### 1955 Oasis Receives First Class Rating

The rating on the 1955 annual was recently revealed by the Oasis office.

The Associated Collegiate Press offers six divisions of honor ratings—All-American, first, second, third, fourth and no rating.

The 1955 Oasis was among the few yearbooks to be placed in first class.

NNC students can be proud of this recognition of their yearbook, which was due to the hard work of editor, Phil Peterson, and his staff.

## Prof. Eby Teaches At State School

Professor John Eby, has been instructing band classes at the State School since last August.

"We have a 25-piece band that does very nicely and has put on a demonstration where five or six schools have been represented," Eby reports.

"The boys and girls are interested and show amazing concepts in music. We feel that the best we can do for them is to provide for them any activity that makes life interesting to them."

"Our drum major is one of our own drummers who beats the cadence. The band puts on a very acceptable demonstration as a marching band although members do not play as they march," Prof. Eby related.

"We are trying to impress upon the pupils the importance of taking care of their instruments. We are making cabinets in which to store the instruments so others can't meddle with them.

"Developing the band is slow but rewarding. We teach the students to put the chairs in the proper order — with a stand before a desk with a corresponding number.

"We teach boys and girls the proper positions as indicated by a director. Teaching requires much repetition and much 'play' or entertainment to make it interesting for the youngsters."

as ever, Johnson was registering Monday for second semester classes here.

## LOOKING AROUND

with MARVIN BRUNSON

### SUCCESS OR FAILURE

"May you have much success." This was the parting wish of a gentleman I talked with downtown yesterday. Casual, yes; but the words held a mystery for me.

When do we have success? How do we reach it?

We hear of successful businessmen who drive big cars. Successful lawyers charge large fees. Successful doctors are very busy. People dream of successful teachers, successful campaigns, successful marriage—the ideal. But when do WE have it?

Success is to attain a goal sought after.

I am a Christian. And I want to be a successful Christian. How? Christ gave the answer when he prayed in Gethsemane, "not my will, but Thine, be done." (Lk.22:42)

When we can say this prayer sincerely, we are on the road to becoming a successful Christian.

## GNG and the "N" Club

Orchids to Gamma Nu Gamma and the "N" Club for doing such a splendid job of sponsoring the Tip-Off activities. The beautiful black velvet queen's robe, which was initiated for the first time, will be a tradition at Tip-Off games in the future; and we wish to express our special thanks to Gamma Nu Gamma for this. Also to the Art Club for decorating the Tip-Off stage and furnishing the crowns. We immensely enjoyed Tip-Off and the Homecoming Reception, and we appreciate

## Lt. Howard Johnson Lands Safely

Boise — You're up in the clouds in an F94 jet. Your radio compass is failing. You can't feel your way down because you might crash into the mountains. You're almost out of fuel. What would you do?

Confronted with that situation, Lt. Howard E. Johnson of the Air National Guard who lives in Nampa and attends NNC, sent an emergency signal Sunday to the control tower at Gowen Field, near Boise.

The tower notified the 190th Fighter squadron operations and Maj. Don Raine ran to another F-94 on the line and prepared to make a scramble take-off to see if he could find and assist Johnson by leading him back to the airport.

Meanwhile, traffic controller, John Maw used the field's every effort which made it a success!

rection finder to establish Johnson's position. He then guided him in to a safe instrument landing. He landed with only a few minutes' fuel remaining.

Johnson, flying from Salt Lake City, might have parachuted to the ground, but he decided to stick with the plane. Officials of the 190th Fighter Interceptor Squadron praised him for his coolness.

They explained that when his radio compass failed, he lost all ability to determine his position above the ground. His ordinary magnetic compass was working, but it merely showed direction, not his position relative to any fixed point.

### WAS IN CLOUDS

Being in the clouds, he could not let down without the radio compass for fear of striking the mountains nearby.

Johnson confessed Monday that he was worried when the compass first stopped working.

"I was turning in my let down at about 9000 feet when I noticed the needle didn't move," he said. "So I hit the burner and went back up."

But safe and sound and calm

## NNC Tops St. Martins for Second Time, 69 to 49

By Wally Brown

The Crusaders ran their winning string to eight in a row Saturday night by downing the St. Martins Rangers 69-49 in a non-league tussle in Central Gym.

The victory was the second in two nights for the Crusaders over the Rangers. Friday night, playing in the College of Idaho's Kirkpatrick Gym, the Crusaders won 79-49.

Tonight the NNC cagers may be in for a little more competition when they tangle with the Boise Junior Colleg Broncos in the new BJC Gym. These two teams meet again next Monday night, this time in Nampa's Central Gym. Both of these encounters are Intermountain Conference contests.

## JVs in Gooding Tourney

By CLIF OLESON

The NNC junior varsity left for Gooding, Idaho, Wednesday afternoon to participate in a three-day basketball tournament.

This marks the second annual appearance of the JVs at this outlaw tournament which has entries from several strong independent teams. These teams come from all over the Southern Idaho area.

Last year the JVs finished third in the tournament besides walking off with several individual honors and the sportsmanship

## Olys and SLAs Share Cage Honors

By Jerry Cavin

Another successful semester of intra-mural basketball was completed on the NNC campus last week. The pre-season expectation of the Olys running away with the title just about came to pass. However, the SLAs came up strong, after an early season defeat by the Olys, to share top honors.

The LSPs and ADPs were tied for third place. On the basis of total points scored it was Olys, SLAs, LSPs and ADPs, in that order.

This semester's high scorer, both for his society and the league, was the Olys' "Bugs" Olson, who dropped in a total of 49 points. Not far behind was team mate Bob Willard with 46.

The top point getter for the LSPs was Lyle Taplin, with 39. Woody Beukleman led the SLAs with 25 and Bob Brooks contributed 29 for the cellar dwelling ADPs.

trophy.

The team will be playing without last year's player-coach, Myron Finkbeiner, who sparked the team throughout the tourney. Also they will miss the services of Al, "T-Bone" Freeman, who is ill.

## 'Saints' Hand 'Trojans' First Defeat

The College High Trojans slipped from the ranks of the undefeated Tuesday night as they were edged 46-44 by a hustling squad of St. Teresa Saints in the Northwest Nazarene College Gym.

The loss brought the Trojans' overall record to 8-1 and their Skyline Conference mark to 4-1.

It was a fourth-quarter surge by the visiting Saints that brought on the destruction of the College High crew. During the first three periods, the Trojans never trailed the Saints.

The game was very close all the way, however, with College High ahead only one point, 8-7 at the end of the first quarter, and only two points, 24-22, at the half. The end of the third quarter found the two teams equally close with the Trojans in front 36-35.

Immediately after the start of the final stanza, Abrusa scored for the Saints putting them in front 37-36 and the Trojans were never in front again.

With 30 seconds left in the game, the Saints were ahead five points, 46-41, and were stalling as they had for the pre-

The preliminary contest between the junior varsity teams from the two schools was an equally close battle with the Saints ending up on the winning end of a 39-38 score.

### Cupid's Corner

On January 3, 1956, Mr. and Mrs. Russell D. Pittman of New Plymouth, Idaho, announced the engagement of their daughter, Hannah, to Enas Wilson. Hannah is currently enrolled as a sophomore at N.N.C.

In case you haven't already heard, Cupid takes this opportunity to announce that Miss Noreen DeJong, former **Crusader** editor, is now Mrs. Wally Wiczorek. Vows were exchanged on December 18, 1955, in Mitchell, South Dakota.

### Nine-to-Five

Have you noticed the tricky little suggestion box which now decorates the Registrar's office, or have you caught a glimpse of a copy of the "9-to-5 File" which came off the press just this week? The Nine-to-Five Club, which is responsible for these items, held a luncheon Wednesday noon in the Morrison parlor. The program centered around a panel discussion on office filing, led by Joy Tink.

### Circle "K"

Mr. Roscoe Bedige, refugee from Hungary, gave a thrilling account of his escape to America at the Circle K luncheon held on Friday, January 20, in the Morrison Hall Parlor. He is sponsored as a displaced person by Keims Packing Company.

## Medical Schools Recommend May Admission Test

Princeton, N. J., January 16: Candidates for admission to medical school in the fall of 1957 are advised to take the Medical College Admission Test in May, it was announced today by Educational Testing Service, which prepares and administers the test for the Association of American Medical Colleges. These tests, required of applicants by almost every medical college throughout the country, will be given twice during the current calendar year. Candidates taking the May test, however, will be able to furnish scores to institutions in early fall, when many medical colleges begin the selection of their next entering class.

## Al Freeman In Hospital

Al Freeman, a sophomore athlete, was admitted to the hospital Wednesday afternoon with pneumonia and complications.

As a result of this illness Freeman will be unable to play basketball the rest of the season. He had averaged 13 points in 7 games so far this year. Last year he averaged 9 points for 28 games. He is hoping to be able to participate in track this spring. He lettered in track last year; running in the high hurdles, low hurdles, and 880 yard dash.

Freeman comes from Seattle, Washington, and is a member of the Olympian society.

## Queen Mary I

The setting for the coronation of Queen Mary I, the 1956 Homecoming Queen, was a star surrounded palace. The identity of the queen was not revealed until all the royalty had been ushered in and the honor guard had retired. Then as the curtains opened, Queen Mary slowly turned around to be introduced to the audience. Lending dignity and beauty to the coronation was a black, gold - trimmed, velveteen robe, which is to become a traditional part of the coronation. This robe was a project of the GNG.

The queen and her court and the team were honored at a reception held in the candle-lit dining hall of Morrison, with two-hundred guests in attendance.

Following the introduction of the alumni by Orrin Hills, a toast was given the queen by Hal Weber. To complete the program the group was honored by two special numbers in song, by Miss Ronnie Jo Yount.

## CWB Chariot Journeys

If you have noticed, during these few days vacation, that many students have been missing from the campus, we just want you to know that they are CWB workers on missions. Everywhere reports are coming in of the wonderful revivals and meetings that groups have held. Among the many groups were the Victory Vocaliers who went to Spokane with Bob Harmon doing the preaching. A new quartet consisting of Doris Miller, Max Jenkins, Rolly Becker and Kathy Griffith went to Julietta with Roxie Hull as pianist. Gene Hansen did the preaching.

Jim Martin and the Ambassadors went to Colfax, while Dee Freeborn and Paul Anderson, along with the trio, Mary Lou Oldenkamp, Allan Rodda, and Rosie Aman, went to Kalama, Wash., where Dick Ivester is now the pastor.

Another trio was Donna Murray, Jean Wilson, and Ken Roddenbush, who went to Grangeville. Maurice Palmquist did the preaching.

Other groups and musical ensembles have gone out and returned to tell of the victories and blessings. CWB is doing a great work and are growing for their efforts.
