker.

## Intramural Cinder Hopefuls Prepare For Annual Track - Field Day May 29

Society track aspirants will get their chance a week from Monday when the annual intramural track and field day is held at Bulldog Bowl. The meet will start at 10 in the morning and will continue throughout the day except during the noon hour.

Those planning to participate in the meet, which will include both girls' and boys' events, must begin training this week, Coach LaMont Lee announced. He added that varsity track men will be eligible for the affair.

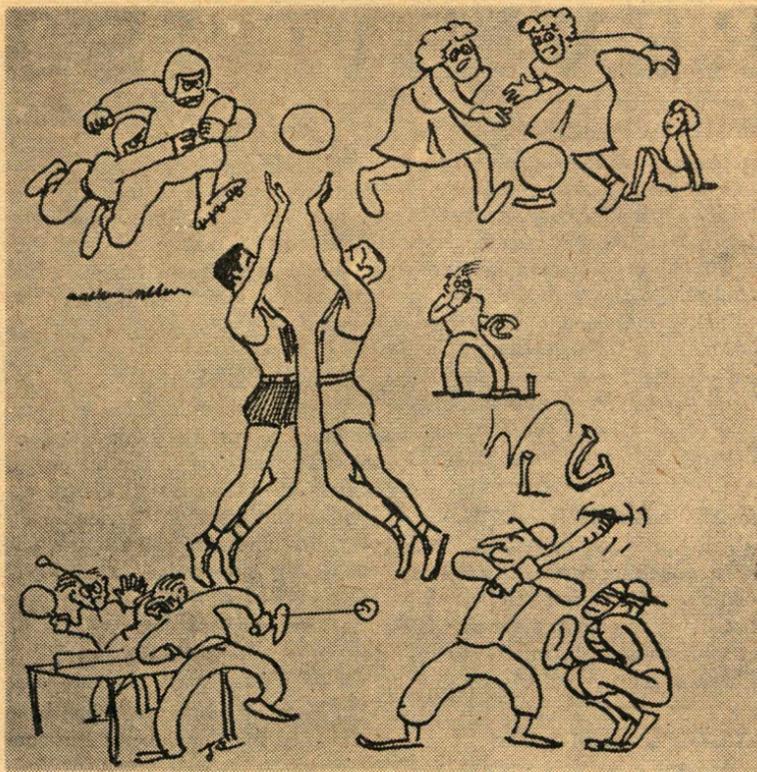

Favorites in the boys' division are the SLAs and Olys with the ADPs as strong contenders. The LSPs are a dark horse entry since few of

their members have been on the track squad, making it difficult to judge their ability.

In the girls' division, the LSPs and Olys are highly regarded, while the SLAs and ADPs are of unknown quantity. As a special attraction, four of the most talented athletes in school have consented to run a grudge mile. The winner will be treated to milk shakes by the other three. The quartet is composed of Joe Hight, Merl Iles, Dave Burkhart and Lilburn Wesche.

Actually his best games were the two that he lost.

To a fine athlete, a true gentleman and great competitor, go the plaudits of all those who have ever watched him play. This, his last year at NNC, has been his best, but we hope it has started a trend of success that sticks with him throughout the rugged game of life.

# REVIEW ISSUE OF 1949-1950

## MUSIC DEPARTMENT

Activities of the music department during the past year have included two faculty concerts, two orchestra concerts, two choir trips, the annual presentation at Christmas time of the "Messiah" by the two hundred voice Philharmonic Chorus under the direction of Chas. Ross; four advanced student recitals, a three day National Piano Guild Festival, and the sponsoring of special artist concerts.

## SIGMA LAMBDA ALPHA

Chet Galloway, president, says: "We are looking forward to the day when our anticipation will be realized and we receive the faculty loving cup, thus restoring it to its rightful place."

## LAMBDA SIGMA PI

"While we haven't always won, nobody's had more fun trying than we have," reports LSP President, Jim Galloway.

## SENIOR CLASS

Jim Wolstenholm, president, in his farewell message, states: "We have had a very wonderful four years at N. N. C. We are looking forward to the commencement season and hope that we have made a contribution to N. N. C. scholastically, socially, and spiritually."

## SOPHOMORE CLASS

President Chet Galloway of the sophomore class says, "I would like to say that this has been an outstanding year for the sophomores. The class has shown all the cooperation, willingness and dependability that I could ever desire to have. It has been a privilege to work with them."

## FRESHMAN CLASS

Duane Poplin, freshman class president, says: "This year's class is said to be one of the most talented and cooperative classes N. N. C. has ever had. And as class president, I can confirm this."

## ALPHA DELTA PI

Bob Burke, president, says: "Yesterday the ADPs were winners; today they are conquerors; and in the tomorrows they will always be found in First Place at N. N. C."

## OLYMPIANS

"The Olympian society is leading the way toward a higher basis of competition and character building. Thanks to the many loyal participating Olys in the many events this semester," quotes Jack Burke, president.

## JUNIOR CLASS

A brief statement from the junior class relates that this has been the best year ever in the history of the class. "We have sincerely enjoyed a fine year with splendid cooperation from the class as a whole and fellow classmates," says President Lloyd Hubbard.

## GENERAL MISSIONARY SOCIETY

"This past school year has been very good for the General Missionary Society," reports president Walter Goehring. The most outstanding programs were: "China Challenge" by Dr. and Mrs. Manley, and the freshman class program.

Officers for 1950-51 are: Dan Jackson, president; Lloyd Hubbard, vice president; Delores Lovett, secretary; Nicki Taylor, program chairman; Allan Miller, treasurer.

## N CLUB

N Club, headed by Doug Powers, has promoted two projects this year. First was Tip-Off night, which selected Carol Sharp queen of the night.

Second and most important event was the sponsoring of work for the two new tennis courts being constructed in Kurtz park. It is hoped the courts will be ready before the school year is finished, though the time of completion is not known.

## S. O. S.

Sons of Samson for the past year has been fairly inactive in outside activities, but has accomplished much in the weekly meetings.

During the first semester the group participated in tumbling, weight lifting, and basketball. Throughout the second semester to the time of discontinuance, wrestling, boxing and rope climbing were main events.

President Art Sullivan states that although the club has been dissolved much good has been done for the benefit of its members.

## I. R. C.

Highlights of the International Relations club this year have been a trip to Moscow, Idaho, by our delegates to the regional convention; a debate on "The Marshall Plan in the Orient"; and the showing of a film entitled, "One World or None", which gave some startling facts on the Atomic bomb.

"We are looking forward to the next year and hope that the interest and activity will be greater."

## MEN'S CLUB

First semester events for the Men's club began with Stag Night featuring beards and sweaters. A pajama party, films, decorations for Tip-Off night, and Sadie Hawkins supper were also part of the activities.

An old clothes and miscellaneous articles auction, with Jim Carkhuff as auctioneer, was the closing event of the year.

Arnie Zimbleman says, "Thanks to all who helped make this a successful year."

## FOREIGN MISSIONS BAND

Dan Jackson reports: "Foreign Missions Band has had a very progressive year. The whole world has been unfolded at our doorstep. Our visions have widened, our burdens have increased, and knowledge of every field the world over has grown from a hazy concept of farness to the vivid realization of nearness and our responsibility to our brothers."

## CAMERA CLUB

Mr. Kirk of Holly Market has made it possible for the Camera club to have its most successful year in allowing them the use of dark-room equipment. Loren Wilson, president, says, "Besides the use of the equipment, a most important factor is the complete remodeling of the darkroom."

## HOME EC

Activities of the Home Ec this year have included a trip to Ogden to the Province Workshop, purchase

of a set of dishes for the department and the selling of cookies, candy and sandwiches in the dorms.

At one meeting the sponsor announced her engagement "in the day of Mr. Koolof." Grace Ellis, Edith Herron, and Edith Anderson were honored at the annual banquet, and the final project was making curtains for the Speech Hall.

## ASSOCIATED WOMEN STUDENTS

Big and Little Sisters tea was the first activity of the A. W. S. this year. This was followed by the stag party, Tip-Off Banquet, Valentine week, and the recent assistance in the spring style show.

Senior girls and -their mothers will be honored at a tea the Tuesday of commencement week.

Nicki Taylor, president, says that "It has been a pleasure to work with the girls of N. N. C."

## SCRIBLERUS

Scriblerus Club has added that extra special touch for all the English majors and those interested in literature. In this club we learn about literature — but not from books. Some movies were shown on literary places and people in England, books were reviewed by several people, and while sitting in easy chairs eating waffles we heard recordings of the "Christmas Carol" and poetry by Robert Frost.

As John Cramer, our president, said, "This is the most pleasant way of studying literature ever devised."

## BUSINESS CLUB

Glen Hopkins states, "The exhibit sponsored by the Business Club at the first of the semester was a great help both to the club and the school." Interest for the club during the year was created by films and special speakers.

Professor Janosky was honored at a Business Club Banquet held on Saturday evening, May 13. Talma Rummell was master of ceremonies and among those present were a

group of townspeople. Professor Janosky will retire after this school year.

## ART CLUB

June Tock, president, says, "In looking over the past school year, the club feels it has contributed much to the college through the fine art exhibits, outstanding guest speakers, and field trips."

## TIMOTHY CLUB

Missionary films and speakers who talked on various topics relating to the church were very beneficial to the theological students who attended the meetings of the club during the year. Wally Rose, president, says, "I hope it will continue to be a blessing in the coming years".

## F. T. A.

Ralph Warfield is the new president of the FTA club for the following year. Other officers elected at their last meeting were Norma Kastella, vice president and program chairman; Lois Oberg, secretary; Pat Adamson, assistant secretary, and Virgil Seward, treasurer.

Lucy Loeber, president, reports: "Many benefits have been gained through panel discussions, special speakers and the use of maps."
