NORTHWEST NAZARENE COLLEGE, NAMPA, IDAHO

Friday, October 10, 1958

REVIVAL BEGINS SUNDAY

Dr. V. H. Lewis Will Be Fall Evangelist

Dr. V. H. Lewis, executive secretary of the Nazarene Department of Evangelism, will be the evangelist for the fall revival which will be held Oct. 12-19 as a climax to the Week of Witnessing.

A graduate of Bethany Nazarene College, Dr. Lewis was a full-time evangelist for several years. He then pastored several churches including the first Church of the Nazarene at Norman, Oklahoma, the home of the University of Oklahoma. He served as superintendent of the Houston, Texas, district of the church prior to his election to his present position.

The Department of Evangelism is the newest department of the general board, being set up by the General Assembly in 1956. As head of this department, Dr. Lewis is in general charge of all the public and personal evangelism of the denomination. Thus he is in a very unique position to serve as the evangelist for this revival series.

Dr. Lewis will preach Sunday at 11 a. m. and 7:30 p. m. Also, next week he will be speaking at 9:45 a. m. in the student body revival and each evening at 7:30 in College Church.

YFC CLUB FORMED HERE

Lowell Welker, freshman from Seattle, Wash., has been elected to head NNC's new Youth for Christ Club. Officers assisting Welker are Chuck Buster, vice president; Myrna Ogden, secretary; Glenda Anderson, publicity and social chairman; Wes Aman, quiz team captain, and Lehman Mosely, song leader.

Activities scheduled for the year include Bible quiz contests with high schools around Boise Valley, and special programs for NNC students.

All who are interested in participating in the Bible quiz and helping with such an organization are urged to attend. Meetings are to be held the first and third Tuesday of each month at 9 p. m. These

Dr. V. H. Lewis

Nine-to-Five Holds First Meeting

Campus secretaries held their first evening meeting Oct. 8 with an outline for the year's activities taking top priority.

Club president, Norma Humphrey, told of the plans now underway to place an NNC secretary's handbook in each office on the campus. Other activities for the school year were also presented.

Any student employed as a secretary either on or off the campus who has not been contacted about Nine-to-Five membership should see Norma in the duplicating office.

Two New Teachers Join Homemaking Department

"I've said many times that every

Faculty Office Hours Posted

Faculty office hours are being posted this week. Members of the faculty are requested to keep office hours regularly and faithfully. Students are requested to make contacts about school work at faculty offices at announced hours or by appointment.

Contacting members of the faculty about course work at their homes, in the coffee shop, or on the streets is out of place. Members of the faculty who neglect office hours are unprofessional.

Because it is sometimes difficult even for careful students and conscientious members of the faculty to arrange conference time, it is suggested that students arrange for conferences by dropping a note in the mail box designated for campus mail purposes.

—Dr. Thelma B. Culver
 Dean of College

Young Democrats Elect Leaders

Young Democrats of Northwest Nazarene College elected Dale Orkney, senior from Springfield, Ore., as president in the first organizational meeting held on campus Sept. 29.

Prof. M. Francis Reeves of NNC, democratic candidate for the state legislature, was named as sponsor of the group.

Other officers elected include: Lowell Welker of Seattle, Wn., vice president; Donna Witcher of Delta, Colo., secretary; and George Jones of Nampa, treasurer.

According to leaders of the group the purpose of the organization is to stimulate political interest on the NNC campus as a part of education for citizenship, to provide opportunities for students to become acquainted with the Democratic candidates and to give members an opportunity to participate in political endeavors.

If you happen to see an energetic little lady slightly over five feet tall with large brown eyes

Winners Named In Debate Tourney

Albert Lewis of Nampa and David Rinker of Hastings, Neb., were declared winners of the first fall debate tournament held at Northwest Nazarene College Sept. 29.

The two sophomores won a 2-1 decision in the final round of the tournament against Dick Etulain, senior from Moses Lake, Wn. and Jerry Hull, junior from Ontario, Ore.

Al was prominent in debate at Nampa High School and last year was a member of the NNC team which won the Ada County Bar Association debate trophy.

David is attending NNC on an honor scholarship. He has never debated previous to this year.

Eight teams participated in the tournament which was staged as a preliminary practice for entry in inter-collegiate contests. NNC debaters are now working on materials for Western Speech Association's tournament which will be held at the University of Utah in November.

Other students who debated in the tournament included Richard Benner of Kansas City, Mo.; Don Hoff of Spokane, Wn.; Joyce Oldenkamp of Tillamook, Ore.; Sharon Satrum of Woodburn, Ore.

Marilyn Franklin of Selah, Wn.; Verla May Ruby of Marietta, Minn.; Twilla Mae Dorris of Payette; Larry Clark of Lewiston; Larry Halter of Portland, Ore.; Dave Jackson and Clayton Bonar of Nampa.

"FRIENDSHIP'S BRIDGE"

AWS Tea Has Friendship Theme

"Friendship's Bridge" was the theme chosen for the annual AWS Big-Little Sister tea held Oct. 8 in the Morrison Hall parlor. A few of the steps represented in "Friendship's Bridge" were love, understanding, faith, and kindness.

Head chairman for the tea was Kitty White. Various committee chairmen included: refreshments, Barbara Kiel and Marilyn Hartley, with the Mmes. Sutherland, Tippitt, Bloomquist, and Ford assisting; decorations committee, Phyllis Hickerson and Bonnie Quick.

SCHMELZENBACH, PRESIDENT

New Honor Society, Pi Kappa Delta, Schedules Formal Initiation Tonight

Miss Marsh Takes Training

Now at Colorado State College in Greeley pursuing studies which may result in far-reaching improvement of Nampa's educational program for children of exceptional ability is a Nampa public school teacher on leave of absence.

Miss Marian Marsh

Miss Marian Marsh, veteran of 13 years of teaching in Nampa public schools, undertook this particular study at the suggestion of Nampa school superintendent Harry C. Mills. Mrs. James Black, curriculum consultant for the Nampa schools, has also assisted in the study.

Miss Marsh, who will join the faculty in the department of education at Northwest Nazarene College next year, was invited to write a thesis as a result of superior work done in her first quarter in residence at the Colorado College.

Her thesis topic is: "A Study of the Procedures that May Be Used By Elementary Classroom Teachers in the Nampa Idaho Public Schools for Enriching the Educational Program for Children of Exceptional Ability."

Miss Marsh is the daughter of Mr. and Mrs. O. E. Marsh of Nampa. She was graduated from normal school at Ellendale, N. D. and completed her A. B. degree at Northwest Nazarene College.

She expects to obtain her M. A. degree in December after which

NNC's first national undergraduate honor society, Pi Kappa Delta, will be inaugurated tonight at a six o'clock dinner when new members will be initiated and a local chapter will be installed.

Installing officer will be Dr. Lester McCrery of the College of Idaho. He will be assisted by several Pi Kappa Deltans from the neighboring college.

Taking part in the formal ceremony at Nampa's Stampede Room will be Prof. Mallalieu A. Wilson, speech department head; Miss Helen Wilson, professor of speech; and the following initiates: Harmon Schmelzenbach, PKD president; Clayton Bonar, vice president; Richard Benner, Albert Lewis, Irene Ammons, Larry Clark, Ed Hosford and Miss Marian B. Washburn, chairman of the division of language and literature and this year's honorary member of Pi Kappa Delta.

Other charter members who are away from school and unable to participate in the affair are Esther Smith, Jim Hilliard, Ida Hollinger, Jim Bartz and Caroline Downey.

Eligibility to membership in PKD is determined as follows: the candidate shall be a regular collegiate student in good standing and shall have represented his college in speech activities or shall be an instructor in public speaking or a director of oratory or debate in a recognized college.

The three Greek letters in the name stand for "Peitho" or the art of persuasion, "Kale" or beautiful, and "Dikaia" or just. The organization's motto is "The art of persuasion, beautiful and just."

Pi Kappa Delta will replace the former Spencerian Speech Club and will take over the duties of the speech club. New officers will be elected next week and a constitution for the local chapter will be ratified as soon as possible.

FMB Organizes

Foreign Missions Band was organized recently with 25 members. Larry Clark, president, states that the purpose of the Band is to help young missionaries settle the call for foreign service, and for students who are interested in supporting the program of missions through prayers and support.

Other officers for the club are Ernest Moore, vice president; Rosemary Kunkel, secretary-treasurer; and Haroldine Yancey, program chairman.

Prof. Sutherland spoke of his experiences in China at their bi-monthly meeting held last night.

ASB PROPOSED BUDGET LISTED

Members of the NNC student body will be voting soon on the proposed budget for first semester.

The allotments are as follows: Oasis, \$2,359.90; Athletics, \$2,002.35; Crusader, \$715.12; Forensics, \$214.54; CWB, \$107.27; KROK, \$250.29; AWS, \$71.51; Men's Club, \$17.88; Senior Class, \$71.51; Junior Class, \$107.27; Sophomore Class, \$35.75; Freshman Class, \$35.75; College High, \$232.41; CMA, \$23.60; Circle K, \$23.60; Art Club, \$23.60; FBLA, \$23.60.

FMB, \$23.60; SNEA, \$35.75; Home Economics, \$23.60; IRC, \$23.60; Music Club, \$23.60; Marshall Science Club, \$35.75; Scribnerus, \$23.60; Speech Club, \$23.60; and ASB accounts, \$622.16.

The budget was drawn up by Bob Parker, ASB treasurer, and has been approved by the student council.

Club president, Norma Humphrey, told of the plans now underway to place an NNC secretary's handbook in each office on the campus. Other activities for the school year were also presented.

Any student employed as a secretary either on or off the campus who has not been contacted about Nine-to-Five membership should see Norma in the duplicating office.

Two New Teachers Join Homemaking Department

By RUTH OLIN

"I've said many times that every girl ought to take classes in home economics because she will always have homemaking responsibilities whether she gets married or does not get married," was the prompt reply I received from Miss Eula Tombaugh when asked about the importance of homemaking courses to a girl in college. Miss Tombaugh teaches the three food classes in the Home Economics Department and is well qualified to do so.

She obtained her bachelor of science degree from Iowa State College and is a member of the American Dietetic Assn. which requires a year of internship in addition to college work. She has been rendering expert service in Nampa since 1946 and is presently the head dietitian of both Samaritan and Caldwell Hospitals.

Authority on Nutrition

Her answers to questions about nutrition are backed up by years of experience and she never hesitates in her response. She knows what to say and says it well. When asked about the importance of the basic seven foods she gave the following report:

"The basic seven are essential for good health and are adequate for normally healthy individuals without addition of concentrates. No one can expect to have good health without the basic seven daily food requirements. Good nutrition is only part of good health, but it is an essential part. 'You are what you eat and food becomes you,' were her final words on that subject.

Later in our conversation, she commented that there was much value in preventing nutrition difficulties by a good diet rather than trying to cure diseases by good nutrition.

In a survey which she conducted in one of her food classes, she discovered that the 12 girls who reported their diets for one week were low in protein value and vitamin C content. She added further that they were probably also low in iron because of the low protein intake.

Delta, Colo., secretary; and George Jones of Nampa, treasurer.

According to leaders of the group the purpose of the organization is to stimulate political interest on the NNC campus as a part of education for citizenship, to provide opportunities for students to become acquainted with the Democratic candidates and to give members an opportunity to participate in political endeavors.

If you happen to see an energetic little lady slightly over five feet tall with large brown eyes and brown hair flitting across the campus toward the hospital, it might be Miss Tombaugh. You really ought to meet her if you haven't. She knows her vitamins!

Mrs. Whitmarsh

Mrs. Paul Whitmarsh, who was Pat Nine before last August, thinks that a major in homemaking is the ideal major for any girl in college. "If she gets married she hasn't lost a thing and if she doesn't, she can always teach it." So says our new teacher in the Home Economics Department. Her favorite hobby? Sewing, of course.

Mrs. Whitmarsh is not new to Northwest Nazarene College although this is her first year as a teacher. After her first two years as a student at NNC, she obtained a secretarial certificate. She then continued on until she graduated from NNC as a homemaking major. At that time she was a member of both Zeta Kappa Rho and Phi Delta Lambda. In addition, she was selected from her class to receive the Home Economics Alumni Award.

Husband Attending NNC

Although she had met her husband on the campus while attending school, she feels that they got

"FRIENDSHIP'S BRIDGE"

AWS Tea Has Friendship Theme

"Friendship's Bridge" was the theme chosen for the annual AWS Big-Little Sister tea held Oct. 8 in the Morrison Hall parlor. A few of the steps represented in "Friendship's Bridge" were love, understanding, faith, and kindness.

Head chairman for the tea was Kitty White. Various committee chairmen included: refreshments, Barbara Kiel and Marilyn Hartley, with the Mmes. Sutherland, Tippitt, Bloomquist, and Ford assisting; decorations committee, Phyllis Hickerson and Bonnie Quick.

Hostesses were Miss Gray, Mrs. Friesen, and Mrs. Volk.

together as a result of Sunday School parties at First Church where they both attended as students. Paul is now a senior here and is a "ham" radio enthusiast. She describes herself as having blue eyes, brown hair and about 5 feet 5 inches tall.

To really get a true picture of this charming new teacher, one would have to see her eyes as wide and friendly, her hair as becomingly neat and her 5 feet 5 inches as neatly proportioned and attractively attired. She would rather talk about the improvements which have been made in the Home Economics Department than about herself. However, I did discover that she is next to the oldest of six children from her family in Meadows, Idaho.

The girls who are taking clothing classes, tailoring, clothing selection, interior decoration or Introduction to Home Economics are the lucky ones to have Mrs. Whitmarsh as their instructor. I am sure they feel that she is an ideal example of what these accomplishments can do for a girl.

Mrs. Whitmarsh and Miss Tombaugh, new teachers in the Homemaking Department, check to see that everything is 'boiling' all right.

Miss Marsh, who will join the faculty in the department of education at Northwest Nazarene College next year, was invited to write a thesis as a result of superior work done in her first quarter in residence at the Colorado College.

Her thesis topic is: "A Study of the Procedures that May Be Used By Elementary Classroom Teachers in the Nampa Idaho Public Schools for Enriching the Educational Program for Children of Exceptional Ability."

Miss Marsh is the daughter of Mr. and Mrs. O. E. Marsh of Nampa. She was graduated from normal school at Ellendale, N. D. and completed her A. B. degree at Northwest Nazarene College.

She expects to obtain her M. A. degree in December after which she will work toward the degree Specialist in Elementary Education at Colorado State College.

First Semester Speech, Music Events Chosen

Dates and events for the intramural speech and music have been set by the Athletic-Literary Council.

Music events this semester will include men's and women's vocal solos, and men's and women's vocal ensembles.

Dramatic reading and extemporaneous speaking selections have been chosen for the speech entries in this division.

Preliminary try-out are scheduled for Oct. 20-21, with the finals listed for Oct. 24 in the College chapel.

FLAG HUNT TONIGHT

Frosh Initiation Ends With Party Tomorrow

Annual initiation exercises are once again in full swing on the campus of NNC as the sophomores "welcome" members of the freshman class.

Freshman beanies went on sale Oct. 6, although students were not required to wear them until Oct. 8.

Freshmen men will be washing all the doctors' and nurses' cars at the Samaritan Community and Mercy Hospitals this afternoon.

The annual flag hunt is planned for tonight with the two classes competing to discover the hidden flag and get it back to the dining hall first. There is usually a good deal of class spirit and competition at this time, according to Gordon Olsen, sophomore class president.

Tomorrow night the Sophomore-Freshman party will climax initiation activities with games and refreshments on the agenda.

The three Greek letters in the name stand for "Peitho" or the art of persuasion, "Kale" or beautiful, and "Dikaia" or just. The organization's motto is "The art of persuasion, beautiful and just."

Pi Kappa Delta will replace the former Spencerian Speech Club and will take over the duties of the speech club. New officers will be elected next week and a constitution for the local chapter will be ratified as soon as possible.

IDAHO LEADS

Last Enrollment Figures Total 604

Latest enrollment figures show that a total of 604 students are attending NNC this semester.

Idaho has the biggest representation with 174 undergraduates, 63 students coming directly from high school, and 5 transfers from other colleges.

Washington follows close in second place with 168 students enrolled. Oregon places third with 152.

Twenty-eight states are represented plus one student from Hawaii and 15 students from foreign countries.

A few of the more distant states represented are Alabama, Arizona, Michigan, Minnesota, New York, and West Virginia.

First Bench List Appears Tuesday

Today at 5 p. m. the first "Bench" will be composed by faculty members and will be posted Tuesday.

The "Bench List" is made up of students who have been reported by their teachers as doing unsatisfactory work in their classes.

Those students whose names appear on the list are not allowed to participate in any intramural activity. Individuals listed, student officers and faculty sponsors are responsible for the enforcement of these rules.

Two D's, one F, or one Incomplete will place students on the "Bench" and removal is possible only after a week's time by correcting the deficiency.

Miss Ruth Long is secretary of the Bench Committee.

★★ Editorial Comment ★★

CONGRATULATIONS . . .

Congratulations to each member of the newly-formed "Pi Kappa Delta," the Honorary Forensic Society being born on our campus.

The purpose as stated in the constitution is "to simulate progress in and to further the interests of intercollegiate speech activities and communication in an effort to provide functional leadership training for life, and at the same time encourage a spirit of fellowship, brotherly cooperation, and incentive for achievement."

You have worthwhile goals by which each of us will benefit.

Congratulations, Al Lewis, on the publication of Keys to the Campus. Every student should familiarize himself with the helpful information found in it.

Betty Thorson, designer of the new nameplate for the Crusader, deserves the favorable comments heard, made by students and faculty alike.

The intramural department personnel and Coach Hills have a right to be proud of the attractive new Intramural Handbook distributed to the students this week.

BETHANY STUDENTS PAY \$10 PARKING FEE

NNC students, take heed before you complain about paying that \$5 parking fee at registration time. Students living in the dormitories at Bethany Nazarene College must pay a parking fee of \$10 a semester and an additional sticker must be placed in the right hand side of the back window.

World Events Pass In Review

By JIM FRANKLIN

On Oct. 4 President Eisenhower had a physical check-up at Walter Reed Army Hospital. The report came back that he was in "excellent" physical condition. This, of course, will give him a "go ahead" signal to start a campaigning tour of the country for his party.

But will this campaigning be an asset or a liability to the G.O.P.? In many states feeling is running high over the way that the administration has handled the Sherman Adams, Matsu-Quemoy, and educational-intergration situations. Some people feel that Quemoy and Matsu aren't important enough to make a "stand" for, while others feel that we have "backed-up" too far already.

In appointing Wilton B. (Slick) Persons of Alabama to succeed Sherman Adams, he has "killed two birds with one stone." First, he has a capable and much more amiable man than Adams. Second, "Slick" Persons is from the South and as a top adviser, we may see a "slicker" job of handling the integration issue.

Hope for France

Congratulations! to Premier Charles De Gaulle who seems to have won the hearts of the people of his country. They gave him a whopping 80 per cent "oui" vote for his Fifth French Republic Constitution. As a result let us hope that the French are really on their feet and that they may prove to be a truly strong and stable ally.

From Warsaw

In Warsaw, Poland: "same song, second verse." At first the talks over the Matsu-Quemoy situation seemed to have been a "get tough with Chiang Kai-shek" deal on the part of the Red Chinese. But now the plot thickens. Second verse as sung by Wang Ping-Nan, representative of the Peking Communists, "There are no hostilities, but only American provocations. Get your troops out of there and there will be peace. If you don't, we will push you out."

To me these have been the most aggressive words spoken in the conference. It is anybody's guess what is in the minds of Mao and Chou.

"The man who occupied this room," said the landlady, "was an inventor. He invented an explosive."

"I suppose those spots on the

YOUR PRESIDENT SPEAKS

AS I SEE IT . . .

By JERRY HULL

"He who takes but never gives might last for years but he never lives." Just the word "life" ought to make us bubble over with joy. The song "I Love Life" ought to be constantly pouring out from our hearts. But there is one thing that we must be constantly aware of and that is that life is GIVING, not getting.

The first place that we begin to give is with ourselves. Practically every student is holding himself back from his possibilities. This is done in many ways, but perhaps the two main ones are dreams of the past and dreams of the future. I challenge you as a student body to forget the past accomplishments and the future air-castles and begin to live for today. When the chains of prejudice are broken and we give our true selves to ourselves, we can then start for the heights.

We can live by giving of ourselves to our fellow students, friends and all with whom we come in contact. We can give of ourselves by a kind word, a sincere smile, and interested attitude, and in general just being a friend. A quote states very well what I am trying to say: "We make our living by getting, but we make our life by 'Giving'."

The third and most important way that we can live by giving, is giving ourselves to the one Eternal God. This is one cause to which we are obligated to give. If we would just review the happenings of this last week we would realize that we owe a debt which cannot be repaid. I am glad that this isn't a one-way street, but the more we give to Him the more we receive in return. Let's give of ourselves to the Master, the One who gave His all for us.

"He who takes but never gives might last for years but he never lives."

The teacher had taken her pupils for a trip through the Museum of Natural History.

"Well, my lad," asked Papa of little Elmer on the latter's return, "where did you go with your teacher this afternoon?"

"Huh," replied Elmer with disdain, "she took us to a dead circus."

—Neal O'Hara

In the heart of the Ozarks, I once lost my way and inquired of a native, "Am I on the road for Kansas City?"

"Whell," he said, "not exactly, bud. That road just moseys along for a piece, then it turns into a

Across the Pastor's Desk . . .

"IT'S THE MOST"

By REV. EUGENE STOWE

"It's the most!" How many times we have all heard this expression lately. One of our grand old American customs is to deal in superlatives. Without half trying we stretch the average or mediocre far out of its proper stature and label it "biggest" or "best."

Realizing full well that this is all true, I have grown cautious about predicting that a school year will be our "greatest" in spiritual things. But at the same time, I cannot fail to note indications which encourage me to believe that God is trying to do something unusual for us. I can truly say that in the six years which I have spent as pastor of College Church I have not seen a year beginning with such deep spiritual undertones as this one. Here are three signs which plainly point toward revival.

1. Two weeks ago one of our older students stopped me on the campus and asked for an appointment. As we sat in my office, he told me with great earnestness how he had been raised in a Christian home and in the Church of the Nazarene. He had joined the church and married a fine Christian girl. But with tears in his eyes he confessed that he had never really been born again. Now he was confronted with his spiritual lack in the face of great opportunities for serving God on and off the campus. As we knelt together, he poured out his need to God. When he rose to his feet, his face wore a new radiance, and he testified, "I've never felt like this before in my life!" Sign 1 on the road to revival.

2. When I returned from my trip East last Saturday night, I found that a spontaneous student prayer meeting had been held all last week in the early morning hours. As the prayer tide began to rise, several students had found victory with no preaching or special evangelistic services. Sign 2 on the road to revival.

3. As a result of these first two moves, it was no real surprise when God broke in upon our Sunday night service at College Church. When I rose to preach several young people minded God in getting to their feet to give a powerful witness to the grace of God in their lives. The sermon laid aside, others rose all over the congregation to testify. Tears flowed freely. God was graciously near. This is the service I have been praying and waiting for for six years! Then, without any protracted appeal, ten souls moved out quickly to seek God at the altar. Two more students prayed through in Chapman Hall after the service.

Yes, God is unmistakably moving among us. Let's walk softly, pray earnestly, and witness consistently and see what God can do!

Dedication to Communist Cause Told in Letter

THE WAY TO WIN

It takes a little courage
And a little self control
And some grim determination

\$5 parking fee at registration time. Students living in the dormitories at Bethany Nazarene College must pay a parking fee of \$10 a semester and an additional sticker must be placed in the right hand side of the back window.

BRAIN—Flying around the world on a weekend search for new wonders, modern man marvels at the machines that give him victory over time and space, while he carries within himself a greater wonder, undervalued and too often deliberately neglected. The finest of all mechanisms is one which can store uncountable millions of facts throughout seventy years . . . which controls two cameras, two sound recorders, and ten agile and adaptable tools. It is the human brain. But then we have been working on it for hundreds of thousands of years.—Gilbert Highlet

To duplicate the human brain with existing radio tubes, structure by structure, cell by cell, connecting fibril by connecting fibril, would require for each human being a machine almost as tall as Rockefeller Center, as large in area as the Cow Palace.—Lawrence S. Kubie

As a poet measured it: The brain has corridors surpassing material place.—Emily Dickenson

Corridors a Leonardo used, an Einstein. Corridors used by God's love in the mind of Christ! And what do we do with this intricate marvel the brain? It is literally true . . . no man has ever used more than a small fragment of his brain power.—Lawrence S. Kubie

With scorn, sadness, and some fear, a friend of mine remarked: Man lights his streets better than his mind. He is concerned about vitamins in his diet: he feeds his brain on empty calories produced for mass consumption. He spends billions on armaments, and—by comparison—pennies on education.

—Rae Noel

Religious Life

By JACK WRIGHT

Positive leadership by campus officers has gotten NNC off to one of its brightest years spiritually. The old cliché "let's make this the best year NNC has ever had," which used to have all the ring of a politician's promise, has indeed become the by-word around the campus.

Dr. Riley expressed his satisfaction at the way in which things have progressed thus far. He said that it seemed the campus religious leaders had taken the offense in promoting concern over the spiritual welfare on the campus.

Our morning watch prayer services have progressed from just a faithful few to nearly eighty students meeting each morning. Certainly we don't want to degenerate into "nose-counters," but it is some indication of the concern felt by the students for a good year in the most important phase of our college careers.

Revival Desired

Jerry Hull, our student body president, has written a letter on behalf of the student body to Rev. V. H. Lewis expressing our desire to have a mighty revival sweep over our campus.

Already in the dorms students have become concerned that they might become more than just nominal Christians and several have found real victory.

In prayer and fasting, Tom Nees read the testimony of a ministerial student who was converted to Communism. The devotion expressed in that letter was equal to St. Paul of old. The impact of that letter combined with the prayer of Dr. Riley made every student more

Cupid's Corner

By RUBY KEATING

Cupid slipped up last time and didn't acknowledge all the matrimonial events.

Miss Kay Reed became the bride of Mr. Richard Remillard on June 3. The young couple are living in Laverance, Massachusetts.

Cupid also overlooked the engagement of Miss Louise Jonas, daughter of Mrs. August Jonas of Portland, to Mr. Bob Faris, son of Mr. and Mrs. W. R. Faris of Boise. No definite wedding plans have been made.

determined to make this year successful in every way. Dr. Riley's prayer was more than just a prayer. It was a heart's cry to God of a devoted president.

Some of the times of prayer have been so meaningful, so filled with God's spirit that they are too sacred to put into a newspaper.

Prayerful Concern Noted

The finest thing that I have noted on the campus is the positive, prayerful concern of the campus leaders for the welfare of the souls of their fellow students.

NNC, like every religious organization, has three main groups. The lines which separate them are nebulous and hazy to be sure, but in general they are there. The first group is concerned, dependable and "sold out" to God. The second group is vacillating, unconcerned, and you are never sure where they stand. The third group professes no religious experience.

A revival never leaves a school, a church, or a person where it found them. Where will this revival leave you?

seemed to have been a "get tough with Chiang Kai-shek" deal on the part of the Red Chinese. But now the plot thickens. Second verse as sung by Wang Ping-Nan, representative of the Peking Communists, "There are no hostilities, but only American provocations. Get your troops out of there and there will be peace. If you don't, we will push you out."

To me these have been the most aggressive words spoken in the conference. It is anybody's guess what is in the minds of Mao and Chou.

"The man who occupied this room," said the landlady, "was an inventor. He invented an explosive."

"I suppose those spots on the wall are the explosive," said the roomer.

"No," said the landlady. "They are the inventor."

THINGS YOU CAN CONTROL

You can't control the length of your life, but you can control its width and depth.

You can't control the contour of your countenance, but you can control its expression.

You can't control the other fellow's opportunities, but you can grasp your own.

You can't control the weather, but you can control the moral atmosphere which surrounds you.

Why worry about things you can't control? Get busy controlling things that depend on you.

—Tales of Hoffman

THE MISSIONARY VISION

The sign of a healthy individual is one who thinks little about himself, and the sign of a healthy church is an active missionary program. For us to be Christian in any true sense is to feel responsible for the evangelization of the whole world.

A young man once asked Bishop Selwyn, "What shall I do for Christ?" And the Bishop replied, "Go where He is not, and take Him with you."

This is holy living. It is simple but powerful. It includes the man across the street, the woman at work, and the native in Africa. And if we cannot go, we can send others. I have heard missionaries say many times that the greatest need is prayer—men and women who will give themselves to prayer and intercession for the sowers in the harvest fields for Christ. Prayer is that force which moves God and men and brings the lost ones to Christ. A man who prays and sees a lost and dying world and the outstretched, loving arms of our Saviour cannot but speak and tell of those things he has seen and heard.

We here at NNC must keep active and growing in our missionary program, for "Where there is no vision, the people perish." Our beloved Zion and NNC will stand as it supports missions and sends out missionaries.

You now ask, "What can I do?" First, pray. Pray unceasingly! Attend prayer and fasting. Secondly, inform yourself. Read *Other Sheep* and some missionary books. Hear all missionaries that you have opportunity to hear.

Thirdly, give; give when the project for the year is presented, give in Thursday chapels, and give in your church missionary societies. Fourthly, consecrate yourself. Look for places where you can help. Write missionaries letters of encouragement. They will certainly appreciate it. There are many ways and possibilities for you right here on campus to help in spreading the "good news" of the saving power of Jesus Christ.

What shall your reward be? Let God's Word answer. ". . . and they that turn many to righteousness shall shine as the stars forever and ever." Dan. 12:3. "Knowing that whatsoever good thing any man doeth, the same shall he receive of the Lord," Eph. 6:8. "But this I say, he which soweth sparingly shall reap also sparingly; and he which soweth bountifully shall reap also bountifully," II Cor. 9:6.

—Roger Burkhart

might last for years but he never lives."

The teacher had taken her pupils for a trip through the Museum of Natural History.

"Well, my lad," asked Papa of little Elmer on the latter's return, "where did you go with your teacher this afternoon?"

"Huh," replied Elmer with disdain, "she took us to a dead circus."

—Neal O'Hara

In the heart of the Ozarks, I once lost my way and inquired of a native, "Am I on the road for Kansas City?"

"Whell," he said, "not exactly, bud. That road just moseys along for a piece, then it turns into a hog trail, then a squirrel track, and finally runs up a scrub pine and ends in a knothole."

—Louis Bromfield (Quote)

2. When I returned from my trip East last Saturday night, I found that a spontaneous student prayer meeting had been held all last week in the early morning hours. As the prayer tide began to rise, several students had found victory with no preaching or special evangelistic services. Sign 2 on the road to revival.

3. As a result of these first two moves, it was no real surprise when God broke in upon our Sunday night service at College Church. When I rose to preach several young people minded God in getting to their feet to give a powerful witness to the grace of God in their lives. The sermon laid aside, others rose all over the congregation to testify. Tears flowed freely. God was graciously near. This is the service I have been praying and waiting for for six years! Then, without any protracted appeal, ten souls moved out quickly to seek God at the altar. Two more students prayed through in Chapman Hall after the service.

Yes, God is unmistakably moving among us. Let's walk softly, pray earnestly, and witness consistently and see what God can do!

Dedication to Communist Cause Told in Letter

Editor's Note: The following letter is in possession of Billy Graham, who first made this letter public and vouches for its authenticity. Written by a man who originally planned to enter the Presbyterian ministry, it is addressed to a pastor in Charlotte, North Carolina.

"What seems of first importance to you is to me either not desirable or impossible of realization. But there is one thing about which I am in dead earnest. That is, the Communist cause. It is my life, my business, my religion, my hobby, my sweetheart, my wife and mistress, my bread and meat. I work at it in the daytime and dream of it at night. Its hold on me grows, not lessens, as time goes on. I'll be in it the rest of my life.

"When you think of me it is necessary to think of Communism as well, because I am inseparably bound to it. Therefore I can't carry on a friendship, a love affair, or even a conversation without relation to this force which both drives and guides my life. I evaluate people, books, ideas, actions according to how they affect the Communist cause and by their attitude toward it. I have already been in jail because of my ideas, and if necessary, I'm ready to go before a firing squad.

Sacrifices for Cause

"Now what does this mean for us Communists in a personal way? Well, it means this: We are in the forefront of the working class in its titanic struggle with the capitalist class. We take the heaviest and most direct blows. We have a high casualty rate. We're the ones who get stoned and hung and lynched, tarred and feathered, jailed and slandered and ridiculed, fired from our jobs and in every way made as uncomfortable as possible. A certain percentage of us get killed or imprisoned. Even for those who escape these harsher ends of life, it's not a bed of roses. A genuine Communist lives in virtual poverty. He turns back to the Communist party every penny he

THE WAY TO WIN

It takes a little courage
And a little self control
And some grim determination
If you want to reach the goal.
It takes a deal of striving
And a firm and stern-set chin,
No matter what the battle,
If you're really out to win.
There's no easy path to glory;
There's no rosy road to fame;
Life, however we may view it,
Is no simple parlor game.
But its prizes call for fighting,
For endurance and for grit,
For a rugged disposition,
And a "Don't-know-when-to-quit."
You must take a blow or give one;
You must risk and you must lose,
And expect that in the struggle
You will suffer from bruise.
But you mustn't wince or falter,
If a fight you once begin;
Be a man and face the battle,
That's the only way to win!
—Jame Willhite

Overestimating your ability may lead you to a fall, but underestimating it robs you of the nerve to make a start.

—Gluey Gleanings

makes above what is absolutely necessary to keep him alive.

"We constantly look for" places where the class struggle is the sharpest and exploit the situation to the limit of its possibilities. We have strikes, we organize demonstrations, we speak on street corners, we fight police, we go through trying experiences many times each year which the ordinary worker has to face only once or twice in a life time. And when we are not doing the more exciting things, all our spare time is taken up with the dull routine chores, the endless leg work, the errands which are inescapable, connected with running a live organization.

"Communists don't have the time or money for many movies or concerts or T-bone steaks or decent homes and new cars. We have been described as fanatics. We are. Our lives are dominated by one great overshadowing factor, the struggle for Communism."

DISCUSSION GROUPS HELD

Student Officers at Retreat Make Plans for Coming Year

Plans for the coming year were brought before the student officers at their retreat Oct. 3-4 at Lake View Village in McCall.

Discussion groups were held in three categories. Duties of incoming officers' discussion was held by chairmen Al Lewis and Roger Burkhart. It was suggested that the duties of each officer of each club be kept on file in the ASB office.

Social life discussion was led by Larry Halter and Dick Etulain. Chairmen for the Campus and Public Relations group were Larry Hull and George Harper. Student-to-student, student-to-faculty, and student-to-community relationships were discussed. Some suggestions made in this group were: the Men's Club sponsor a blind-date night; that freshmen meet one day before the beginning of the school year to be oriented in social and academic expectations. Also suggested to better community relationships were: that each student participate in politics—vote for issues, not political parties; and that students pay downtown bills promptly.

One highlight of the retreat was the devotional service held Friday evening with Prof. Elmore Vail giving a fireside chat.

In a general session Saturday, Dr. Culver discussed "Basic Principles of Group Leadership."

Over-all director for the affair was Dave Jennings. Jim Franklin headed the transportation committee; Roberta Miller, housing; Bev Johnson, food; and Don Ogburn, recreation.

Jacob Snowball 'Acquires' Name

By JIM FRANKLIN

Jacob Snowball was born in St. Michaelis, Alaska. Yes, that is his own last name. Years ago when his grandfather started working for some Americans in Alaska territory, they couldn't figure out the spelling of his Eskimo name for the payroll records, so they used the name "Snowball" which has stuck with the family.

Among the schools Jacob has attended are Stebbins Grade School, Wrangell Institute and Mount Edgecomb High School. At a vocational school he took courses in baking and cooking; after taking this course he worked in a bakery. At other times he worked on the railroad and on a seine fishing boat.

Les Shelton's father and mother

Marshall Science Announces Plans

This year's Marshall Science Club again offers choice projects for the scientific and adventure-loving individual. President of the club, Dale Orkney, announces several activities for the coming year. In the field of astronomy, a lens for a telescope will be ground. For the botanist a Kurtz Park field trip will be made, and all the trees and shrubs will be tagged as to their scientific nomenclature. The taxonomists of the club have a special and mysterious project.. They will try to obtain a very special collection of valuable "birdskins."

The aim of the club is to encourage its members to engage in private projects. Special emphasis will be placed on the individual aspect of scientific investigation. The News Letter, a scientific publication of the Marshall Science Club, will be continued this year. It offers the news and activities of the various science departments. In the summer it is used as promotional literature by the traveling groups.

Monthly programs of exhibits and lectures will be announced at a later date.

Many Students Active in CWB

Seven activity groups have been organized within the Christian Worker's Band which began its program of singing for the various rest homes, jails, and hospitals Oct. 4. Over 200 students have become active members of this service organization.

Vice president Gordon Olsen announced that "Soap, Soup and Salvation" will be the title of Miss Wilson's talk of her experiences in the Salvation Army, to be featured at the Oct. 23 meeting.

This week's inspirational service was held in cooperation with College Church with the "Week of Witnessing" as its theme.

CONFUCIOUS SAYS

"To know what you know and know what you don't know is the characteristic of one who knows."

"Do not worry about people not knowing you, but strive so that you may be worth knowing."

"The superior man is liberal toward others' opinions, but does not completely agree with them; the inferior man completely agrees with others' opinions, but is not liberal toward them."

Student Teaching Correction, Please

In the last issue of the Crusader, it was reported that the student teaching figure had dropped one below that of last year.

However, with still more applications expected to be filed for second semester, Mr. Feltar, head of the student teaching department, says that the figure now stands in the 50's rather than 48.

There are five more students doing practice teaching this semester than first semester of last year.

CMA Proposes Year's Activities

Those students entering full-time Christian ministry on our campus now total 73. Calls include pastors, missionaries, Christian teachers, evangelists, song directors, and lay full-time church workers.

The first session was held Sept. 30. The meetings held every Tuesday at 12:15 noon in the dining hall, will feature special speakers, group discussions, and Bible study. This will be a unique time each week for each ministerial student as he meets with those who share similar visions and as he plans for his life's work.

Committee work has been assigned. The committee chairmen include Alan Rodda, programs; Ralph Neil, advertising; Jack Wright, CMA news letter; Chuck Buster, placement; Ken Reeder, refreshments; and Alan Maine, sentinel committee.

UTAH STATE ADOPTS NEW EMPLOYMENT RULE

Under a new student employment rule adopted at Utah State University, the amount of income receivable by an undergraduate student employee of the university has been set at \$100 per month, according to Dr. Ellvert H. Himes, director of student services and activities.

The ruling specifies that no university employed student may earn over \$100 per month between the months of October through May. The maximum hourly wage on campus is \$1 and the minimum is \$.65.

Planning for the year's activities are these class presidents: Wes Aman, freshman; Don Thompson, senior; Gordon Olsen, sophomore; and George Harper, junior.

SNEA MEETS FIRST TUESDAY OF MONTH

Student National Education Association held its first meeting Oct. 7 in the Morrison Hall dining hall. Mrs. Edythe P. Leupp is the sponsor of this club and Larry Halter, president. NNC's chapter has the largest group in the state of Idaho.

This first meeting was a get-acquainted event followed by a short professional feeting. Students came dressed as they dressed when attending grade school, wearing pigtaails, freckles, beanies, and anything else worn in their younger days.

The first Tuesday of each month has been designated as the club's regular meeting time.

Opinions Found On College Marriages

To marry or not to marry while in college is a big question for many students. A Seattle Pacific College sociology professor, Dr. C. Melvin Foreman, has done research on the subject, recording the views of many students.

Here are some of his findings as reported by SPC's FALCON:

Forty per cent of the married couples said they wouldn't recommend combining college and marriage.

Wives who marry after their sophomore year but before graduation take a dim view of the venture. Perhaps in retrospect the time between their former single status and graduation now seems very short, but at present the graduation goal looks unattainable.

Wives who marry after high school graduation or in the freshman year seem happy. Perhaps their education aspirations were limited.

Couples who financed marriage with just one partner assuming major financial support didn't recommend marriage. Those who had worked out what they considered a cooperative financial program were willing to advocate marriage.

Having children while a student did not significantly affect attitudes. However, having an un-

CLASS OFFICERS PLAN FOR YEAR

Election of class officers for the current school year was held recently at NNC.

The senior class chose Don Thompson to the presidency; Harold Nevin, vice president; Helen Couch, secretary; Wally Stewart, treasurer; and Tom Tracy, student council representative.

George Harper leads the junior class with Bob Longanecker serving as vice president. Myrna Dean is secretary; Jerry Groenig, treasurer; and Larry Hull, student council representative.

Sophomores chose Gordon Olsen as president; Ed Hosford, vice president; Orene Maurer, secretary; Glen Slemmer, treasurer; and Al Lewis, student council representative.

Wes Aman was elected president in the freshman class; Richard Brooks, vice president; Lois Young, secretary; Larry Jackson, treasurer; and Ken Ammerman, student council representative.

Too Much For Him

The hostess at a large party, rather proud of her voice, rendered "Carry Me Back to Old Virginee" in a rich and throaty tremolo. She was touched to notice a distinguished white-haired man bow his head and weep quietly as the last notes floated over the room.

Jacob Snowball was born in St. Michaelis, Alaska. Yes, that is his own last name. Years ago when his grandfather started working for some Americans in Alaska territory, they couldn't figure out the spelling of his Eskimo name for the payroll records, so they used the name "Snowball" which has stuck with the family.

Among the schools Jacob has attended are Stebbins Grade School, Wrangell Institute and Mount Edgecomb High School. At a vocational school he took courses in baking and cooking; after taking this course he worked in a bakery. At other times he worked on the railroad and on a seine fishing boat.

Les Shelton's father and mother influenced Jacob Snowball to come to NNC. His impression so far is that NNC is a good place for young people to come and train for later life. He likes the way that the faculty and staff seem to take a sincere interest in the students. He enjoys living in Chapman Hall and wishes he had heard of NNC earlier.

In general he likes "down south Idaho" but says the weather is too hot and too dry. He says, "Alaska is still the biggest and the best state in the Union." Competition, Texas?

FBLA Drives For Membership

Officers of the Future Business Leaders of America Club are president, Harold Nevin; vice president, Bob Parker; and secretary-treasurer, Joyce Oldenkamp.

The chapter consists of business majors and any other students taking business courses who are vitally interested in furthering good practices in this field. Membership is composed of students now attending NNC and graduates of NNC, as well as faculty members and business men. It also includes those who are helping to advance business education and the FBLA, or who have rendered outstanding services.

Some of the purposes of FBLA are: to develop competent, aggressive business leadership; to create more understanding and interest in choosing business occupations; to strengthen the confidence of FBLA members in themselves and their work; to develop Christian character and to train for useful citizenship; to participate in cooperative effort; to encourage improvement in scholarship and promote school loyalty; and to establish standards for entrance upon store or office occupations.

NNC's chapter of the FBLA is the first in Idaho on the college level. Boise, Nampa and Caldwell established chapters recently with the assistance of the local chapter.

announced that Soap, Soup and Salvation" will be the title of Miss Wilson's talk of her experiences in the Salvation Army, to be featured at the Oct. 23 meeting.

This week's inspirational service was held in cooperation with College Church with the "Week of Witnessing" as its theme.

CONFUCIOUS SAYS

"To know what you know and know what you don't know is the characteristic of one who knows."

"The superior man is liberal toward others' opinions, but does not completely agree with them; the inferior man completely agrees with others' opinions, but is not liberal toward them."

MALE CHORUS CHOOSES OFFICERS

Recently the Male Chorus elected these students to office for this semester:

Bob Longanecker, president; Ron Mills, vice president; Roy Colson, secretary-treasurer; and Les Shelton, publicity chairman.

Pollster Gives Belief of Youth

What do young Americans believe? The Western Reserve University RESERVE TRIBUNE comments on what the polls say we think.

Almost half the people between the ages of 16-21 believe wire-tapping is O.K. One out of three believe a central government agency ought to censor movies, comic books, plays, radio, TV and newspapers—even dress. All this according to Eugene Gilbert, the expert youth surveyor.

There's more: In a recent issue of Editor and Publisher, a sampling of opinion from students at Purdue University revealed—60 per cent favored censorship! 58 per cent saw no harm in the third degree; 50 per cent were ready to dispense with freedom of the press; 25 per cent would grant police the right to search without warrant; 13 per cent would restrict by law religious belief and worship.

Gilbert also found, according to an article in Look magazine, that young voters just turned 21 didn't know and didn't care whom they had voted for in the last presidential election. Only two out of five said they had voted at all.

Pollster Gilbert has this to say about the election statistics: "These are college students, mind you, who are supposed to be getting the best possible all-round education, part of which presumably covers civic affairs and the individual's responsibilities therein.

"What the apathy and confusion must be like among those first voters who have not had the bene-

fit of a college education is too grim to think about."

The ruling specifies that no university employed student may earn over \$100 per month between the months of October through May. The maximum hourly wage on campus is \$1 and the minimum is \$.65.

Rev. Littrell

Fairview Church Begins Revival

Rev. Dick Littrell begins a revival in Nampa on Oct. 20 in the Fairview Church of the Nazarene. The meeting will continue through Oct. 26. Services will be held each night at 7:45 p. m. and 10:45 a. m. Sunday.

Rev. Littrell is pastor at Portland, Oregon. He is an outstanding pastor and evangelist. Before his pastorate at Portland, Ore., and Abilene, Tex. First Church, he served in the evangelistic field for a number of years. He has served on the General Young People's Council for two terms and is a graduate of Bethany and the Nazarene Theological Seminary. Everyone is urged to hear Rev. Littrell while he is in Nampa.

Rev. C. C. Whittington broadcasts over KFXD each day at 7:45 and 11:15 a. m., and on Sunday from 5 to 6:30 p. m. on "Hymns for all Churches." These programs are broadcast from the Fairview Church on Fairview and High Streets in Nampa.

—ADVERTISEMENT—

fit of a college education is too grim to think about."

The greatest thing in life is not material success
But just to honor God and live in love and happiness.
For what is all the glory gained by any selfish king?
His kingdom finally may not amount to anything.
However much estimate your earthly worth today
It matters only in the terms of how you love and pray.
Your home may have its value and your furniture its worth
But just how valuable to God are you upon this earth?
Remember God, and thank Him, as He helps you constantly
And do your best in every way to serve Him faithfully.

sophomore year but before graduation take a dim view of the venture. Perhaps in retrospect the time between their former single status and graduation now seems very short, but at present the graduation goal looks unattainable.

Wives who marry after high school graduation or in the freshman year seem happy. Perhaps their education aspirations were limited.

Couples who financed marriage with just one partner assuming major financial support didn't recommend marriage. Those who had worked out what they considered a cooperative financial program were willing to advocate marriage.

Having children while a student did not significantly affect attitudes. However, having an unplanned child created a negative feeling toward being a married undergraduate.

Students who began their first serious dating in college were hesitant to advocate marriage.

Parents play a part in the success of the campus marriage. Men who were reluctant to recommend marriage came from homes where there had been strong parental opposition to the marriage in the first place. Parental opposition did not appear to be a factor in the lives of wives opposing college marriage.

Danforth Foundation Invites Applications for Fellowships

The Danforth Foundation, an educational foundation located in St. Louis, Missouri, invites applications for the eighth class (1959) of Danforth Graduate Fellows from college senior men and recent graduates who are preparing themselves for a career of college teaching, and are planning to enter graduate school in September, 1959, for their first year of graduate study. The Foundation welcomes applicants from the areas of Natural and Biological Sciences, Social Sciences, Humanities and all fields of specialization to be found in the undergraduate college.

President John E. Riley has named Prof. Francis Reeves as the Liaison Officer to nominate to the Danforth Foundation two or not to exceed three candidates for these 1959 fellowships. These appointments are fundamentally "a relationship of encouragement" throughout the years of graduate study, carrying a promise of financial aid within prescribed conditions as there may be need.

The maximum annual grant for single fellows is \$1,000 plus tuition and fees charged to all graduate students; for married fellows, \$1,000 plus tuition and fees charged to all graduate students with an additional stipend of \$350 for each

Sophomores chose Gordon Olsen as president; Ed Hosford, vice president; Orene Maurer, secretary; Glen Slemmer, treasurer; and Al Lewis, student council representative.

Wes Aman was elected president in the freshman class; Richard Brooks, vice president; Lois Young, secretary; Larry Jackson, treasurer; and Ken Ammerman, student council representative.

Too Much For Him

The hostess at a large party, rather proud of her voice, rendered "Carry Me Back to Old Virginee" in a rich and throaty tremolo. She was touched to notice a distinguished white-haired man bow his head and weep quietly as the last notes floated over the room.

As soon as she could, she went over to him and said:

"Pardon me, but are you a Virginian?"

"No, madam," said the elderly man, brushing away a tear, "I am a musician."

child. Students with or without financial need are invited to study.

A Danforth Fellow is allowed to carry other scholarship appointments, such as Rhodes, Fulbright, Woodrow Wilson, Marshall, etc., concurrently with his Danforth Fellowship, and applicants for those appointments are cordially invited to apply at the same time for a Danforth fellowship. If a man received the Danforth Appointment, together with a Rhodes Scholarship, Fulbright Scholarship, or Woodrow Wilson Fellowship, he becomes a Danforth Fellow without stipend, until these other relationships are completed.

All Danforth Fellows will participate in the annual Danforth Foundation Conference on Teaching, to be held at Camp Miniwanca in Michigan next September, 1959.

The qualifications of the candidates as listed in the announcement from the Foundation are: men of outstanding academic ability, personality congenial to the classroom, and integrity and character, including serious inquiry within the Christian tradition.

All applications, including the recommendations, must be completed by January 31, 1959. Any student wishing further information should get in touch with Prof. Reeves.

Spartans Place In Closed Night

Placing first for the second consecutive year in the annual Closed Night activities held recently was the Spartan society. The society had 62.6 per cent of its total membership present which entitled the winners to 400 points toward the faculty loving cup.

The LSP's ranked second with 59.8 per cent and 300 points. Running a close third place was the SLA society, only .6 per cent behind the LSP's, with 59.2 per cent and 225 points. The Athenians totaled 54.8 per cent for fourth place and 175 points.

Dropping into the forty per cent mark and into fifth place was the ADP society with 49.1 per cent of its total membership present, accumulating 125 points. The Oly's placed sixth with 47.8 per cent present, giving this society 75 points toward the coveted cup.

Circle K Nets \$80 for Crippled Children's Benefit

Larry Hull, Circle K president, reports that approximately \$80 was given to the cause of rehabilitation of crippled children as a result of the salted peanut sale held recently.

At the club's next meeting, election of new club and board members will take place.

The project for this year is to finish paying for the Mangum Hall prayer chapel which was completed last spring. Plans are now being laid for two new financial projects—a clothes hanger drive,

DORMS SPONSOR SOCIAL PARTIES

Swimming parties at Givens Hot Springs have served as the means of getting acquainted for the women in Morrison, Mangum, and Hadley Halls this year.

President Ethel Kraft reports that Morrison women are enjoying the new hi-fi set in the redecorated recreation room.

This year Hadley residents have become secret pals. Each woman is a secret pal, and has a secret pal for whom she does nice things throughout the semester.

Mangum coeds are working on a money-making project. They also have new furniture in several of the rooms.

There are three women living in the Home Management House. They have been selecting new furniture and drapes in preparation for the home management course which will begin about Nov. 1.

Freeman Elected Prexy Men's Club

Al Freeman was elected to head the Men's Club this year at its last meeting. Serving with him are Sam Willard, vice president; Jim Bateman, secretary-treasurer; Dale Knott, program chairman; and Lauren Ellis, sergeant-at-arms.

Plans are being made for the traditional beard-growing contest, climaxed with Stag Night.

and a work day on the college campus.

Readin' Between the Lines

By BOB ANDERSON

In first place in men's softball are the SLA's who have won all of their games. Dave Stuart, SLA pitcher, has been outstanding in holding the best hitters to outs. In the first game against the OLY's, Stuart pitched a no-hitter. Stuart has held opposing teams to 15 runs while the SLA sluggers have blasted 26 hits for a total of 26 runs.

* * *

Do you have trouble when watching a football game because you don't know the difference between a touchdown and a touchback? By unanimous vote, we of the Crusader decided that an article should be written to help some of the more less intelligent football fans to understand common gridiron terminology. After reading this article you should be able to enjoy a football game even if it's cold and snowing; your girl borrowed the car two days ago and hasn't come back—consequently, you had to walk three miles to the game; and the joker next to you brought garlic sandwiches from home.

Backfield in Motion

Quarterback call for play "20 draw pass left." Left halfback misunderstood, and thinks he has called play "20 draw pass right." Right halfback isn't even listening and doesn't know what play he's called. Fullback thinks quarterback is an ignoramus, decides to run play "fullback pass to the right." Play ends in an 18-yard loss, as the left halfback collides with the quarterback and the right tackle ends up with the ball.

The Safety

Play begins when quarterback calls for "x-33" which designates an off-tackle slant with the fullback carrying the ball. At this point, left tackle decides he has taken enough of a beating for one day, and sneaks off the field to seek "safety" hiding behind the opposing team's bench. Fellow players, failing to notice he is gone, continue playing with 10 men and wind up losing the game 98-0.

Spartans Top Women's Sports

Participation for softball has been good this season. Filling the pitcher's mound and behind the plate respectively are: ADP's Martha Hopkins and Edna Cramer; Athenians, Dorothy Mittleider and Kathy Pershall, Luella Daniels; LSP's, Joan Ogburn and Barbara Urwin; SLA's, Minnie Humphrey and Lois Draper; Spartans, Mary Waller and Linda Maestretti; Olympians, Mary Lee Lester and Lois Gardner.

Team standings are: Spartans, 4 wins, 0 losses; SLA's, 3 wins, 1 loss; ADP's, 3 wins 1 loss, 1 tie; Athenians, 2 wins, 2 losses, 1 tie; LSP's, 1 win, 4 losses; and Olympians, 0 wins, 5 losses.

Play is nearing the end in intrasociety competition in tennis and badminton.

GNG Pamphlets Introduced to Freshmen Women

Pamphlets introducing Gamma Nu Gamma to the freshmen women were distributed in the physical education classes last week. The women were urged to participate in the intramural program so as to become an active member of GNG as soon as possible.

GNG is a service club consisting of Christian young ladies who are interested in the progress of women's athletics on NNC campus.

Plans for a fall party and the annual spring outing are under way. President Martha Hopkins also urged the members to begin working on the tip-off preparations.

The first group meeting will be held Oct. 21.

The Quarterback Sneak

Play begins with quarterback remembering he has made a tennis date with a cute little Alpha Chi. So he indicates play "A-77" which calls for him to go out on flanker as ball is snapped to fullback. Since all eyes follow fullback, quarterback moves laterally across field until he reaches locker room and then he changes into tennis clothes. Play loses 3 yards. Quarterback loses to Alpha Chi: 6-0,

Typical scene during the opening round of softball.

Sports Shorts FROM INTRAMURAL SCENE

By BOB LONGANECKER

Play ball! shouted the umpire. No time was wasted as the softball season fell into full swing Sept. 22. You'd have thought the world series were being played early, the way fellows double-timed to their positions.

With enthusiasm like that, it was no wonder the spectators filled the stands to watch the first battle between the ADP's and Athenians. The fellows battled back and forth right down to the seventh inning when Larry Halter pulled a Babe Ruth and ended the game to the liking of all unbiased fans—tie 6-6. The ADP's were sparked by Tindell on offense and White on defense.

The following day found the Spartans challenging the LSP's. The LSP's found real competition as they bowed 24-9. Jackson, Hull, and Wesche laid wood to the ball for the losers, but a host of Spartans found the range and scattered 15 hits for a victory.

Every year amazing events take place on the field and Sept. 25 was one of those days. "Ham and eggs" Stuart pulled the string on the Oly's and kept them hitless. Upsets were predicted but few expected last semester's softball champs to bow without a hit.

Spartans Defeat ADP's

Friday saw the Spartans squeaking by the ADP's 7-6. Fine, Mathis, and Bateman had big sticks for the winners.

The ebullient week of sports closed Sept. 27 as the SLA's breathed a little less and squeezed by the Athenians 4-3. Anderson tallied two hits for the winners and Halter, of the Athenians, collected two.

Constable Heads Lettermen's Club

Officers for the coming year were elected at the first meeting of the "N" Club. This is the club for varsity lettermen of the college.

Elected as president, Don Constable; vice president, Dick Etulain; secretary-treasurer, Tom Tracy; program chairman, Don Ogburn; chaplain, Sam Willard; and sergeant-at-arms, Bob Peppley.

Dick Etulain, Don Ogburn, and Dale Orkney were appointed to the initiation committee.

In charge of the 1958-59 Press Book is Al Freeman. It will be edited by Dick Etulain. Dan Etulain will have charge of the advertisements will selling under the direction of Dave Jackson.

The week of Sept. 29 saw the Oly's regain composure, and win a close one from the LSP's 10-9. Rodda, Hull, and Wright hit with accuracy while Jackson and Lisk helped the LSP cause.

SLA's Outhit ADP's

SLA rooters witnessed another fine game Sept. 30 as the SLA men defeated the ADP's 8-5. Reports have it that Bill Cummings beat out a bunt for a home run. Nice going, Bill, the Athletic office would like to have that play.

Records show the Oly's to be loaded with pitchers. Rodda commanded the play Oct. 2 in defeating the Spartans 8-6. Wright and Ogburn complete the Oly pitching staff.

Our sincere appreciation goes to those efficient referees!
