Smith Main Convention Speaker; Special Chapel Series Starts Monday

Rev. C. Hastings Smith of Conway, Arkansas, will be the principal speaker for the annual convention held during the first week of each school year. The convention will begin Tuesday night and will continue through Sunday with services each evening at 7:30 in College church.

Rev. Smith has been engaged in evangelistic work for the past sev-

C. HASTINGS SMITH

eral years and is a graduate of Bethany College in Oklahoma.

A new series of chapel programs will be inaugurated next week under the theme "Holiness in Practical Life". Dr. Corlett will speak in chapel on Monday and Tuesday mornings; on Wednesday, T. S. Wiley, mayor of Ashland, Oregon for 16 years and a member of the board of regents, will discuss "Holiness Young People in Civic Affairs". In Thursday's chapel service, Gordon Olson, who is engaged in the refrigeration business, will be the main speaker, and Dr. John E. Riley, college pastor, will bring the address on Friday morning.

The "Holiness in Vocational Life" series will continue throughout the year from time to time with various laymen presenting their fields and its relationships with the Christian life, Dr. Corlett announced.

The series is designed as an aid to students who have no definite call for Christian service but are preparing to enter the vocational field upon graduation.

First Crusader Staff Meeting Set for 27th

Although this first issue has already appeared on the scene, complete organization of the Crusader staff has been impossible inasmuch as many of those returning from last year's staff had not arrived as the paper was being published, and since many new students who desire to work on the Crusader have not had the opportunity to apply for positions on the staff.

Therefore the first organized Crusader staff meeting will be held Wednesday afternoon, September 27 at 3:30 in the Crusader office which is located on the south side of the Speech hall.

The meeting will not be held until two weeks hence since the next issue of the Crusader will not be published until Oct. 6.

In announcing the conclave, Lillburn Wesche, Crusader editor for this year, stressed the importance of the meeting for all those desiring to work on the staff, whether returning from previous years or trying out for the first time.

He further suggested that if at all

(Continued on Page 2, Col. 3)

Quartets to Sing This Evening

Tonight at 7:30 in the chapel, a special program will be presented by the three music groups which traveled in the interest of the college this summer. Featured in the quartet night program are the King's Men, the Crusaders, and the King's Karolers trio.

The King's men, composed of Earl Embree, Quincy Angier, Kenny Hills and Butch Bloomquist, traveled throughout Montana, Idaho, and the eastern section of the educational zone.

The Crusaders, composed of Howard Titterington, Don Farrand, Dick Edwards and Jim Rohn, traveled extensively in Washington and Oregon, covering the Northwest portion of the zone.

The King's Karolers trio of Dorothy Davis, Carol Sharp, and Jean Kirkpatrick, visited Oregon, Utah, and Nevada during the summer.

Sponsors of the groups were: Prof. J. R. Knighton with the King's Men; Mr. Edward Harper with the Crusaders, and Prof. Guy Sharp with the Karolers.

Other opening activities in addition to quartet night include the freshmen get-acquainted party tomorrow night in the gym, sponsored by the student council and the student-faculty reception Friday, Sept. 29, in Morrison Hall.

College Students Cannot Be Inducted While in School, Walsh Tells Crusader

All full-time college students are to be exempted from the draft either until the end of the academic year or until "he ceases satisfactorily to pursue such course of instruction." according to word received Sept. 10 by the Crusader from John E. Walsh, state director of the Selective Service System.

Walsh cited the Selective Service Act of 1948 and its amendment in 1950 which also stated that regular or duly ordained ministers of religion, and students preparing for the ministry may be deferred from induction.

The letter pointed out that college students called up for induction while attending school may have the induction postponed but that he will still be liable for military service and can expect eventually to be called for military duty.

In addition, local draft boards, at their own discretion, may defer pre-professional medical, dental and other scientific students upon request of their faculty. Students who have completed one year of college, who are in the upper half of their class and have shown previous intent of continuing their education

may also be deferred if the local draft board desires.

A student who requests postponement must take a pre-induction physical and be subject to call before he is postponed. This student is not permitted to enlist but is subject to induction into the army whenever his postponement is removed.

"The Selective Service Act was passed as a means of maintaining adequate armed strength and to insure the security of the nation", Walsh asserted. "In this act, Congress declared that . . . obligations and privileges of serving in the armed forces should be shared generally . . . with a system of selection which is fair and just. Every young man between the ages of 19 and 25 has a military obligation to his country. The only reason any man is deferred is the belief that it is necessary for the health, safety or interest of the nation. It is not fair to call one man to active service, send him to Korea where he may be killed or injured, and permit another man to enjoy the luxury of college, well-being and happiness. At this time, as never before, at-

(Continued on Page 2, Col. 3)

Registration Ends Saturday Evening; Numerous New Courses Offered

Registration began today at N. N. C. with school officials anticipating a larger enrollment than last year although it was doubtful that it would top the 1948-1949 all-time high of 1,077 students enrolled in all departments.

Registration for all college classes will continue throughout today and Saturday with classes convening for the first time on Monday morning. Students not checking out their registration material on the regular registration days will be charged an additional fee. Before being cleared by the business office, the A. S. B. fee of \$8.00 must be paid, Paul Kunkel,

Kampus Kalendar

- Sept. 15—Quartet night.
- Sept. 16—Get-acquainted party.
- Sept. 20—Board of Regents meeting.
- Sept. 19-24—Opening convention, C. Hastings Smith.
- Sept. 19-22—"Holiness in Practical Life" series; Dr. Corlett, T. S. Wiley, Gordon Olson, Dr. Riley.
- Sept. 22—Special assembly for society organization.
- Sept. 29—Student-Faculty reception.

A special assembly will be held next Friday at 4:00 p. m. in the chapel for the purpose of assigning new students to their societies. Student body officers for the coming year will be introduced during the program, and society meetings will follow immediately afterwards.

A. S. B. treasurer, announced.

Freshmen, who were to have taken their entrance and other tests yesterday will register today and tomorrow along with sophomores and upper division students. The newcomers are slated to take their physicals tomorrow.

Although a few college students have already been called into the service, Dr. Corlett asserted that he did not expect enrollment this year to be seriously altered by the Korean war unless conditions should change quite suddenly from their present trend.

Keys to Kampus Ready

In addition to regular registration material, copies of Keys to the Kampus, a booklet which gives student information regarding college activities, will be distributed under the supervision of the student council. Freshmen are required to carry a copy with them throughout the first nine weeks of school. The booklet was completely revised this year under the direction of Pauline Rhinehart and Paul Kunkel.

Several new courses have been added this year especially in the physics and science departments. An advanced biology science course and a biology seminar will be offered for the first time as will several new physics courses including advanced physics. Prof. Alvin R. Aller will instruct the biology courses and Prof. Gilbert C. Ford will handle the new physics courses.

Other Courses Added

Techniques and methods in coaching men's athletics, under LaMont Lee, has been added as an upper division course in physical education, a Seminar in the theory of knowledge has been added to the philosophy department under Prof. Alvin Kaufman, and Radio Speech will be offered by Prof. Mallalieu Wilson.

A new religion course, Old Testament Introduction, will be taught by Prof. Carl E. Hanson and Mrs. Florence Aller will instruct a course in child development. In addition, Victorian Prose and Poetry, formerly divided into two separate courses, has been combined into one three-hour subject.

In Memoriam

CHAPLAIN BYRON DALE LEE

Byron Lee Prominent In School Activities

Chaplain Byron Dale Lee, who was killed in action on July 25 while serving on the front lines in Korea, was prominent in school activities prior to his graduation from N. N. C. in 1943. He was the founder of the Sons of Samson, lettered with the Crusader baseball squad, served as business manager of the Oasis, held several offices in the LSP society, was president of the General Missionary Society and was a member of the Spencerian Speech club. He was the brother of N. N. C.'s athletic director, LaMont Lee.

In December 1944, Lee enlisted in the army as a chaplain and served in Germany where he founded the Youth for Christ. Later he was stationed at Ford Ord, California, and Fort Riley, Kansas before being assigned to Japan last spring.

Inside Scoop On Advertising

One of the vital parts of student life on a college campus is the school paper. Through its comments and in its pages the students are kept aware of their activities and are provided with a medium for expressing their views and opinions.

Unfortunately a school paper cannot exist without a certain amount of advertising. Often it is difficult to obtain this advertising because too many merchants feel that either nobody will heed their ads or that their store is located in such an ideal spot that all the trade will come their way whether they advertise or not.

The Crusader is owned and operated by you, the students of N. N. C. It can only exist as long as you want it to exist. By supporting our advertisers you support your paper. You may have to walk a couple of extra blocks or drive a little farther but remember, by patronizing our advertisers instead of those who refuse to advertise with us, you are helping to insure a successful school paper.

WELCOME FROSH!

By Miss Helen G. Wilson

Just seven letters, but they hold a wealth of meaning—

W-E-L-C-O-M-E

We could easily play upon words and say that one interpretation of this age-old greeting is that you are welcome because you have "well come". It takes more than wishful

thinking to place one upon the threshold of a college career. You are here today because you or someone else planned for you to be here. Financial budgeting, careful direction of your high school curriculum, personal development — all these were essential items in the plan culminated in your enrollment at college. And because all of these elements were included in your plan, you are "well come" to college.

But what of the future? Now that you have arrived at your destination—what now? The answer is MORE PLANNING.

If you want to be as "well gone" at the close of the college year as you are "well come", it will be necessary for you to make a plan for

your school career and then to follow that plan.

Your planning must touch all the phases of successful college life. You must allow for the social, physical, spiritual, mental and cultural aspects of normal living.

Your plan must be a well-balanced one. Don't over-do on any one line. Strive for temperance! Avoid extremism. It is just as foolish to be the juvenile play-boy type of person as it is to become known as a long-faced bookworm. The mature mind sees all things in their proper relationships and thus is never found prating against "long-haired music" or extolling the utter infallibility of a fledgling philosophy.

And so I say, "Welcome, Frosh!" We're all glad that you are here. We do not know the battles that have prefaced your coming or the sacrifices which were necessary. But we do know that you have gained another plateau in the business of living and we salute you for it. Your fellow-students are anxious to get acquainted with you and the faculty stands ready to serve you and meet your needs. But the rest of it is up to you.

WELCOME, FROSH!

They were hidden in the swing in the moonlight alone. No word broke the stillness for half an hour until—"Suppose you had money," she said, "what would you do?"

He threw out his chest in all the glory of young manhood. "I'd travel!"

He felt her warm, young hand slide into his. When he looked up she had gone. In his hand was a nickel!

Marriage Mill Hums With Summer Output

Bearing testimony to the age-old saying that NNC is not only an educational plant but also a matrimonial mill, were the following students and faculty member, who some time between last June and this September entered into the state of wedded bliss.

Loyd MacMichael and Wanda Davis, Allan Sturges and Darlene Van Schaick, Millard Reynolds and Juna Clegg, Hubert Hendrix and Bette Schnell, Wes Hansen and Arlene Swardstrom.

Herb Myers and Lola Carrell, Don Farrand and Dot Edwards, Earl Satchell and Betty Williams, Bob Burke and Caroline Coleman, Chet Galloway and Mary Alyce Miller, Don Chavis and Betty Easley, Lauren Sanders and Nelda Ramick.

Jim Deffries and Pat Vandergrift, Dale Swinney and Dorothy Shafer, Howard Titterington and Doris Friemeier, Bob Johnson and Marian Fritch, Ralph Miller and Joan Brinkerhoff, Whitey Johnson and Brenita Dean, Arnie Zimbelman and Tomie Carper, Eddie Brown and Mary Lou Knight, Gordon Belzer and Shirley Ford, Merlin Hunter and Alice Jessee, Rich Hoyle and Larae Sabin, Lee Sullivan and Betty Ashbaugh.

CRUSADER MEETING

(Continued from Page 1)

possible those desiring positions contact him some time before the meeting as several important vacancies remain to be filled. In addition, all staff members who applied for positions last spring, are requested to see the editor within the next week.

"We can have the best paper in history," Wesche bluntly declared, "IF we can get a hard-working and wide awake staff. As for experience, new students shouldn't let that bother them because with the proper amount of enthusiasm and effort they can make up for any lack of 'know-how'."

The new editor recommended that all those planning to be on the staff keep the 3:05 period open on Wednesdays and every day, if possible.

As an additional aid to prospective staff members who might forget the meeting on Sept. 27, Wesche and Dave Burkhart, Crusader business manager, have ordered a large shipment of time bombs which are set to explode at 3:30 on that date and they may be obtained at the office for a nominal fee.

DRAFT LAW

(Continued from Page 1)

tendance in college for the man between 19 and 25 is a privilege extended to him because it is believed his education will be in the interest of the welfare of the nation as a whole and not for his own personal desires."

My wife has been nursing a grouch all week.
"Been laid up, have you?"

PRESIDENT'S WELCOME

By Dr. Lewis T. Corlett

It is always a great joy to welcome new and old students at the beginning of each school year. N. N. C. has been opening her doors now for 37 years, with new groups of students coming each fall. Her blessings and privileges have been carried to the ends of the world by former students and graduates. Traditions have been built about the school and a splendid history has been made.

It is a privilege for you to become part of this tradition and history of N. N. C. Many things here seem strange to you at first, but as you stay here and get acquainted, you, too, will begin to have an appreciation for what N. N. C. represents. We want you to take advantage of all the privileges, to take part in the various activities at the intramural programs, dormitories, and church. You can be a blessing while you are receiving and we invite you to join in making this the best year that N. N. C. has ever had.

While N. N. C. is an educational institution, it is also a community of persons. As such, each one should feel his obligation as a citizen of this community to make it the best community possible. N. N. C. stands not only for good religion, clean sportsmanship and high morals, but also for every phase of good

citizenship. As you work and play here, you will find the ideals and standards of this citizenship coming into your character to enrich and strengthen you for the problems and battles of life. The only way the community can be at its best is for each member to take personal responsibility to make it so.

All the members of the administration and faculty join with me in extending this welcome to you and we are ready to help you in every way we can. Under God's guidance, we will look forward to a very profitable year for both students and faculty.

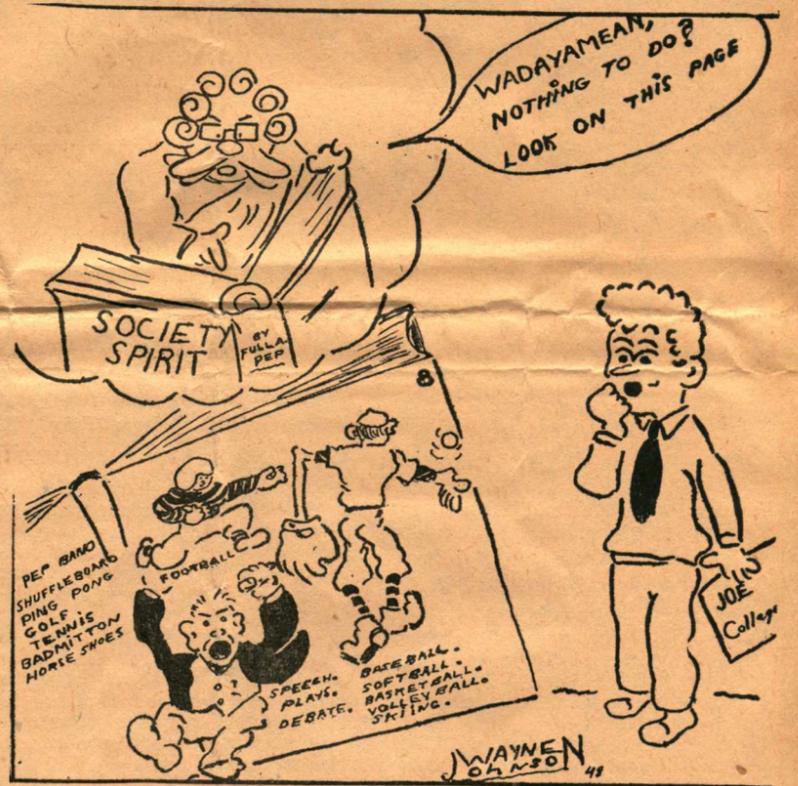

Mrs. Kronkeit: "Is Mrs. Smith an active member of the Women's Sewing club?"

Mrs. Noodnik: "Heavens, no! She just sits there and SEWS!"

"One individual life may be of priceless value to God's purposes—and that life may be yours."

"Desire not to live long, but well. How long we live, not years, but actions tell."

"Seek the Will of God for your life; Nothing more, nothing less, nothing else."

SOFTBALL GRABS INTRAMURAL SPOTLIGHT

Pre-Season Tourney Features Opening Week; Reynolds to Direct Program

Intramural sports grab the headlines for the first few weeks of this semester, beginning with softball in both girls' and boys' divisions, and followed by touch football, volleyball and basketball in the major sports field, and tennis, horseshoes, shuffle board and ping pong in the minor sports department.

Society softball will start some time next week while the fall tennis tournament is slated to get underway shortly. Tennis is expected to become extremely popular and will get special emphasis from the athletic department this year. The addition of two cement courts in Kurtz park by the Nampa Recreation commission has greatly increased the facilities available for the sport.

The society sports program will be under the direction of Millard Reynolds. He replaced Doug Powers, student athletic director for the past two years, who graduated last spring.

Softball Tourney Set

In pre-season exhibitions next week, a round robin softball tourney will be staged between the four classes. Tuesday the Seniors will battle the Sophomores and Wednesday the Juniors will tangle with the Freshmen. The winners will clash Thursday afternoon for the title.

The intramural softball picture presents a wide-open race and freshmen will likely hold the key to the championship gate as all four nines were hit by losses since last spring.

Defending champions for the last three semesters, the SLAs may have difficulty in repeating since they lost both of their pitchers as well as several other starters. Lloyd Hubbard, regular catcher last year; Bud Baska, shortstop two seasons ago; second sacker, Paul Jensen; third baseman Woody Beukelman and outfielder Kenny Hills, are the nucleus around which the champs will have to rebuild.

LSPs Strong

If they can find the pitching strength the LSPs could prove dangerous. Catcher Jim Galloway, infielders Dick Edwards, Howard Johnson, Glen Hopkins and Doug Powers, and outfielders Ron Johnson and Lilburn Wesche give them a strong lineup if they can find some one to fill the hurling vacancy which has kept them in the cellar for the last two seasons.

Another powerful nine may be the ADPs who will have Howard Titterton, Ron Weatherford, Ralph Unger, Clarence Olson, Stan Beals and Dave Burkhardt back again.

Millard Reynolds will provide the Olys with a capable pitcher but vacancies in remaining positions may prove their downfall. Volney Johnson, Loyd Hills, Dean Galloway and Myron Finkbeiner are other returning Olys.

LaMONT LEE

NNC Mentors Attend Idaho Coaches School

Members of the N. N. C. coaching staff attended the annual Idaho Coaching School this summer and Head Coach LaMont Lee termed it, "The best Coaching school I have ever attended."

Speakers at the school, which drew coaches and athletic directors from the entire Northwest, were Frank Leahy, head football coach at Notre Dame; Ev Shelton, basketball coach at Wyoming; Bert Dunne, manager of the Salt Lake City Bees, and Joe Devine, head scout for the New York Yankees.

Others attending from N. N. C. were James Frazier, College High basketball mentor who will also coach the Crusader diamond squad next spring; Bob Kiel, frosh coach for the coming season and a four-year letterman on the basketball squad before his graduation two years ago, and Elmore Vail, head coach at College High.

Vail was a member of the Crusader varsity in both basketball and baseball before his graduation, and was head coach of the Trojans two years ago. He attended the University of Idaho last year to obtain his Master's degree.

Greek Professor: "Tell me, Mary—what is meant by LXX?"
 Mary: "Love and kisses!"

Crusader Cage Hopes Include Six Veterans

At least six lettermen will be on hand when Coach LaMont Lee opens basketball drills sometime in November. The returning veterans include Ralph Unger, a guard who will be back for his fourth year as a regular; Merl Iles, a junior, who has played both forward and center while earning two letters; Millard Reynolds, two year veteran at guard and forward; Lloyd Hubbard, reserve center last year; Doug Powers, a guard two years ago, and Woody Beukelman, a three year veteran who operates from the forward post.

Three other veterans, Chet Galloway, Volney Johnson and Carlyle are also expected to return.

To fill the vacancies Lee hopes to find several outstanding prospects among the freshmen. Among newcomers expected to turn out are Skippy Wilcox of Seattle, Curt Beukelman from College High, and Myron Finkbeiner from Nampa Hi. In addition, Bud Baska, who has been out of action for two years with a knee injury, will return.

Loyd Hills, high scorer for the junior varsity last year, is another performer whom the Crusader mentor is counting on to strengthen the varsity.

The schedule for the coming season has not been completed but games will be played with Eastern Oregon, Northern Idaho, Boise Junior College, Southern Idaho, Seattle Pacific, College of Idaho and possibly with Weber JC, Whitworth, Idaho State and the University of Idaho frosh.

SERVICE RE-CALLS SIX

At least six members of last year's student body have been called back into the armed forces, according to reports received late this week. Those who have re-entered the service are Aaron Fulcher, Jack Knighton, Jim Deffries, Paul McNutt, Bob Pfenninger and Cecil Roark.

Improvements Made On NNC Campus

Extensive improvements were made during the summer in the high school building, Morrison Hall, Hadley Hall, the Speech Hall, and the Coffee Shop.

Desks and library tables have been refinished in the high school. New chairs were purchased for the study hall, administrative offices have been redecorated, the hallway refinished and stoops have been built out over the entrances to prevent rain from coming in the doorways.

The auditorium of the Speech Hall has been re-decorated and the floors have been refinished in Hadley Hall. In Morrison the parlor hallways have been re-decorated and new asphalt tile laid in the lobby. In the Coffee Shop an inlaid linoleum floor has been laid.

Trojan Eight-Man Grid Squad Slates Seven Games; Meet Greenleaf First

College High's Trojans will enter their first season of eight-man football competition after two years engaged in the six-man sport with a young and inexperienced team that boasts only three lettermen from last year's club which won four and dropped three.

The Trojans will be guided by Coach Elmore Vail who returns to the CHS helm after a one year leave of absence spent at the University of Idaho.

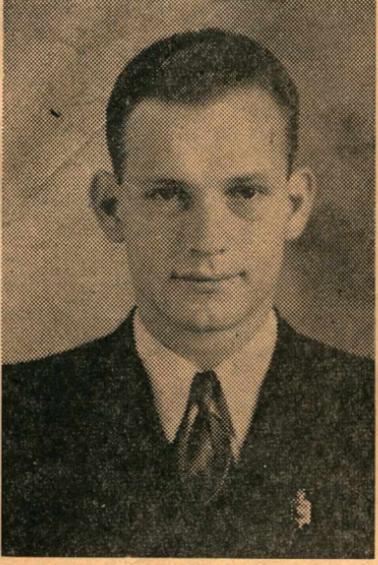

Four home games are on the slate including one night contest to be played on Oct. 13 with Greenleaf. The Trojans will play all their home contests in Bulldog Bowl.

Three lettermen will form the nucleus of this year's club. They are

Floyd Johnson and Junior Thompson, both guards, and halfback Wayne Thompson. All three are juniors.

Backfield candidates include Mose Rothenburger, Loris Benedick, Lorenzo Hopkins, Darrell Riesch, Jerry Williamson and Warren Russell. Prospective linemen are Leon and Donald Doane. End hopefuls are Philip Blum, Duane Olson, Arnie Van Hess, Paul Lawrence and Edward Manley.

The schedule:
 Sept. 28--Greenleaf (there, night)
 Oct. 6--New Meadows (there).
 Oct. 13--Greenleaf (here, night).
 Oct. 20--Cascade (here).
 Oct. 27--St. Teresa (here).
 Nov. 3--McCall (here).
 Nov. 10--Midvale (here).

NEW INSTRUCTORS STRENGTHEN FACULTY

Seven new instructors have been added to the college faculty and five to College High school. New to the college faculty are Hays Johnson, Leslie Parrot, Gilbert C. Ford, Elwood Sanner, Warren Franklin, Mrs. Florence Aller and Edith Anderson. Added to the CHS faculty are Elmore and Virgil Vail, Thelma Thompson, Ella Harris and Lauren Bozarth.

Johnson

Hays Johnson, a graduate of John Fletcher college, will replace Prof. J. E. Janosky, retired head of the business department. Mr. Johnson taught for nine years in Iowa and Minnesota before entering the air force. Since being discharged he has been pursuing graduate work.

VIRGIL VAIL

Rev. Parrott will occupy the newly created post of Dean of students and will teach some psychology courses. A number of the activities of the student personnel have been centralized into the new position and he will handle the general supervision of all students.

A graduate of Olivet, Mr. Parrott received his M. A. degree from Williamette University and has served as pastor and youth worker in evangelism for the past nine years.

Mr. Ford has been added to the physics and chemistry department and will serve as Dean of Chapman Hall. A graduate of the University of Colorado, Ford received his M. A. from Harvard and last June received his Ph. D from Harvard in the fields of electronics and atomic energy.

Warren Franklin, a graduate of NNC has been added to the music

department as teacher in voice and music theory. He will also direct the male chorus and the high school choir. Mr. Franklin received his M. Mus. degree from the American conservatory in Chicago and taught one year at the Chicago Exangelistic Institute.

Mr. Sanner will instruct courses in religion and theology, taking over some of the courses formerly taught by Prof. James McGraw, who left last year to enter the pastorate.

Mrs. Aller replaces Mrs. Margaret Koolhof as head of the Home Economics department and will teach classes in child development and family relationships. She will be assisted by Mrs. Edith Anderson, a graduate of NNC who will teach foods, clothing and related courses.

Added to the CHS faculty are Virgil and Elmore Vail who recently received their M. A. degree from the University of Idaho. Virgil will handle radio and science courses and

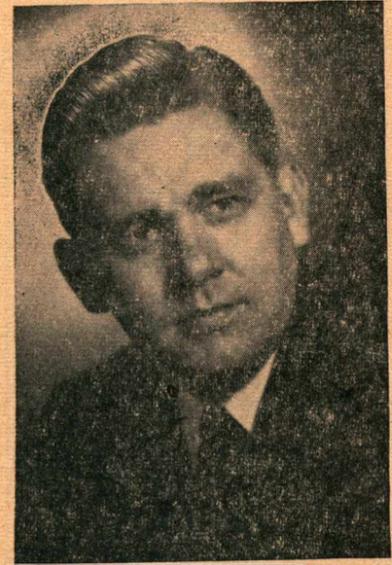

instruct the band and Elmore will be athletic director for the high school.

Thelma Waller Thompson, a graduate of NNC, will be instructor in business for the high school, Miss Ella Harris will have charge of English and French, and Lauren Bozarth will teach speech and journalism.

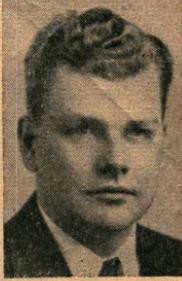

A man got into a taxi the other day and shouted at the driver: "Drive around the park 50 times."

The driver complied with the passenger's wishes. On the thirtieth time around the man tapped the driver on the shoulder.

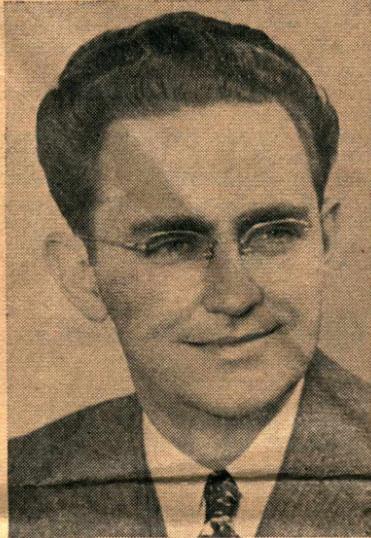

"Faster, cabbie! I'm in a hurry!"
