## Societies Present "Anne of Green Gables"

### NNC Professors Receive Fellowships

Dr. John Riley, president of Northwest Nazarene College, announced Wednesday night that three members of the college faculty have been awarded substantial financial grants for advanced graduate study.

Two of the men—Paul E. Kunkel and Robert C. Woodward—have been awarded National Defense Graduate Fellowships. The third, M. Francis Reeves, has been given a Danforth Teacher's Study Grant.

President Riley said a National Defense Graduate Fellowship is an award intended to enable the holder to work toward a doctoral degree in his field of study. Kunkel, who received a three-year grant, will study at the University of Idaho. Woodward, who already has begun graduate work, will complete doc-

toral studies at the University of Oregon.

Referring to Prof. Reeves, Dr. Riley said he was chosen from some 600 available Danforth grants.

"We appreciate the recognition which is being afforded our faculty members by their being chosen for such substantial grants," said President Riley.

Both Kunkel and Woodward were graduated from NNC in 1951. Kunkel was named to membership in Phi Delta Lambda, national scholastic honor society, and received the coveted faculty award as outstanding student in his class.

He received the B.D. degree from Nazarene Theological Seminary in 1954 and joined the NNC staff in 1955. While at NNC he has served as associate registrar and has taught part-time in the departments of English and theology. He is executive secretary for the NNC Alumni Assn.

A native of New York, Woodward taught social studies in the Boise public schools from 1951-58. In 1955 he was given a year's leave of absence to pursue graduate studies as a Ford Foundation Scholar in history at the University of Oregon. In 1958 he joined the NNC faculty as instructor in history.

Woodward has been asked to read a paper on William Simon U'Ren at the Pacific Northwest History Conference which is to be held at the University of Washington next month. He is also the author of an article on the Single Tax Movement in Oregon which will appear in the next issue of the Oregon Historical Quarterly.

— (Continued on Page 2)

### Pre-Registration Nears Completion

Approximately 90 per cent of the returning students cooperated Monday in the Pre-Registration for the fall semester.

Students met Monday during the chapel hour with their major professors and were introduced to the new single adviser system and to the curriculum plan set up by an Academic Council. The revised schedule was received with general enthusiasm.

Students are expected to confer with their advisers before April 23 to outline their course of studies, to preview their anticipated program, and to check all degree requirements.

The new Pre-registration design will make several improvements. It will be the basis by which courses are deleted because of insufficient enrollment, text books are ordered, and room assignments made. It will greatly reduce registration difficulties on the part of both students and faculty members next fall.

All students who expect to enroll next fall should arrange to finish their interviews as soon as possible and leave with their adviser their check sheets and a tentative course of study.

Shown rehearsing for tonight's production, "Anne of Green Gables," are Kathy Ketchum, Joan Ogburn, Marjorie Edgar, and Al Lewis.

### NNC Theology Head Named to Board

Prof. A. Elwood Sanner, head of the department of theology at Northwest Nazarene College, has been named to the board of directors for the Northwest Conference of Religion and Higher Education.

Prof. Sanner was nominated at a recent meeting of the conference by Dr. P. A. Wesche of NNC, retiring director, who also nominated Prof. Lee Underhill, head of the department of religion at the College of Idaho. Both men were elected to serve three-year terms.

This year's conference was held at West Lynn, Ore. Speakers included Dr. John Dillenberger of Drew Theological Seminary and Prof. Charles McCoy of the Pacific School of Religion.

### Music Recital Set for Saturday

Piano and organ pupils of Alline Swann will be presented in recital at the Swann Music Studio tomorrow (Saturday, April 9).

Students who will appear on the two o'clock program are Gayla Stowe, Jan Corlett, Carol Schade, Candy Clift, Jan Johnson, Marie Corlett, Bob Young, Mary Lou Hoffman, Don Stowe and Steve Fletcher.

Re-appearing on the 3:15 high school recital will be Don Stowe and Steve Fletcher. Others featured in this concert will be Eugene Lubens, Janice Ogilvie, Patty Mangum, Judy Hoffman, Susan Hoffman, Evelyn Sanner, Carolyn Younger, Gail Riley and LaVonne Tieg.

At 4 p.m. the following college-age students will perform: Denis Butchart, Shirley Thiessen, Anita Wilson, Gerald Nelson, Phyllis Fletcher, Lois Young, Sharan Perkins, Naomi Crofford, June Venable, Sharon Satrum, Dave Mattson, Peg Bramson and Barbara Bosley.

### CURTAIN TIME SET FOR 7:30 P.M.

By GILLIAN FAVOR

Kathy Ketchum, freshman from Eugene, will make her first appearance in an NNC play tonight when she portrays "Anne" in the comedy presentation, "Anne of Green Gables."

Curtain time will be 7:30 p.m.

Supporting her in major roles will be Joan Ogburn, senior, who is cast as Marilla Cuthbert, elderly spinster, and Al Lewis, junior, who plays Marilla's crusty brother, Matthew.

Others who will appear in the Oly-SLA-LSP production include Sandi Patton, Naomi Shawen, Margie Edgar, Carolyn Eby, Bob Hilliard, Ron Johnson, Edith Ness, Donna Miller, June Venable, Phil Ness, Ralph Neil and Mary Lee Lester.

Directing the play are Ginger McKenna, Edith Ness and June Venable. Assisting with staging, make-up, etc. are Naomi Crofford, Dorothy Robbins, Shirley Schoenborn, Richard Benner, Gary Lee, Bonnie Nealeigh and Marvin Pemberton.

Dramatized from the popular novel by L. M. Montgomery, tonight's story depicts the adventures of a vivacious orphan girl who completely changes the lives of Matthew and Marilla.

Max Read, ticket chairman, reports that tickets are still available for the two-night showing.

The play will be repeated again tomorrow night.

### MALE CHORUS STARTS TOUR

Prof. Marvin R. Bloomquist and members of the NNC male chorus will leave tomorrow for an eight-day tour of the Northwest.

Marvin Sporleader will accompany the group as sponsor and Prof. T. C. Leckie will be accompanist.

The 28-man group will present its first concert Saturday night in Pullman, Wn. Sunday, April 10, will find them in Lewiston, Ida., and Pomeroy, Wn.

The group will sing in Yakima, Wn., on Monday night and in Wenatchee on Tuesday. They will perform in Seattle and Tacoma on Wednesday and Thursday.

Rounding off the week-end will be a Friday night concert in Kelso to be followed on Saturday in Richfield. On Sunday morning they will sing in Vancouver, Wn. and on Sunday afternoon they will be in Portland, Ore.

### NNC Graduates Win Scholarships

Two former NNC students—Donna Wilson Parsons and E. Harold Harper—have been awarded National Science Foundation scholarships for advanced work in education and science this summer.

Mrs. Parsons, a high school teacher, is the daughter of Prof. and Mrs. Mallalieu A. Wilson. She will attend a special workshop in physics at the University of California.

Harper, who is the son of Mr. and Mrs. Edward J. Harper, will pursue post-doctoral studies at the University of Wisconsin. He received his doctor's degree in education from Michigan State University and is now a college instructor in California.

Harper will join 30 other college teachers in a special workshop in Arithmetic for College Teachers.

### Graduate Record Exams To Be Given April 22 and 23

April 22 and 23 are the dates set for the Graduate Record Examinations given sophomores and seniors. Miss Evelyn Gray is in charge of giving the tests and different faculty members will be assisting her.

Both sophomores and seniors will be taking the Area Tests. This series includes three seventy-five minute tests, one each in Natural Science, Social Science and Humanities. The Area Tests measure breadth of knowledge and understanding in these three broad areas of the liberal arts. The sophomores will be taking these tests in the dining hall on Friday the 22nd from 7:45 a.m. till 12:15 and the seniors will be taking them at the same time in the library.

On Friday afternoon the sophomores will be taking English tests, also held in the dining hall. These will be held from 1:30 p.m. until 3:45. From 8:30 a.m. through 12:15 on Saturday morning in the library will be the Advanced Tests for the seniors. These tests are designed to measure the achievement of the college senior in his major field of study, at or near graduation.

Notices are now being sent out to inform the students that have to take these tests. If you do not receive one, be sure to check with Miss Gray.

### MRS. HOWE ATTENDS FAMILY LIFE CONCLAVE

Mrs. Letty Howe, head of the home economics department at NNC, returned to the campus recently from Portland, Ore. where she attended the Pacific Regional Conference in Family Life.

Sessions were held at the Sheraton Hotel and key speakers were Dr. and Mrs. Ernest Osborne of New York. Dr. Osborne is on the faculty at Columbia University and Mrs. Osborne teaches at Sarah Lawrence College. She also serves as a counselor in family living and marriage at that institution.

Next annual meeting of the group will be held at the University of Idaho next year.

**PRESIDENTIAL QUALITIES**

By KATHIE SANTO

With election time drawing near, much is being said around campus these days with regard to qualities needed in a student body president. Let's take a few minutes here to analyze what we, as students of a holiness college, should be looking for in a leader.

First and foremost, our student body president should be a spiritual giant. Whoever we choose will pretty much set the pace insofar as the spiritual tone on campus is concerned; consequently, we need to be on the lookout for a leader who is living a daily, dedicated Christian life.

The president of our student body should be a living example of the standards and ideals that are our heritage as NNC'ers. Then, too, he needs a sincere desire for the betterment of NNC.

We must be careful to select someone who has an intimate knowledge of campus life and problems and who, through integral participation in every ear of campus life, is interested in and acquainted with many students.

The man we select should be a dynamic leader with objective, positive ideas for effective student government. The ideal candidate should have courage to stand for what he believes to be right and drive to follow through and accomplish his goals.

An ability to work with the faculty and administration is an important factor, too.

Another very important facet to be considered is the fact that we are choosing someone to represent not only our school but each one of us. Outsiders tend to judge a student body by its president, and we must be careful to select a leader who will do us proud in this capacity. We need someone who can meet people easily and converse intelligently with them.

As we go to the polls soon, let's remember to vote objectively for the candidate best representative of our student body.

**AS OTHER COLLEGES THINK . . .**

(ACP) In a faculty forum column in Follins College (Fla.) SANDSPUR, a Rollins professor of economics states his position on atomic warfare:

"The current American 'party line' is that Communism is mankind's greatest enemy and that freedom as we know it must be preserved at all costs, including nuclear war.

"Some of our outstanding scientists, educators, clerics and businessmen see the future differently. To them, the dangers of atomic war far outweigh the dangers of Communism. Their argument is that large scale use of nuclear weapons in World War III would definitely wipe out the entire human race.

"The point is rarely put bluntly, but it is this: Human freedom would re-emerge quicker from a dictatorship of men than from hierarchies of reptiles and fishes. If forced to choose, survival under the Soviets is preferable to race suicide.

"The blast effect of hydrogen bombs which could easily raze all cities less than 20 miles in diameter and quickly kill millions of people is terrible to contemplate. But is it nothing compared to the long-range after effects of radioactive fallout. Blast-created isotopes emitting deadly gamma rays will rise into the stratosphere and be blown by high altitude winds to all corners of the earth.

"The U.S. Atomic Energy Commission has admitted the fallout menace in its releases, trying to minimize the present genetic and leukemia dangers from a few bomb tests. It has never denied that total nuclear war threatens mankind's continued existence on the planet.

"Our atomic Frankenstein, however, is not the only menace. Others are wishful thinking and romantic ideas. 'It can't happen to us.' 'If atomic weapons are that dangerous they will not be used.' 'World government will save us.' 'I'd rather die a free man than live a slave.' 'Only cowards refuse to fight for their benefits.' and so on. What many seem to forget is that ICBMs with atomic warheads now make it impossible for a modern soldier to defend his family, his country or his religion by blasting the enemy.

"Since both alternatives are catastrophic, we need some way to avoid both. But what is it? Should we try to convince the Russians that living in a world dominated by capitalistic countries would not be worse than death to all mankind? That seems such an obvious truth, but the iron curtain may prove impenetrable. Should we then try to convince Americans that life under Communist rule offers more hope for an eventual return to human freedom than a planet devoid of human life? Or is that truth so much less obvious that we could not get it accepted here? Is there a feasible intermediate position, some 'live-and-let-live' approach?

"If this generation is not to be mankind's last, a road back from the brink must be found, and that quickly."

**Kunkel Announces Record-Breaking Senior Class**

"There are a potential of 114 seniors who may be eligible for graduation this year," says Paul E. Kunkel, associate registrar.

"If all of these are graduated, it will be the largest graduating class in the history of NNC."

Kunkel said that Mrs. Wanda McMichael, registrar's secretary, has made an extensive check of senior credits to insure full understanding of each individual's responsibility in preparing for graduation.

Students who plan to graduate must have all academic matters cleared in order to participate in class functions. This includes the clearing of all incompletes and/or D's affecting the major field, transferring in of any credits from other institutions and the taking of the graduate record examinations scheduled for April 22-23.

"HOW DID THE FACULTY MEETING GO, DEAR?"

**THE INQUIRING REPORTER**

By JIM FRANKLIN

WHAT ARE THE QUALIFICATIONS FOR A GOOD STUDENT BODY PRESIDENT?

**Jim Lenn**—He should be a Christian leader, have poise, be able to meet people easily, and be well adjusted socially.

**Edith Ness**—He should be a Christian first of all, have experience in leadership, be friendly and outgoing and know most of the students.

**John Reed**—He will win who is a good representative in appearance and speaking ability.

**Shirley Pautzke**—A student body president should be a devout Christian leader, have an interest in the students, be zealous for accomplishments, ambitious and have speaking ability.

**Jerry Dirske**—The ASB president should be a confident, well qualified speaker for he must represent the school in many different ways. He should be a definite Christian with high leadership qualities.

**Doris Johnson**—He should have very high leadership qualities, be well organized in thought and program to be carried out, and be an outstanding Christian with high ideals.

**Roger Burkhart**—1. Character and integrity. 2. Have the genius to see the needs and problems of the students and teachers and have a program for their solution. 3. Communicative ability—to be able to express his ideas well and get them across to be carried out.

**Letter to the Editor**

We will take all suggestions for improving the Bean and then we will let the Student Council fix it the way they want to.

Everybody was rejoicing because the Bean was opening again—at last. Now there would be no more "long" trips to the Pac-Out or the Dairy Queen.

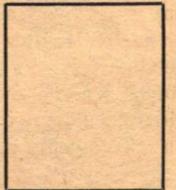

Suggestions were being taken to improve the Bean to suit the students. A larger menu was installed and the prices were moderate. Pretty girls were hired to work behind the counter. A juke box was also installed. Everything was just a "bed of roses" until a thorn stuck one of the members of the Student Council.

Now 76 of the 200 songs on the juke box are missing. Many of those were favorites of the students that patronized the Bean.

Student government is wanted on the campus of NNC, so why not let the students decide what they want on the juke box by vote. Let the majority rule and let's have the 38 records replaced.

—Gil Craker

**WANTED**

This person is wanted by the General Missionary Society for not paying the pledge that he made for the project field, Korea.

An Eternal reward is offered for the person who pays the pledge.

Could this be your picture? Are you one of the pledgers who has not paid his pledge? If so, try to pay it as soon as possible.

of a year of doctoral study at Ohio State. He is considering completing his doctorate at Boston, Yale or Harvard.

**NNC PROFESSORS**

(Continued from page 1)

Prof. Reeves was graduated from Olivet Nazarene College in Kankakee, Ill., and received his M.A. in philosophy from Ohio State University. He received the B.D. degree from Nazarene Theological Seminary.

Reeves joined the faculty at NNC in 1953 and has taught at the college since then with the exception

**EASTER AND ITS MEANING**

By CHUCK BUSTER

Is it again time for members of Christian Churches all over the world to observe the commemorable resurrection of Christ. This is done each year on the first Sunday after the full moon following the vernal equinox.

When one thinks of Easter, he thinks of the Easter egg, the Easter bunny, the Easter bonnet, and the Easter lily. It is interesting to note where the word "Easter" came from. The resurrection of Christ was in the spring. When Christianity reached the Tuetonic tribes in Germany it became easy to celebrate the resurrection of Christ the same time they had their big feast held in honor of the death of winter and the birth of a new year and the return of the sun. They also had a spring goddess that they worshipped whose name was Ostara. It is from her that we get our word "Easter."

The significance of the egg comes from the ancient Egyptians and Persians who colored and ate eggs during their spring festival as a symbol of new life. The Christians began to use the egg as the symbol of the resurrection of Christ.

The Easter rabbit came from ancient Egypt, also. The new Easter bonnet and the wearing of new clothes on Easter came from a superstition that if one did not wear something new during the spring festival it meant bad luck. During the Civil War the Protestant churches chose Easter Sunday with its promise of victory of life over death as a time to bring consolation to the bereaved. The clergy preached special sermons and the church was decorated with lots of flowers. The Bermuda lily was so widely used that it became known as the Easter lily.

Easter is becoming more and more commercialized with lots of feasting and merry making. In the midst of this let us beware lest we be taken in by the customs, feasting, and merry making to the point that we forget the real significance of Easter. The resurrection of Christ is historically the foundation of the Christian Church. Let us keep this uppermost in our minds as we go home for Easter vacation in a few days.

## Interior Decoration for New Dormitory To Feature a Variety of Color Schemes

By JOYCE OLDENKAMP

In 114 days (August 1) the new Bertha Dooley Hall will be completed. Most NNC co-eds will not see the dorm in its completed form until mid-September. To satisfy growing curiosity, let's take a tour through the new dormitory, noting especially the interior decoration.

A look into the work done by Mrs. Kathryn Jane Joseph of Boise who made the plans as a project towards her Master's degree in interior decoration at the University of California, reveals that the inside of the dormitory will be very attractively furnished.

Blues, greens, and browns will deck the large parlor which has a tan tile floor. An interesting feature of the parlor is the large fireplace which will be made of blue, green and brown colored brick.

The recreation room will be floored with a tan cement filling. Walls and woodwork will be a very light beige. Aqua, orange and turquoise chairs will add color to the room.

The lounges in each wing will be similar in arrangement but different colors will be used in the furnishings for variety. Similar features of the lounges will be the brown tile floors and tan drapes. A color combination of orange, brown, and yellow will be used in the furnishings of one wing lounge; red, brown and yellow in another; and seaform green, tan and turquoise in the other.

The girls' rooms will be arranged similarly too, with the use of different spreads and desk chairs in each wing for variety. Like features in the rooms will be the light tan coloring of the walls, brown flooring, birch built-ins, natural drapes, and white desk tops. Colors to be used for the spreads and chairs are the following combinations: tan and white spread with birch chair; brown and orange spread with cocoa brown chair; blue and light-green spread with light-green chair; brown blend spread with yellow chair, blue-green blend with natural chair, and a deep red blend with red chair.

## Chapel Schedule

Monday 11 - Faculty, Milton Dean  
 Tuesday 12 - Not Scheduled  
 Wednesday 13 - Christian High Choir  
 Thursday 14 - Easter Vacation  
 Friday 15 - Easter Vacation  
 Monday 18 - Easter Vacation  
 Wednesday 20 - Circle K  
 Thursday 21 - Special Speaker  
 Friday 22 - Senior and Sophomore Tests  
 Monday 25 - Nomination and acceptance of ASB President

It's a bit of knowledge that when grandma was a girl she did not do the things that girls do today. But, too, grandma did not do the things that grandmas do today.

## ACTIVITIES CAUSERIE

By CONNIE

Dorm council members of MORRISON HALL were feted at a surprise party on March 29. Council members with Mrs. Harold Volk, Dr. Thelma Culver and Miss Helen Wilson enjoyed dinner at the Pancake House in Boise. Later they returned to the dorm where they were greeted by a band and other festivities.

Members of PHI BETA LAMBDA met recently for a field trip to Boise. Ralph Antrim, February panel speaker, served as host for the group at the general offices of the Idaho Power Company.

After separating into three groups to become acquainted with the Budget Finance Plan, Family Finance Corporation and Household Insurance Corporation, the entire entourage met again at Miss Hartley's home for a buffet supper.

Serving on the food committee were JoAnn Horne, Cordella Roth and Dorothea Dixon with John Clark heading the transportation committee.

HOME ECONOMICS classes have taken to the road this spring what with a full agenda of planned field trips. Thursday, March 17, found members of Miss Tombaugh's Beginning Foods class touring Home Dairies.

On March 21 the House Planning Class visited three houses now under construction in the community. Visits were timed to complement a study of blueprints and their use.

Ron McGilvra reports that prayer meetings at CHAPMAN HALL are still a vital link in the chain of activities at that dormitory. March prayer meeting speakers included the Rev. and Mrs. Ellwood Munger and Jack Wright.

## CHARLEY SEZ . . .

In Britain they are discussing the contents of Full Circle, and memoirs of Sir Anthony Eden; in Cuba, Castro is still haranguing the United States; in South America they are analyzing the recent Eisenhower visits—and on the NNC campus they are "politickin'."

Wisconsin holds its presidential primary in April; Oregon, in May; California, in June—and NNC will hold its primary for ASB president on April 27. Nominating speeches will be given in chapel on April 25.

Democrats are watching Kennedy, Johnson, Symington, Humphrey and Stevenson; Republicans are backing Nixon—and NNC students are mentioning such names as Olson, Benner, Lisk, Neil and Groenig.

November 8, 1960, will see a new U. S. President elected, and April 29 will see an ASB president elected for NNC for 1960-61.

Much has been written about love's blossoming in the spring, but for a month, at least, love will have to move over and make way for campus politics.

## KNOWLEDGE PAYS OFF

Spokane, Wn.  
 March 14, 1956

Miss Helen Wilson  
 Northwest Nazarene College  
 Nampa, Idaho

Dear Miss Wilson:

Two days ago radio station KREM started a contest and asked people to send in tongue twisters to be read on the air. The announcer was to read them three times and if he made a mistake anytime during the reading they would send that person a prize.

Immediately, I remembered Miss Wilson's speech class and the one on the miscuit bixer—or "sompin". After much effort typing this, I sent it to KREM. Today they read the first one and it was mine. At the end of the twister on the first reading he "goofed".

I am now the proud owner of a \$22.95 Johnson's spinning reel. I feel I am not entitled to all of the credit so would like to pass a token along to the one who most deserves the credit.

Enclosed is a sample of some of my 3 lb. fishing line.  
 Thank you for making my college education pay off.

Sincerely yours,  
 /s/ Keith Jones

## A Buck's Worth of New Light

By BOB ANDERSON

This is what you might call a sports conglomerated week-end. Tonight the wielders of the ash clubs are scheduled to play the BJC Broncos at Boise at 3:00. Ernie Thompson, who leads the Crusaders in batting percentage, is again making opposing pitchers wish they had gone out for the clay-modeling team instead of baseball.

Scheduled for tomorrow is the NNC Invitational Track Meet. This will probably be the best home track meet this year and everyone that can should go and support our team. I have always liked to go to track meets and watch the runners go through their paces. There is nothing more thrilling than the breathless moment before a record is broken. It is very possible that some will fall tomorrow.

Also this weekend the chess team will play the checker team in a combined game called "chesskers." The bow and arrow club is sponsoring a game called "Manhunt." We hear they're using live targets. And to finish off this sporting weekend in grand style, Ron Mills is putting his World Champion Eating Crown at "steak" tomorrow night by taking on all comers in an eating contest. We urge you not to miss any of these exciting events.

## NNC Grandstand Basketball Greats

By Bob Anderson

### FIRST TEAM

#### DAVID "GALOSHES" JENNINGS

"Galoshes" set an all time Western Coast Conference record during the NNC-Whitman game last year by having himself paged 47 times over the public address system.

#### GEORGE "RAH-RAH" HARPER

Harper became a Grandstand Great when he was barred from all scheduled NNC games during 1955-56 for burning the NNC coach in Effigy, which is a small town just outside Nampa's city limits.

#### MONROE FERNFEATHER

During an away NNC-C of I game in 1949, Fernfeather became the first NNC man to sit through both halves in the C of I cheering section. He was given a full military funeral and graduated posthumously.

#### RALPHY "S.M.O." OCHNEAL

Ochneal set a school record during a NNC-BJC game in 1958 by stomping down on 74 consecutive empty Coca-Cola cups, producing a loud POP every time.

#### BEAUREGARD GERALD VAN ORDER

One night preceding a NNC-Western Montana game, VanOrder slept outside Central Gym waiting for the ticket booth to open, only to discover next morning that the game was being played at Montana.

## Crusader Diamond Crew Splits With Panthers in Opening Games of Season

By RUSSELL AMAN

April 2 saw the NNC baseball team open their 1960 season with a win and a loss against Magic Valley Christian College at Burley. MVCC won the first game 5-3, and NNC copped the nightcap 6-0.

Magic Valley pushed across five runs in the first two innings of the opener, then staved off every NNC threat, to post the win. Crusader hurler, Jerry Issacson, weathered the first two innings and finished strong. Issacson struck out 14 batters in his six inning tenure.

Freshman Bill Manley scattered five Panther hits in the second contest. He issued only two bases on balls and fanned 14 in posting the shutout.

Although the Crusaders scored nine runs, they only managed ten hits. Five players, led by Ernie Thompson with three, got all the hits. Norm Hall, Bill Dryer, and John Wright each collected two and Laurin Ellis got one.

Hall and Dryer also turned in superb defensive performances in the outfield.

## TWELVE SCHOOLS TO PARTICIPATE IN TRACK MEET

Twelve schools, from five states, have been invited to the 1960 NNC Invitational Track Meet, to be held April 9. If all of the schools respond, this will be the largest turnout ever, surpassing last year's record gathering of 10 schools.

Defending champion, Whitworth College of Spokane, will not return. Last year the Pirates established eight new meet records in their quest of the first place trophy.

Teams from the following schools should appear Saturday: Eastern Oregon, College of Idaho, BJC, Ricks, Weber, Westminster, and the host college, NNC. Other schools invited include Western Montana, Whitman, Magic Valley Christian College, and Lewis-Clark Normal, of Lewiston.

## GIRLS' SPORTS

Girls' volleyball standings are now as follows:

	Wins	Losses
ADP	4	0
Ath	2	2
LSP	2	2
SLA	2	2
Oly	1	3
Spa	1	3

Volleyball will soon be over and team tennis will be starting. Let's keep up the interest in this growing sport.

There is still room for lots of participation in the individual sports of shuffleboard, golf, and archery, so girls—let's see you taking part!

### ETHICS FOR TODAY

A lady comes into my store the other day and buys a spool of thread and pays me with a bill, and I give her 90 cent change. After she is gone, I look into the cash drawer and see it is a \$5 bill. Now comes the ethics: Should I or should I not tell my partner?

### NO OPINION

Public opinion pollsters say eight per cent of the public has no opinion. We have never met any of these charming people.
