

Northwest Nazarene College Granted \$425,000 Loan for Construction of New Women's Dormitory

CWB Meets In Chapel Tonight

Under the leadership of president Al Jones, the Christian Workers Band is preparing to make this a spiritual year at NNC as all participate in the areas of service provided. The first meeting will be held at 8 p. m. tonight in the chapel.

Officers working with president Al Jones are vice president, Gordon Olsen; secretary, Kathy Pershall; treasurer, Gordon Miller; and program chairman, Joan Ogburn. Rev. Sanner was chosen as sponsor for the club.

One of the activities of CWB is singing in the rest homes. Group leaders who will have charge of this activity, as well as preparing for special revivals are Paul Barber, John Wright, Jerry Dirkse, Dick Etulain, Don Hoff, Gordon Olsen, and Jack Wright.

The theme chosen for this year is "The Exalted Christ." The scripture verse, "And I, if I be lifted up from the earth, will draw all men unto me," should be the purpose of every activity of this Christian organization.

Club meetings will be held twice monthly in the chapel. Some of the programs planned include special speaker, Miss Helen G. Wilson, who will tell of her experiences in the Salvation Army; a film; and a co-operative service with College Church during the Week of Witnessing. President Al Jones says, "We are planning programs which we hope will have so much inspiration and challenge that no one will feel that he can afford to miss."

Enrollment Exceeds 550 Mark; Freshman Class Largest With 198

Enrollment figures for the 1958-59 school year reveal that 290 men and 261 women are regularly enrolled at NNC for the first semester. Freshmen pace the mark with 198—incidentally, there are 99 men and 99 women in this class.

Sophomores lead the juniors by two, number 128, with the fellows edging out the girls 68-60. Juniors total 126 and have a closer distribution, 64 men and 62 women. Men again have the quantity in the senior class, topping the women by a 55-40 margin.

NORTHWEST NAZARENE COLLEGE, NAMPA, IDAHO

Friday, September 26, 1958

Friesen, Gray New Dorm Heads

Mrs. Dave (Emadee) Friesen, "Mom" Friesen to 25 Hadley girls, is working full time in the registrar's office besides fulfilling her duties as head resident at Hadley Hall. Born in New Mexico, Mrs. Friesen moved to Arizona at the age of two. There she received her grade school and high school education, taking her college work at Pasadena College where she majored in education.

She was employed by the telephone company for three years and was administrative assistant in a California grammar school. Married in 1948, the Friesens have one son, 4 year old "Davey," who is very conscientious about announcing "man in the dorm" as he passes down the halls of Hadley. Mr. and Mrs. Friesen have had considerable experience working with young people, sponsoring youth groups in churches in Arizona for a number of years.

Mrs. Friesen's parents still reside in Yuma, Arizona, where her father is beginning his 25th year as County Recorder for Yuma

County. She has one older sister who is a music instructor in Yuma. Her husband, Dave, is continuing his college work at NNC this year, majoring in education. Mrs. Friesen has already endeared herself to the girls in her dorm, having proved herself as a real friend and a devoted Christian.

Miss Gray

Miss Evelyn Gray of Lubbock, Texas, is new head resident at Mangum Hall and instructor of three psychology classes and the new course offered to NNC's students this year in audio-visual education. At present Miss Gray is working toward her doctorate degree at Texas, Tech.

Miss Gray comes to us with an interesting and varied background in the field of education. She has a rich heritage, her father being head of the Christian Counseling Service in Lubbock. Miss Gray has one older brother and a younger sister, Carol, who is a junior at NNC this year. Seventy-one girls are looking forward to an exceptional year under the able counseling and guidance of Miss Gray.

Annual Workers Report Progress

Remarkable progress has been made on the school yearbook, the Oasis, considering that school has been in session for such a short period of time.

Mrs. Noel Fitch, editor-in-chief, said that a "dummy" has already been turned in to the printers. The "dummy" is a tentative layout or diagram of the yearbook. Actual plans for the yearbook are further

AWS Designs Year's Activities

Associated Women Students, the club for women students exclusively, plans for this year include Twirp Week, the Pajama Party, Thanksgiving Banquet, and Heart Sister Week. The Social Patterns dinner held Sept. 15 gave new students an opportunity to see the dining hall at its best, as well as some of the campus talent.

President of the club is Ruby Keating. Working with her are vice president, Kitty White; secretary, Barbara Kiel; treasurer, Florann Pywell; program chairman, Marilyn Hartley; assistant program chairman, Orene Maurer; chaplain, Phyllis Hickerson; public

Student Officer Retreat Scheduled for Oct. 3-4

Plans have been formulated to hold the Student Officer's Retreat Oct. 3-4 at Lake Village, Payette Lakes. All clubs and organizations will be represented at this annual retreat.

Jerry Hull, ASB president, says that the purpose of this retreat is to help all clubs and organizations work together for a successful year. This is hoped to be accomplished by discussion groups for the officers while at retreat.

Discussion groups will talk about the duties and problems of incoming officers, social activities of the year, and public relations. Other activities for the officers at the retreat will include fireside devotionals, recreation and boating.

Closed Night Coming Sept. 27

Last year's winner, the Spartan society, will be urging all members to attend the annual Closed Night event tomorrow night. The five other societies likewise will be competing to earn the 400 points awarded for the first place in this event.

The winner of the closed night competition will be the society having the largest percentage of its total members in attendance. Only society members are counted.

Points toward the faculty loving cup are distributed among the six societies with 400 points given for first place; 300 for second; 225 for third; 175 for fourth; 125 for fifth, and 75 for sixth place.

Meeting places for the various societies are: Spartans, chapel; SLA's, gym; Oly's, Speech Hall; LSP's, Dining Hall; Athenians, Music Hall; and ADP's, Mangum Hall.

The purpose of Closed Night is to get acquainted with the students within each society and to discover

Building Starts in March; Expects Finished by Fall

Word was received recently that NNC has been given approval of a \$425,000 federal loan for construction of a new women's dormitory. The new dorm will be built east of Morrison Hall. Construction is scheduled to begin March 15, 1959, with completion in time for the fall term, 1959.

The dormitory will be built to house 120 women students. Hadley Hall will be discontinued and a student union building will be built on its site as soon as funds are available.

The loan was obtained through the San Francisco office of the Federal Housing and Home Finance Agency.

The construction of this dormitory is part of a ten-year building program at an estimated 1½ million dollars. This plan was approved last week by the Board of Regents of Northwest Nazarene College.

Other buildings to be constructed as soon as funds are available, in the order of construction, are student union building, a science building, a physical education building, a fine arts or classroom building.

NNC president, Dr. John E. Riley, said that additional plans along with these major constructions will be to enlarge the dining room and kitchen, to convert the entire campus to natural gas, to complete the athletic area, to enlarge the library, and to complete other general campus improvements.

Other business of the regents included approval of the organization of the Intermountain College's Association of which NNC, College of Idaho, and Westminster College of Salt Lake City are members.

The tri-city college organization has been established to further the interests of non-tax supported institutions of higher education in five intermountain states.

Mr. Marvin Sporleder gave his first report as newly appointed development representative for the college. He is now representing the work of the institution throughout the Boise Valley.

Burkhart Unfolds CMA Measuring Minister's Chart

"Let us unite the two so long divided, intellect and vital piety." These words of John Wesley were chosen as the theme by Prof. Sanner for his address to the first meeting of the Collegiate Ministerial Association. Broken down into words it means, "We don't need dumb preachers." His challenge was two-fold. First to be spiritual, and second to be intelligent.

CMA president, Roger Burkhart, presented the self-elevation chart for a young minister's four years at college. Freshman year: memorize 100 verses of scripture and preach 2 sermons. Sophomore year: memorize 7 chapters of the Bible and preach 4 sermons. Junior year: memorize your favorite book of the Bible and preach 10 sermons. Senior year: memorize 100 verses of your choice; preach often, including a week-end revival.

The theme chosen for the year is found in Acts 6:4, "We will give ourselves continually to prayer and to the ministry of the word."

The code of ethics was presented by Jack Wright and final suggestions for the code will be received at the next meeting.

Plans were laid for a weekly meeting of all CMA members for a noon session together. This would be a combination of fellowship and a time for discussion of some contemporary topic.

GRADUATES RETURN

Nine New Teachers Join Teaching Staff

Enrollment Exceeds 550 Mark; Freshman Class Largest With 198

Enrollment figures for the 1958-59 school year reveal that 290 men and 261 women are regularly enrolled at NNC for the first semester. Freshmen pace the mark with 198—incidentally, there are 99 men and 99 women in this class.

Sophomores lead the juniors by two, number 128, with the fellows edging out the girls 68-60. Juniors total 126 and have a closer distribution, 64 men and 62 women. Men again have the quantity in the senior class, topping the women by a 55-40 margin.

As in previous years, many students who have enrolled have brought a reputation with them. A few of these students have been spotted for you. Transferring from Olivet Nazarene College for his senior year is another Mattson music major. This one is Merwyn Matson from Britt, Iowa. Prior to enrolling at NNC, Merwyn toured his educational zone as a member of the Ambassadors male quartet, besides taking part in almost all of the musical organizations offered at this sister institution.

Already proving her leadership abilities is Glenda Anderson, the new president of Hadley Hall. Her many activities, ranging from music to student government to speech at the hometown high school in New Brighton, Minn., qualified Glenda for the activity scholarship she was awarded by the NNC scholarship committee.

Carol Gray, a junior transfer from Bethany Nazarene College, hailing from Lubbock, Texas, is continuing her previously active campus life by serving as news editor on the Crusader this year. She'll also be working as secretary to Mr. Tillotson.

Elected student body president at Orofino, Idaho, last year was Neil McKay, another of the many outstanding new freshmen. Neil is also continuing a fine family tradition, being the seventh of the seven children of Rev. and Mrs. W. L. McKay to attend NNC.

One of College High's noteworthy students to be enrolled in college this fall is Ann Huntington. Active in every phase of high school life, Ann plans to become a missionary nurse. Last spring the Babe Ruth award was presented to her during the last chapel in recognition of her activities and service to College High School.

From Kuna comes Wes Aman, who ranked second in his high school class and is using a Sears Foundation Merit Scholarship to help ut him through college.

Annual Workers Report Progress

Remarkable progress has been made on the school yearbook, the Oasis, considering that school has been in session for such a short period of time.

Mrs. Noel Fitch, editor-in-chief, said that a "dummy" has already been turned in to the printers. The "dummy" is a tentative layout or diagram of the yearbook. Actual plans for the yearbook are further ahead this year than they were last year at this time.

Any new students who have had some experience with yearbooks in high school are welcome to drop into the editor's office located in the Speech Hall.

AWS Designs Year's Activities

Associated Women Students, the club for women students exclusively, plans for this year include Twirp Week, the Pajama Party, Thanksgiving Banquet, and Heart Sister Week. The Social Patterns dinner held Sept. 15 gave new students an opportunity to see the dining hall at its best, as well as some of the campus talent.

President of the club is Ruby Keating. Working with her are vice president, Kitty White; secretary, Barbara Kiel; treasurer, Flornann Pywell; program chairman, Marilyn Hartley; assistant program chairman, Orene Maurer; chaplain, Phyllis Hickerson; publicity chairman, Jackie Soderholm; and high school representative, Phyllis Fletcher. A freshman representative is to be elected at the AWS chapel program Sept. 29.

This year's sponsors are Miss Helen Wilson, Dean of Women, and Mrs. John E. Riley.

Personnel Committee Formulated For More Efficient Administration

Miss Helen Wilson

Mr. Elmore Vail

Wilson, Vail, Tippitt Compose Council

The administration of NNC has appointed a committee to be known as the "Personnel Committee." This committee is composed of three faculty members: chairman, Mr. Warnie Tippitt, who is also Dean of Men and director of the Crusader Choir; secretary, Miss Helen G. Wilson, who is also the Dean of Women, director of publicity and adviser to NNC's Crusader; adviser, Mr. Elmore Vail, who is the director of the Intramural athletic program.

Some of the responsibilities of this committee are: to help student-faculty relations; to handle all student problems that require administrative action; to investigate and approve all campus residence; and to handle all excuses for chapel absences. An additional responsibility of taking care of discipline problems has been given to this committee.

The purpose of this committee is to see that the problems which arise are taken care of as quickly as possible. In the past these problems had to be taken to the Administrative Council, which in turn had to make investigation in order to become acquainted with both the problem and the person. The administration feels that these matters can be taken care of more personally and more quickly by this new committee.

Regularly scheduled meetings of the personnel committee are scheduled for 11:20 each Friday, and other meetings when deemed necessary.

The winner of the closed night competition will be the society having the largest percentage of its total members in attendance. Only society members are counted. Points toward the faculty loving cup are distributed among the six societies with 400 points given for first place; 300 for second; 225 for third; 175 for fourth; 125 for fifth, and 75 for sixth place.

Meeting places for the various societies are: Spartans, chapel; SLA's, gym; Oly's, Speech Hall; LSP's, Dining Hall; Athenians, Music Hall; and ADP's, Mangum Hall.

The purpose of Closed Night is to get acquainted with the students within each society and to discover new talent.

Mr. Hoyt Joins NNC Kitchen Staff

Another new member has been added to the staff of NNC, in the person of a head dietician. Mr. E. Marion Hoyt will direct the entire dining department on the college campus. Mr. Hoyt was formerly State Director of the School lunch program in connection with the Department of Education for a number of years. Mr. Hoyt also held a pastorate at this time.

Mrs. Geller and Mrs. Jacobson will continue in supervisory capacity. Two new cooks this year replace Mrs. Manley and Mrs. Thompson. Mrs. Violet Brown has been head cook at George Fox College and at the hospital in Newberg, Ore. Mrs. Irene Kelly was formerly employed as first cook at Samaritan Hospital in Nampa. Temporarily, Mrs. Mable Hoyt is filling in for Mrs. Massey until she recovers from an operation.

Plans are now in form to enlarge and completely redecorate the dining room. This will be done as soon as the government funds, which have been applied for, are made available.

Mr. Warnie Tippitt

The theme chosen for the year is found in Acts 6:4, "We will give ourselves continually to prayer and to the ministry of the word."

The code of ethics was presented by Jack Wright and final suggestions for the code will be received at the next meeting.

Plans were laid for a weekly meeting of all CMA members for a noon session together. This would be a combination of fellowship and a time for discussion of some contemporary topic.

GRADUATES RETURN

Nine New Teachers Join Teaching Staff

Nine NNC graduates have joined the teaching staff this year.

Prof. Marvin Bloomquist

Back on the campus is Marvin R. Bloomquist. While at the University of Minnesota, Mr. Bloomquist earned a master's degree in music. Also he served as Minister of Music at Minneapolis First Church and assistant director of the University of Minnesota Glee Club.

Prof. Milton Dean

An addition to the Biological Science Department is Milton L. Dean, who has recently completed his master's degree at Oregon State College. Prof. Dean served as an instructor in the Department of Botany at Oregon State during the two years he pursued graduate studies.

Prof. Chester Galloway

Prof. Chester O. Galloway, having completed his master's degree in religious education at Southwestern Baptist Seminary in Dallas Texas, now joins the faculty as an instructor. He graduated from Nazarene Theological Seminary in 1955 and then spent a period of time working toward his master's degree and serving as Director of Religious Education at Dallas First Church. Mr. Galloway is better known around NNC as the Minister of Education and Visitation at College Church.

Miss Evelyn Gray

Miss Evelyn Gray comes to NNC from Texas Technological College where she has been working toward a doctorate. She studied at the University of Colorado during the first part of the summer. Miss Gray obtained a master's degree in education and psychology at Texas Tech., with honors, in 1956. During the past three years she has been on the staff of the Lubbock, Texas public schools. She served on the Texas Text Book Committee to choose mathematics books for state adoption. She also served on a mathematics text book committee for the public schools in Lubbock.

Mrs. Lillian Lewis

After pursuing graduate studies at the University of California, Mrs. Lillian Lewis of Nampa has been added to the faculty in the Department of English. She has had wide teaching experience, teaching in public schools in New Mexico and Idaho. Mrs. Lewis was added to the faculty of College High School in 1954.

Prof. Arthur Manchester

Prof. Arthur H. Manchester began his teaching duties at NNC this summer after receiving his master's degree in German from the University of Colorado. As a Dankstipendien scholarship student Mr. Manchester spent a year in Germany where he studied the language. Last year he was on the instructional staff of the German Department of the University of Colorado.

Prof. Robert Woodward

Joining the staff of the history department is Robert C. Woodward after being engaged in doctoral studies at the University of Oregon. A native of New York, Mr. Woodward taught social studies in the Boise schools before coming to NNC. In 1955-56 he studied at the University of Oregon on a Ford Foundation Fellowship. He received is M. A. in history in 1956.

Prof. Howard Zink

Rejoining the faculty this fall is Prof. Howard E. Zink who will teach economics. Mr. Zink completed his master's degree on a science scholarship to the University of Colorado this spring. Also, he has taught in the public schools of Nampa and Kuna where he served as high school principal.

Prof. Elmore Vail

Mr. Elmore Vail, M. S. (Ed.), who served the past year as principal of College High School is joining the college faculty. He has had teaching experience at College High and Olivet Nazarene College. Mr. Vail will be the Director of Intramural Activities.

★★ *Editorial Comment* ★★

"FIND AN ISSUE—AND PURSUE IT"

"Find an issue that is vital—and pursue it!" That is the challenge I would give each of us as we begin a new school year. Set a goal for this college year and strive toward that goal every day. When you wake up each morning, think of something that you can do in the next 24 hours that will help you to progress one step closer to your goal.

As our student body president, Jerry Hull, delivered his inaugural address last week to the student body, he said, "If I'm going to do my best, I've got to accomplish." If each of us will set up a goal that is attainable, work on that goal little by little each day, we will accomplish. As Jerry pointed out, our goals must be backed by determination. If we are determined to the extent that we would even do our best every day, we would accomplish much more than we do in one day now.

My first challenge to you would be to take time to put God first no matter how busy your schedule. A daily devotional life is more important as pressures of the everyday life increase. Let's give the Lord both time and talent.

I would also challenge you to make some goals for yourself. College life is usually not boring, but it is much happier if we are working toward something a little bit higher than what we now have.

But in our concentration to set higher goals for ourselves, let's not forget others. As someone has said, "The best way to be happy is to make someone else happy." Remember, there may be someone that needs a friendly smile or a pleasant "hello." Let's be happy by making others happy.

MUSICAL NERVES

By RUTH OLIN

Of all the lines for waiting that were endured by our tired feet so recently, the one causing more disordering of nerves was that for voice try-outs. If you were in it, further description of this ordeal is vain, but if you were not, I shall try to describe with mere words the various ways this line strained the emotions and nerves of those who survived it.

While waiting in this musical line I observed clearly the nervous

Suddenly called out of town, Paul Harvey, the Chicago news commentator, told a new secretary: "Write Allis-Chalmers in Milwaukee. Say that I can't keep that appointment Friday. I'm off for Texas. I'll telephone when I get back. Sign my name." Upon his return, Harvey found this carbon waiting:

Dear Alice:

I'm off for Texas and can't keep that date. . .

Harvey promptly phoned the

By JIM FRANKLIN

World Events Pass In Review

Top drawer propagandists of the Soviet Union must be "jumping for joy." They certainly have gained an advantage from the "anti-segregation" forces in the southern United States and the recent race riots in England. All they have to do is spread throughout Africa and Asia the idea that the two great powers of the West aren't really for the brotherhood of man as they claim they are.

Little Rock—Six prominent businessmen have set up a corporation to reopen schools. Their plan is to open former public schools as private schools. As of this writing, schools are closed and TV classes are being used.

Van Buren, Ark.—The local high school which has been scheduled to integrate this fall ran into several problems. Some 55 of the so-called "duck tail" set protested the order by picketing the school. By obtaining legal advice they won a stay of integration from a District Court.

Then arose a modern "Joan of Arc" at an open school board meeting. This was 15-year-old Angie Evans, the young student body president of the high school. She said in part that "Negroes have a right to attend our school. Have you thought what you make those Negro children feel like, running them out of school?" She also reported that she had conducted a poll of the students and found that they were almost two to one in favor of letting the Negroes into the school.

Asked later by a reporter why she had taken such a stand, she said, "I just don't think segregation is a Christian thing."

New Orleans—The campus of Louisiana State University has been the scene of small outbreaks of incidents of less than a violent nature. LSU admitted a few Negro students this year. But the administration has warned that should any violence occur, that those participating in an aggressive nature would be expelled from school.

China: Vest Pocket War

What audacity! Red China seeking a seat in the United Nations after starting a small war on its own coast. They must think that the other nations of the world will love them for threatening world peace.

They have threatened the United States with war if the U. S. doesn't stop helping the Nationalists and stop interfering with their man-

Chevy's Foremost Car on Campus

By DELORES KALKBRENNER

Do you get that run-down feeling when a car hits you?

It will probably be a fellow from NNC who hits you since 140 guys have cars and only seven gals.

A general survey shows 32 freshmen, 44 sophomores, 35 juniors, and 36 seniors have cars. Nineteen different makes are represented with Chevrolets in the lead with a total of 46. They were most popular with the juniors driving 14 of them.

The sophomores take the lead with 11 of the 31 Fords. Plymouths take third place with 18 cars and the seniors drive 10 of these. Following in this order is the Studebaker, Oldsmobile, Dodge, Buick, Mercury, and other numerous makes which have only one representative on campus. There are six foreign-made cars of which two are Volkswagens. The oldest listed was a 1929 Chevrolet.

Of the seven gals with cars none are freshmen. They must be confident they'll get rides. All girls take courage—if a car hits you, your chances are one out of twenty it may be a fellow, which might be to your advantage.

History of Hadley Hall Unveiled

By GLENDA ANDERSON

As a new school year begins at NNC, we are aware that this is indeed a most significant year. Fifty golden years of Nazarene history have been brought before us. In our heritage we can see how NNC has been instrumental in molding persons whose lives have been used of God all around the world. Looking about on the campus we see how the Lord has blessed and how NNC has grown.

NNC began with a class of 13 pupils in 1913. The school campus consisted of a little Mennonite Church on a corner in Nampa. By the 1915-16 school year an administration building was under construction. In that same year the north wing of Hadley Hall was built for boarding students.

"Ma and Pa" Hadley looked after the students. There was never anything questionable in the conduct of the dormitory students that year. Prescott Beals undertook to care for some of the troublesome grade students, taking them to the "Shack" of the campus for "moral-suasion."

After a few years, Hadley Hall became the home of the central heating plant. The heating system installed prior to this time, though it cost \$2,500, was really a makeshift put in next into the first unit of the dormitory. It consisted of

Across the Pastor's Desk . . .

EXHIBITION OR INHIBITION?

By REV. EUGENE STOWE

Thanks to the kindness of the Crusader editor, it will be my privilege to chat with you in this column each issue of this school year.

The football season is in full swing across our land at this season. Each week thousands of spectators jam high school and college stadia to see twenty-two young men wage desperate warfare on the gridiron. One of the most interesting parts of any game is the activity which takes place during the half-time rest period.

Recently I watched a telecast of a typical half time. The highlight of the festivities was the execution of maneuvers by ten bands representing the high schools of that metropolitan area. At one stage in the proceedings, each band marched to a designated section of the field and arranged itself so as to spell out the name of its school in human letters. As I watched this spectacle I thought, "There's a lesson from life!" In a very real sense, every day that we live we are on exhibition before our world just as surely as those bands in that stadium. And by the everyday actions of our lives we are spelling out the name of the institution which we represent.

For these days of this school year, each one of us who is associated with Northwest Nazarene College will be spelling out its name as we perform our daily routines. Those who pass by our campus will not judge the college by its buildings and grounds so much as by its students. If all they see is childish "horseplay," naturally their estimate of NNC will go down.

On the other hand, students who act like they know where they're going and what they're doing will make an impression of maturity which will upgrade our school's stock with those who observe us. Just as important is student deportment around town. The temptation to "goof off" publicly can and should be resisted when you remember that you are Mr. or Miss NNC to our Nampa townspeople.

Let's proudly spell out the name of our college this year in careful, Christian conduct which will bring respect to the school which we love!

YOUR PRESIDENT SPEAKS AS I SEE IT . . .

By JERRY HULL

Two factors are responsible for all of our being here on campus as students—either we wanted to attend NNC or someone else (Dad or wife) was determined that we come to Nampa. As president of our student body, I am glad that all of you have chosen NNC. I have been pleased with the way all functions have gone smoothly and the wonderful atmosphere that has prevailed.

However, there have been a few reasons to become deeply concerned. "Friendliness" should be a key word on this campus, but there have been a few instances to make

Ridgeway Visits Alma Mater

By JIM FRANKLIN

Jim Ridgeway, who graduated from NNC in 1957, attended George Washington Law School in Washington, D. C. last year. While he was attending school, he also worked under Idaho's junior Senator, Frank Church, in the Senate Office Building.

Jim attended several outstanding sessions of the Senate. Of special interest were the times when the Hell's Canyon and Alaska Statehood bills were passed. He was also present when the first Civil Rights Bill to pass Congress in a decade was victorious. He at-

But in our concentration to set higher goals for ourselves, let's not forget others. As someone has said, "The best way to be happy is to make someone else happy." Remember, there may be someone that needs a friendly smile or a pleasant "hello." Let's be happy by making others happy.

MUSICAL NERVES

By RUTH OLIN

Of all the lines for waiting that were endured by our tired feet so recently, the one causing more disordering of nerves was that for voice try-outs. If you were in it, further description of this ordeal is vain, but if you were not, I shall try to describe with mere words the various ways this line strained the emotions and nerves of those who survived it.

While waiting in this musical line I observed clearly the nervous chatter. When the door opened (which was about every four solo minutes), everyone stiffened into a dead silence as though in memorium for the unlucky one about to enter. I never did quite figure out whether those in line were waiting to get to the head or preferred to wait it out where they were. Occasionally from within, we on the outside could hear the victim vocalizing, whereupon those in line would join in to see if their voice boxes were still in working order.

Even I succumbed to this pre-test when I discovered I was nearing the end of my wait. Secretly I hoped this outside vocalizing would lend me the much needed support I knew I would need when my time arrived. The only thought that bothered me was that if I could vocalize loud enough for the waiting line to hear me, I really wouldn't need their support.

At first I could not understand why no answers were forthcoming from those who eagerly made their exit from behind the door. We in the line had many questions which were only to be answered by ourselves. All we could see was the same feeble smile and swift retreating steps of those who had gone before.

Of course I had several advantages. The best one (the only one I can think of now) was that I was a senior. All seniors have this advantage and it is nice to have. However, this advantage melted like a lump of butter on hot gingerbread ere my turn came to stand before the "Big Three."

Really though, I learned that the try-out test itself was not bad at all. In fact, if I had not had a cold and gotten so nervous from watching the others come and go, I could have done quite well. As it was, I think I flunked!

If you don't crown Lord of all, you don't crown Him Lord at all.

Dear Alice:

I'm off for Texas and can't keep that date. . .

Harvey promptly phoned the tractor division and said, "I hope you haven't received a certain letter."

"Received it!" came the reply.

Crusader Policy

One of the main purposes of a newspaper is to voice the opinions and views of its readers. This is especially true of a college paper, and more specifically of your newspaper, the Crusader. If a newspaper fails to express the ideas of its readers, it has truly lost a main objective.

It is our desire and intent to place in print the material which you wish to read. However, your cooperation is a necessity. We trust that more of you will take the time to put into concrete words your many ideas which would prove helpful to all concerned if printed. The Crusader is one of the few channels on campus through which you can effectively put action to your words.

While we desire your opinion and wish to print your personal views as you believe them, please consider the following facts before you submit your writings to the Crusader.

1. All opinions and views expressed must be in keeping with the standards of the Church of the Nazarene and the policies of Northwest Nazarene College.
2. All material submitted will be subject to change in grammatical, literary, or journalistic style if deemed necessary by the faculty sponsor, the copyreader, or the editor.
3. Material should be typewritten, with double spacing.

THINGS TO FORGET

- The mean things others have said about you.
 - The injury any person has done you.
 - The mistakes you have made in the past, except as they may warn you in the future.
 - The kindness you have tried to do others.
 - The ill-natured gossip you have heard concerning others.
 - The secrets entrusted to your confidence.
 - The worry that hinders your happiness.
 - The drawbacks that seems to stand in the way of your success.
- Baptist Observer

tion is a Christian thing." New Orleans—The campus of Louisiana State University has been the scene of small outbreaks of incidents of less than a violent nature. LSU admitted a few Negro students this year. But the administration has warned that should any violence occur, that those participating in an aggressive nature would be expelled from school.

China: Vest Pocket War

What audacity! Red China seeking a seat in the United Nations after starting a small war on its own coast. They must think that the other nations of the world will love them for threatening world peace.

They have threatened the United States with war if the U. S. doesn't stop helping the Nationalists and stop interfering with their maneuvers.

"It's been on the bulletin board for three days!"

—The Reader's Digest

Church on a corner in Nampa. By the 1915-16 school year an administration building was under construction. In that same year the north wing of Hadley Hall was built for boarding students.

"Ma and Pa" Hadley looked after the students. There was never anything questionable in the conduct of the dormitory students that year. Prescott Beals undertook to care for some of the troublesome grade students, taking them to the "Shack" of the campus for "moral-suasion."

After a few years, Hadley Hall became the home of the central heating plant. The heating system installed prior to this time, though it cost \$2,500, was really a make-shift put in next into the first unit of the dormitory. It consisted of an old boiler and pipes put in along the walls without any radiators.

On particularly cold days and nights these would freeze up, and all the system would have to be pulled out to get the heat started again. This must have happened rather often, for off and on for a long time, it seems now, recourse was made to the old oil heaters in the dormitory rooms. Many a girl had to learn by experience what to do with a smoking heater, as well as what to do about the soot on clothing and room furnishings.

Like the Church of the Nazarene, Hadley Hall has its own heritage. It was in the dormitory rooms that Louise Robinson and Fairy Chism prayed prayers for their work in Africa, where God wonderfully used them.

Although Hadley Hall is not as modern as her sister dormitories, it is an ideal place for freshman girls to receive a warm and homey fellowship to quell pangs of homesickness.

Perhaps in the next few years Hadley Hall will be but a memory on the campus of NNC. But in this memory will be contained lives that have found salvation, sanctification, and dedication, lives which have been changed by burden-carrying roommates and spirit-filled prayer meetings.

To enjoy happiness is a great blessing, but to confer it on others is greater.

"A high position demands high virtues."

YOUR PRESIDENT SPEAKS AS I SEE IT . . .

By JERRY HULL

Two factors are responsible for all of our being here on campus as students—either we wanted to attend NNC or someone else (Dad or wife) was determined that we come to Nampa. As president of our student body, I am glad that all of you have chosen NNC. I have been pleased with the way all functions have gone smoothly and the wonderful atmosphere that has prevailed.

However, there have been a few reasons to become deeply concerned. "Friendliness" should be a key word on this campus, but there have been a few instances to make one think differently. Already there have been students forming little cliques. When you see one student, you see them all.

NNC is more than an institute of book learning; it is a time of personality development. One of the best ways to improve our personality is to increase our scope of friendships. "In your golden chain of friendship consider me a link." Let's make this theme live throughout the year.

The second matter that should concern all of us is sincerity. I have heard some of the most influential members of our student body discuss the question, "Where is this friendly smile and attitude that all of us should possess?" When we are walking across campus or in the hall or anywhere else, if we will just give a greeting with a sincere smile, we will help lift someone's load. Have the attitude of "otherness"—for no one is interested in your problem. Each is interested in his own. Your staggering assignments and sick aunt mean very little to the average student on campus. If you act sincerely interested in your fellow student you have won a friend.

Let's disband cliques before they are formed and met everyone with a sincere smile.

Sunshine is delicious, rain is refreshing, wind braces up, snow is exhilarating; there is no such thing as bad weather, only different kinds of good weather.

Ridgeway Visits Alma Mater

By JIM FRANKLIN

Jim Ridgeway, who graduated from NNC in 1957, attended George Washington Law School in Washington, D. C. last year. While he was attending school, he also worked under Idaho's junior Senator, Frank Church, in the Senate Office Building.

Jim attended several outstanding sessions of the Senate. Of special interest were the times when the Hell's Canyon and Alaska Statehood bills were passed. He was also present when the first Civil Rights Bill to pass Congress in a decade was victorious. He attended a number of sessions of the Senate Committee on Improper Activities which was probing into labor.

Of special enjoyment was visiting many of the general tourist attractions in and around the capitol city. His return trip included a swing through the southern states. He visited the Shenandoah Valley, Blue Ridge Mountains and several southern Civil War forts.

Future plans for Jim are pretty much in the hands of Uncle Sam. He will attend Denver University this year. "It was a great thrill to return to Idaho and the campus of NNC."

The professor returned to class with the examination papers and requested that all the students sit down.

"If you stood up it is conceivable that you might accidentally form a circle—in which case I might be arrested for maintaining a dope ring."

HOME MANAGEMENT HOUSE ADDED TO CAMPUS

A new home has been added to the campus this year in the form of a Home Management House. This is located in what was Briarwood Hall, a men's dormitory. The hall has been remodeled and many new features added to make it a definite asset to campus facilities.

The purpose of this home management house is to provide a realistic environment for home economics majors on campus to actually run a home. This experience of living in the home management house is required at the present time for all high school teachers majoring in home economics.

The new home management house hardly looks like the building it once was. The ceiling has been lowered two feet, nylon carpeting laid, repainted, and two new picture windows have been put in on the front side of the house. A new kitchen with all of the latest in ultra-modern appliances and

new utility facilities complete the improvements.

One part of the house is for Miss Rhodes, head resident. It houses her apartment and office. At the present time there are three home ec majors living in the house: Anna Mae Bauerle, Beverly Johnson, and Marilyn Kelly. Next semester it is expected to be filled with an enrollment of six or eight girls.

The girls will actually run the house, do the cooking, shopping, laundry, following a budget, and everything connected with running a home. This is done for nine weeks out of the semester.

The home management house should prove to be of valuable aid and experience to girls living in it.

Circle K Ready For Applications

Circle K is now prepared to take applications from any NNC male student. These applications may be obtained from Larry Hull, Circle K president, or George Harper, vice president.

Circle K is a service club in the heart of the student body, with the students at heart. Circle K provides the link between the college students and the citizens of Nampa. The organization is directly connected with Kiwanis International and the local Nampa chapter. The Circle K Club is also an international organization with chapters in most leading colleges and universities.

After many hours of selling magazines, washing cars and numerous other activities, the 1957-58 Circle K club was able to secure enough *das Geld* (money) to make a large contribution to a prayer chapel in Mangum Hall. The cost of the chapel was about \$400, half of which was paid last year with the remainder to be paid this year.

One of the first projects of the new school year will be helping the Kiwanis sell peanuts on Sept. 27. The proceeds of this sale will go to a fund for the Crippled Children's organization.

Foreign Travel Awards Offered

Five awards of \$400 each for overseas travel in the summer of 1959 are being offered to college students in the Western states, the Council on Student Travel, a national non-profit educational travel organization, has announced.

Competition for the awards is open to students at four-year universities and colleges in California, Washington, Oregon, Idaho, and British Columbia, who will return

Band Requests More Participants

"If all the students on campus with instruments would come out to band practice, we could have a 50-piece band," stated Mr. Eby, band director. Students not wishing band credit can still be members of the organization for the fun of participating in the activities.

The concert band had its first practice on Sept. 18, in the band room on campus, but more help is needed in the wind and percussion sections. Mr. Eby urges all interested students to come out to the band practice next week.

The pep band will soon be organized from a limited number of the concert band. The pep band takes a field trip to a nearby city such as Walla Walla or Medford each year.

Alumni Hold Diverse Positions

Last year's NNC graduates have taken positions all over the United States: Some of those who have decided to further their education are: Darrell Marks, attending Massachusetts Institute of Technology; John Prince, studying at the University of Washington; and taking graduate work at NNC are Ron Kratzer, Makota Harada, and Jerry Deatherage.

Many of the graduates have teaching positions. Dan and Rosemary Martin are teaching at Payette, Idaho; LaDonna Webb, Bertha Harper, and David Yeend have positions in the Nampa Public School system. From the home economics department, Virginia Horne is at Portland, Ore.; Ruth Kalbfleisch at Richland, Ore.; and Pauline Taylor at Halfway, Ore. Idaho Falls, Idaho, gained two third grade teachers in the persons of Chandos and Pansy Martin. Other elementary teachers are Meridee Love at Oregon City, Ore., and Leland Ernest at Brush, Colorado.

The Nazarene Seminary always claims a few graduates. This year Jim Martin and Dee Freeborn are there. Mrs. Freeborn is teaching in Kansas City.

Other positions that graduates have acquired are: Nadine Pierce, working at the Art Center in Nampa; Lynell Van Order, library work on the campus; Betty Richardson,

DORM COUNCILS ELECT OFFICERS

Partially elected dorm councils were completed last week in this year's first dormitory meetings. President of Morrison Hall this year is Ethel Kraft, with Kitty White as vice president; Mary Williamson, secretary; and Joan Ogden, treasurer. Representatives

Christianity Must Be Spread If Kept Alive

"Christianity, if you keep it to yourself, will spoil." This is the challenge that Roger Burkhart, new missionary president makes to every member of the student body.

This year the theme of the missionary society centers around the slogan: "How shall they hear, except . . ." The theme song is "Tell Me the Story of Jesus."

Officers for the coming year are Roger Burkhart, president; Rowland Becker, vice president; Helen Couch, secretary; Marilyn Morrow, treasurer; Kathy Pershall and Sharon Satrum, co-program chairmen; and Dr. Riley, adviser.

Several new features are to be added to the society this fall. A display is planned of missionary pictures and former NNC missionary projects in the hallway of the Administration Building; each student will be urged to read at least one of the missionary reading books; and, plans for the students to be divided into smaller chapters to promote a personal enthusiasm. Something to look forward to is the plan to have at least one missionary speaker a month.

The purpose of the missionary society, according to Roger Burkhart, is "to foster interest in foreign and home missions among the students and faculty. More specifically, it is to be an avenue of our prayers, giving, and consecration. Also, it is hoped and anticipated that the society will be a means through which God may call students to missionary service."

Prayer and fasting will be under the leadership of Jack Wright and will meet regularly once a week.

Cadet Teaching Drops One From Last Year Figure

Prof. James Feltar, director of student teaching and teacher placement at NNC, announced that records this year show that 23 students are practice teaching this semester with 25 signed for second semester. This figure compares with a total last year of 49.

Most of the student teaching is done in the Nampa City schools. Practice teaching this summer was completed through Boise Junior College. Elementary teachers were placed at BJC and secondary teachers at Boise High School.

working for Standard Oil in St. Paul, Minn., and also planning to do graduate work at the University of Minn.

Library Improved During Summer

Improvements in a college library are never completed. There are always new books to be added, old books to be mended, and catalogs to be kept up-to-date.

During the past summer approximately 500 new books were cataloged in the NNC library. These new books will be valuable for usage in themes and term work in the years to come. Summer librarians were kept busy re-arranging and re-organizing the magazines for easier reference. Many of the magazines were bound in hard covers to make them more usable.

A new hi-fi record player has been added to NNC's audio-visual room. It is located just to the right of the circulation desk. The assistant librarian, Miss Rambo, took additional work in cataloging at the University of Denver this summer. Working full time with Miss Lancaster and Miss Rambo is Mrs. Van Order. There are also 16 student assistants who work throughout the week to help keep the library in efficient working condition.

Al Rodda Heads Chapman Dormitory

"Give more than you take from life," are the words used by Al Rodda, Chapman Hall president, concerning successful dorm life in Chapman Hall. Rodda then went on to say, "The dorm is now in its second year of the big brother-little brother system. With co-operation from all, we can look forward to a wonderful year spiritually, scholastically, and socially."

The officers assisting Rodda for the 1958-59 school year include: Dick Etulain, vice president; John Wright, secretary; Gordon Olsen, treasurer; Bob Longanecker, chaplain; Roger Burkhart, freshman trainer; Paul Barber, work chairman; Larry Halter, study chairman; and Dave Jennings, program chairman.

KROK Broadcasts Begin Sept. 29

Full KROK broadcasting for the current school year will begin Sept. 29. The programs will consist of chapel and church services, recorded programs, and some ball games.

Broadcasting will begin every weekday morning at 9:45 a.m., with KROK chapel service. After the chapel service it will leave the air to return at 7 p.m. and will operate until 10 p.m. The Sunday hours will be from 2 p.m. to 4 p.m., and 7 p.m. to 9 p.m.

KROK, the official school broadcasting station which operates from the frequency of 670 kilocycles on the radio dial, began broadcasting under the direction of the College High School Radio Club in January, 1951. Realizing the station needed to be officially a part of the student body for its successful operation, the high school club succeeded in getting the station adopted by the associated student body of the college in January, 1952.

There are approximately 20 persons on the staff and anyone interested in working on the staff should contact KROK manager, Charlie Yourdon.

A SMART BOY

Little Benny went to the grocery store with his mother. Benny's mother was surprised, to say the least, when he shyly refused the grocer's suggestion that he take a handful of Indian nuts from the box on the counter. She didn't say anything though, because the grocer didn't give her a chance.

"Oh come, now," he insisted. "I never heard of a little boy who didn't like Indian nuts." While he was talking he picked up a paper bag, plunged his hand into the box of nuts and transferred a handful to the bag. Then he gave them to Benny.

On the way home Benny's mother asked, "Tell me, son, why didn't you accept them in the first place?"

"Because his hand is bigger than mine," explained Benny.

Cupid's Corner

By RUBY KEATING

Ever faithful Cupid worked overtime this summer in order to attend all of the summer weddings. Those joining the rank of Mr. and Mrs. are:

Darlene Urwin and John Cantrell; Lynell Lewis, Ron VanOrder; Roxie Hull, Paul Miller; Wanda Moore, Dave Hanson; Ruth Burkhardt, Don Crawford; Pat Nine, Paul Whitmarsh; Claudette Martin, Jim Martin; Betta Myers, Dave Rodriguez; Marilyn Murray, Dean Morrow; Marva Lund, Dave Yeend; Jean Kerns, Bob Parker; Darlene Knight, Larry Clark.

Carol Jones, Lyle Cummings; Pat Nichols, Tom Nees; Millie Neil, Phil Mason; Muriel Parsons, Jerry Caven; Joyce McAbee, Dick Persons; Jerrie Lindley, Lee Carter; Barbara Markle, Dave Belzer; Wilma Hokanson, Bob Pauley; Marlene Hinkle, Norman Keesler; Helen Harmoning, Clayton Bonar; Noel Riley, Phil Fitch; Kay Meyers, Ken Reeder; Jo Smith, Wilson Barber; Kathy Smith, Roy Croskrey; Violet Jahn, Dee Freeborn.

Also, Marie Johnson, Harry Maine; Ruth Russell, Terrel Samuels; Marge Smith, Jack Weaver; Beverly Winchester, Willard Raymond; Barbara Winchester, Ron Clapp; Pat Russell, Dale Day; Jan Cummings, Charles Hand; Marilyn Schmelzenbach, Joe Bailey; Carol Lovall, Art Freeman; Glennea Hoffman, Robert Gibson; and Mona Hulen, Lewis VanBrink.

Cupid has already started plans for next summer's weddings. Mr. and Mrs. Harold Waller of Stayton, Ore., announced the engagement of their daughter, Jerrie, to Ed Hosford, son of Mr. and Mrs. Gerald Hosford of Stayton. An August wedding is planned.

Mrs. Jewell Todd of Kennewick, Wash., recently announced the engagement of her daughter, June, to Milton Alexander. He is the son of Mr. and Mrs. Lloyd Alexander of Nampa. An August wedding date has been chosen.

The engagement of Naomi Gudmundsen, daughter of Mrs. J. E. Richards, to Ernest Moore, son of Mr. and Mrs. Earl Moore of Stockton, Calif., was revealed Sept. 14. The couple are planning a June wedding.

Mr. and Mrs. Mudgett of Turner, Ore., announce the engagement of their daughter, Mildred, to Don Humber of Springfield, Ore.

Mrs. Neva Miller of Nampa announces the engagement of her daughter, Louise, to Joe O'Neill of Norma, N. Dak. He is the son of Mr. and Mrs. Glenn O'Neill. They plan a December wedding.

Mr. and Mrs. W. H. Sumrall announce the engagement of their daughter, Billie, to Leroy James, son of Mr. and Mrs. N. L. James. Both are from Ridgefield, Wash. No wedding date has been set.

One of the first projects of the new school year will be helping the Kiwanis sell peanuts on Sept. 27. The proceeds of this sale will go to a fund for the Crippled Children's organization.

Foreign Travel Awards Offered

Five awards of \$400 each for overseas travel in the summer of 1959 are being offered to college students in the Western states, the Council on Student Travel, a national non-profit educational travel organization, has announced. Competition for the awards is open to students at four-year universities and colleges in California, Washington, Oregon, Idaho, and British Columbia, who will return to their campuses for the fall, 1959 semester.

The scholarships may be applied to any of the overseas work, study and travel programs of the Council's 56 affiliated organizations—in Europe, Asia, Africa, Central or South America. Application deadline is Jan. 31, 1959, and winners will be announced by March 31, 1959.

Applicants will be judged on the basis of their purposes in travel, their preparation for going abroad, and the merits of their suggestions for campus travel education programs.

Scholarships will be awarded by the West Coast Committee of the Council, which includes representatives of the following organizations: American Friends Service Committee, American Youth Hostels, Experiment in International Living, Institute of International Education, the National Student Councils of the YM-YWCA, Project Pakistan - India - Ceylon, and the World University Service.

Applications may be secured

The Nazarene Seminary always claims a few graduates. This year Jim Martin and Dee Freeborn are there. Mrs. Freeborn is teaching in Kansas City.

Other positions that graduates have acquired are: Nadine Pierce, working at the Art Center in Nampa; Lynell Van Order, library work on the campus; Betty Richardson,

DORM COUNCILS ELECT OFFICERS

Partially elected dorm councils were completed last week in this year's first dormitory meetings. President of Morrison Hall this year is Ethel Kraft, with Kitty White as vice president; Mary Williamson, secretary; and Joan Ogburn, treasurer. Representatives are: Peg Jensen, senior; Minnie Humphrey, junior; Careta Hammond and Lois Gardner, sophomores; and Karen Seibold, freshman.

Jerrie Waller was elected president of Mangum Hall. Other officers are: Jackie Soderholm, vice president; Sharon Johnson, secretary; Janice Jensen, treasurer; and Sharon Satrum, dorm chaplain. Wing representatives are Beth Schwabauer and Joan Horne, Lois Young and Shirley Pautzke, Joyce Oldenkamp and Linda Maestretti.

In the top positions of Hadley Hall are Glenda Anderson, president; Marilyn Slemmer, vice president; and Edith Ness, secretary-treasurer. Freshmen representatives are Gayle Graffe, Rosemary Kunkel, and Betty Messenger. Anna Marie Johnson and Janice James represent the high school students in the dorm.

MUSIC

Each service is outstanding in its ministry of music.

The Sunday evening service features 45 minutes of inspiring music regularly.

There is a graduated system of five choirs.

“HAVEN OF PRAYER”

Readin' Between the Lines

By BOB ANDERSON

History repeated itself as the omnipotent upperclassmen downed the lowly freshmen boys in the traditional softball contest on Sept. 12 and on Sept. 15 by scores of 12-6 and 7-4 respectively.

In the first game the freshmen could hit nothing but air as the upperclassmen pitchers held them to two hits. The upperclassmen sluggers banged out eight hits against Hank Savage, freshman pitcher. Savage managed three strike-outs, while upperclassmen hurlers pulled through with seven.

In the second game Faris and Stuart, upperclassmen pitchers, held the freshmen to two hits while the upperclassmen picked off five of Savage's pitches for hits. Savage got one strike-out while Faris and Stuart together got six.

With the turning color of the leaves and the soft breezes of early fall comes the sport which is fast becoming the favorite in American colleges and among sports fans everywhere. Every year the sport of football attracts millions of screaming spectators urging their home team on to victory.

And every year there must be (so-called) sports writers who give predictions on the post-season bowl games. So here we go—with predictions on the success of some teams of the small college size around hereabouts somewhere.

THE ACADEMY OF SKIN DIVERS shapes up as the outstanding team in the Tidewater League. The SINKERS again will be playing all of their home games at the bottom of Lake Lowell, giving them the advantage over less water-logged opponents. C of I reports the 1958 squad is light, rugged and extremely hard to find.

The team at BJC has considerable depth, including five philosophy majors, two students of Chaucer, and two experts on The Culture of the Incas. None of them play football, but they're all deep. Among the California independents the San Francisco Giants will definitely not play football this year.

I predict that in the Sept. 26 game between the ADP's and the Spartans that the Spartans will win by a score of 14-4. I predict

SPORTS

Prof. Elmore Vail Chosen To Head Intramural Department

Taking place as head of the Intramural Department at NNC this year is Prof. Elmore Vail. Previous to his position last year as principal of College High School, he served as chairman of the Department of Physical Education at Olivet Nazarene College for four years.

Professor Vail spent 15 of his 17 years of education on the NNC campus, graduating from college in 1949. He coached and taught at College High for three years while attending NNC. After obtaining his master's degree at the University of Idaho, he returned to College High for three years.

The highlight of Prof. Vail's college career was meeting his wife, Jeanne. They now have four children—"all boys but three." Marilyn Kay is 9 years old; Sandra Jeanne, 6; Barbara Lou, 4; and Jay Edmund, 2.

Another interesting item in Prof. Vail's career is the fact that he and Coach Hills both played basketball for the NNC team in 1946.

His brother, Virgil, serves as a math and science teacher on the NNC staff. Prof. Vail's parents, Mr. and Mrs. Arthur Vail, reside in Nampa at 515 Holly.

"I am very well pleased with the student managers that have been chosen to supervise the intramural program this year. They have already proved that an outstanding job will be done with the full cooperation of each member of each society," stated Prof. Vail.

He will also act as head baseball coach and assistant basketball coach.

that in the Sept. 27 game between the Athenians and the SLA's that the SLA's will win 9-8.

DOWN THE LANE

By DICK ETULAIN

Howdy pardner! Well, here we are at Nampa again looking forward to another year full of activities and studies. With the biggest freshman crop ever (I wonder what their favorite indoor and outdoor sport is) and the old reliables still on hand, the future of the 1958-59 sports campaign looks to be bright.

I've advertised for a fortune teller but find none on campus, so let's see what we have and hope for the best.

Coach Orrin "Tiger" Hills seems pleased with the outlook of the basketball season. With probably NNC's toughest schedule staring him in the face, Hills still seems to look forward with anticipation to this year's coming contests. With nine returning lettermen, NNC's head mentor has the nucleus of a strong squad that I predict will rival the records of the last three or four years.

One interesting note that I might mention, NNC will play Westmont College of California twice. Westmont is also a close rival of our sister college, Pasadena; the results of these games could provide an interesting comparison between NNC and PC. (Here is one ardent fan who looks forward to the day of renewed competition between the former and the latter.)

All in all, my crystal ball says that the Hillsmen will have an outstanding year and be the class of the Boise Valley.

Looking forward to next spring, baseball isn't too far away to be considered. Elmore Vail, the new baseball coach, makes the statement, "Things look good, if the pitching holds up," which could prove to be a big "if."

At the time of this writing not too much is known about the thin-clad possibilities except: with at least two of the most consistent point getters gone from the ranks

Societies Choose Semester Leaders

In the first Athletic-Literary society meetings held Sept. 22, officers were elected to direct society functions and to help each society on its way toward claiming the coveted faculty loving cup.

Guiding the ADP's this semester are: Ruehl Kerch, president; Don Thompson, vice president; Ruby Keating, secretary; Dee Friesen, treasurer; Jerry Dirkse, men's athletic director; Emily DeJong, women's athletic director; and Clayton Bonar, program chairman.

The Athenians elected Dave Jennings as president; Rich Williamson, vice president; Marilyn Hartley, program chairman; Joyce Oldenkamp, secretary; June Todd, treasurer; Luella Daniels, women's athletic director; Phil Campbell, men's athletic director; and Orene Maurer and Dale Belden, individual sports directors.

Dan Etulain heads the LSP's this semester as president; Dale Knott, vice president; Bobbie Nelson, secretary-treasurer; Carolyn Eby, program chairman; Joan Ogburn, women's athletic director; and Ray Colson, men's athletic director.

Managing the Oly's will be president, Don Ogburn; vice president, Larry Hull; secretary, Ellen McUne; treasurer, Al Freeman; program chairman, Pat Nees; women's athletic director, Myrna Dean; and men's athletic director, Elon Booker.

The SLA's chose Sam Willard as president; Bob Peppley, vice president; Karen Mills, secretary; Dale Orkney, treasurer; Kitty White, program chairman; Lois Draper, women's athletic director; and Dick Etulain, men's athletic director.

Acting as president for the Spartans is Paul Barber; vice president, Harold Nevin; secretary-treasurer, Careta Hammond; women's athletic director, Carmen Gilmore; and men's athletic director, George Harper.

Knowledge is of two kinds. We know a subject ourselves or we know where we can find information upon it.

—Samuel Johnson

Sports Shorts FROM INTRAMURAL SCENE

By BOB LONGANECKER

Sensational is putting it mildly when one describes the intramural program for the coming semester. Already much enthusiasm has been shown with societies recruiting

Plans for added activities have been discussed and voted on by the Athletic-Literary Council. Doubles and mixed doubles in archery have been added to the curriculum, and plans are being discussed for cross country running for those with chasing ability. I might add

MUSIC

Each service is outstanding in its ministry of music.

The Sunday evening service features 45 minutes of inspiring music regularly.

There is a graduated system of five choirs.

ture of the Incas. None of them play football, but they're all deep. Among the California independents the San Francisco Giants will definitely not play football this year.

I predict that in the Sept. 26 game between the ADP's and the Spartans that the Spartans will win by a score of 14-4. I predict

job will be done with the full cooperation of each member of each society," stated Prof. Vail.

He will also act as head baseball coach and assistant basketball coach.

that in the Sept. 27 game between the Athenians and the SLA's that the SLA's will win 9-8.

Sports Shorts FROM INTRAMURAL SCENE

By BOB LONGANECKER

Sensational is putting it mildly when one describes the intramural program for the coming semester. Already much enthusiasm has been shown with societies recruiting new talent, and with the creative leadership of the new head director, Elmore Vail.

Prof. Vail was student athletic director while attending NNC. In talking with Coach Vail we learn of his pleasant surprise at the improvement of the intramural program in increased activities, new societies and enthusiastic participation. A big "thank you" goes to Coach Hills for his faithful leadership thus far, and a great welcome to Elmore Vail as he takes over as head intramural director.

This year's student directors for the men are Don Ogburn, an assistant, Bob Longanecker; for the women, Minnie Humphrey with Joan Ogburn as assistant. These students report the intramural program to be in wonderful shape, and with all the new freshmen talent and returning upper classmen, this should prove to be a year of thrills and many upsets.

Plans for added activities have been discussed and voted on by the Athletic-Literary Council. Doubles and mixed doubles in archery have been added to the curriculum, and plans are being discussed for cross country running for those with chasing ability. I might add, fellows, that the course hasn't been laid out, but it's doubtful that it will pass by Morrison or Mangum.

If any of you new students were planning on a little monastery living this semester, let me be the first to encourage you to come out and participate in NNC's versatile sports program. Here you'll find an opportunity to use the skills you learned in high school. Participation will help you develop socially, mentally, and spiritually. Leadership, sportsmanship and fellowship—what more could one receive in exchange for a few otherwise wasted hours on the greatest of campuses—NNC?

We are more interested in YOU rather than merely your athletic ability. Participation means society points. Coach Elmore Vail joins me in a clarion invitation to you to take your place in your society, in order that the intramural program will be the best yet! See you on the field!

sults of these games could provide an interesting comparison between NNC and PC. (Here is one ardent fan who looks forward to the day of renewed competition between the former and the latter.)

All in all, my crystal ball says that the Hillsmen will have an outstanding year and be the class of the Boise Valley.

Looking forward to next spring, baseball isn't too far away to be considered. Elmore Vail, the new baseball coach, makes the statement, "Things look good, if the pitching holds up," which could prove to be a big "if."

At the time of this writing not too much is known about the thin-clad possibilities except: with at least two of the most consistent point-getters gone from the ranks, things are somewhat darkened.

Miss Rhodes, head netswoman, tells me that the men's tennis looks the strongest it has for many a year and with the improved schedule and a possible tournament or two, I think the men racquet-swingers are out to make a name for NNC in that sport. The woman's team has at least two or three veterans back from last year and should again be the power of Idaho in women's tennis.

Any way you look at it, NNC looks sharp sportwise and as the year goes along, I'm sure this will be accurately proved.

If you're not an athlete you can always be a fan, so let's back all of our teams as we have in the past.

The SLA's chose Sam Willard as president; Bob Peppley, vice president; Karen Mills, secretary; Dale Orkney, treasurer; Kitty White, program chairman; Lois Draper, women's athletic director; and Dick Etulain, men's athletic director.

Acting as president for the Spartans is Paul Barber; vice president, Harold Nevin; secretary-treasurer, Careta Hammond; women's athletic director, Carmen Gilmore; and men's athletic director, George Harper.

Knowledge is of two kinds. We know a subject ourselves or we know where we can find information upon it.

—Samuel Johnson
