Thoughts From The President ...

By AL JONES

Dear fellow student,

This letter will be a little cold if you receive it at this season of heart's heat, which is the result of a successful year, prompts me to write. This warm feeling will always be a part of me because I have never failed to notice, with a feeling of gratitude, how much you contribute to the school spirit every year. The school has been out in many ways. The things which have been outstanding, you will not forget them, and so it will not be necessary to review them. We will certainly not forget the experiences we have had this year, the experience that is malaise, significant. We may tend how to forget the inspirational matter most in the realm of eternal values. It is things which you find it is your eyes and look about you. If you do, the traditional entertaining and enterprising, the spirit of the Young American will be found.

You won't find American youth altogether entertaining perhaps; if you have never bothered to notice how several hundred college men spend their summers each year. They spend them outdoors—but not in plush hotels or on fancy tours. No, they spend them doing things: digging ditches, pouring concrete—hard manual labor. Working side by side with young men of the foreign nation, they build roads in remote villages and raise missions in the furthest corners of the earth.

And at night, after the day's work is done, they sit down beside the fires of brotherhood and fellowship. Open your eyes—"the Young Turks" is there; if you still feel that you are listening and understanding, how do you explain away the New York Evening Post, that made phone calls in one evening to secure volunteers for civil defense. This is our time, and we explain the actions of the group of students on this campus. The New Club journeyed to Boise to socialize at an eating place. The show feed almost drove the college out of business, as the 12 men took full advantage of the restaurant's slogan, "all you can eat for 99 cents." The meal was topped for 46 dishes of ice cream. Films were shown after the meal.

Results of GMS Poll Released

The results of the poll taken in chapel by the General Missionary Society have been released. All of the choices were in close running, but the top three choices were: more information on project field; information for possible lay work; and information on world affairs discussions.

Clayton Bonar, president of the society, said, "I would like to thank everyone who pledged for the project field, and each one who has put his time, energy and prayer for the General Missionary Society. I also think that the society has a good group of officers for next year, and I wish them the best of luck."

Griffith Bratt, head of the BJC music department.

Maintenance of a broad scope of thought means keeping posted on the developments in world affairs. It's up to us to keep ourselves informed so that we can more perceptively contribute to class room discussions, so that we can meaningfully hold our personal affairs in perspective, so that we can give fuller meaning to our liberal arts education.

SAGE SERVICES SMORGBOARD
May 11 added a new page in the history of dining at NNC. Cushman Flagg, Sage Foods representa­ tive, laid out a large scale smor­ gosboard for dining hall students and visitors.

FORTY different items were in­ cluded in the menu ranging from African lobster and smoked Japan­ ese oysters to New England baked beans and potato salad.

The meal required a week of planning and three entire days of preparation.

According to Mr. Flagg, 75 lbs. of turkey were used, 75 lbs. of roast beef, 35 lbs of baked ham, 150 lbs of potatoes, and 8 gal. of fruit cups in watermelons. Emmanuel Etter and Flagg carved a 500 lbs. cake of ice into the shape of a swan, which formed the center of interest on the large tables.

Commenting on the meal, Mr. Flagg felt that it was worth the effort and planning that went into trying to produce something of this sort and plans to repeat the performance.

CONGRATULATIONS, SENIORS!

SEVEN SENIORS COMPLETE COLLEGE TENNIS CAREERS

This year will see the bulk of the tennis team graduating as seven team members leave the hills of Ivy.

Of those, Dorothy Mittelider is perhaps the most outstanding. She has been rated No. 2 woman tennis player in Idaho. She is the Idaho women's singles champion. She has lettered four years on the women's team and three years on the men's team. She has compiled in the last four years a record of 39 wins and 8 losses.

CINDER SQUAD ENDS SUCCESSFUL SEASON

Cinder squad ended the season Monday with a win over Eastern Oregon College at Bulldog Bowl. This was the 18th victory of the season, the 6-4, 8-6.

Although the team had no outstanding times in the running events, good marks were posted in the high jump with Marty Sharp jumping 5' 11%. And in the javelin, the javelin thrower achieved a mark of 172' 9".

Due to greater depth, the team has enjoyed the most successful season of recent years. The future looks bright, also, as many on this squad have underclassman years.

Two seniors on the team, Al Freeman and Jerry Hall, have both realized a successful collegiate tennis career. Al turned out for track his freshman and sophomore years, running the hurdle and the half mile. In his junior year, he worked his way to the national level, where he ran the hurdles. He has run close to the school record in both the hurdle and the long jump this year, and has now set a new record of 5.6 seconds in the 60-yard dash.

Jerry was successful in freshman and sophomore years as he was a member of the mile-relay team which holds the school record. Jerry's involvement in church and school activities resulted in less time for track events. He can always be depended upon to do his part of the job, and has contributed steadily to the team's success this year.

At Jerry and Al both have an attribute to their inspiration to their underclassmen and will be noticeably missed next year.

Dorothy Mittelider had the title in the women's archery doubles, Linda Roberts and Lois Willett, NEL, for top honors in the women's archery doubles.

Minnie Humphrey and Judy Moe won the over-50 women's doubles tourney, taking the title in the 16-colors event. The women's archery doubles, Linda Roberts and Lois Willett, NEL, came second, and Dan Etulain and Lee won the 880-yard run with a time of 2:06.4. Freeman set a new record of 4.5 seconds in the 100-yard dash. Sharp posted a new record in the high jump with a leap of 6 feet 2½ inches. It is an outstanding tourney because those three members of the team eligible to compete in the National Championship meet in Sioux Falls, South Dakota.

Savage placed second in the pole vault, with a vault of 11 feet 3½ inches, and is tied for the leadership in a third, and one fourth place.

The basketball season, Round led in total points with 62, followed by Freeman with 60 points. Freeman's 60 points by his seven tourney for championship honors. He has compiled a record of 39 wins and 8 losses.

The dictionary is the only place where success comes before work.

On the highway a minute saved may be a lifetime squandered.

A MEMORY

By BOB ANDERSON

Another successful sports year has been completed by NNC athletes. It wasn't an outstanding sports year but many complimentary things can be said about it.

The senior athletes leaving have proved themselves beyond expectations and will be missed next year.

But freshmen, sophomore, and junior athletes have improved and gained experience during the past year which causes us to look forward to a better year next season.

The basketball gym will forever be ringing with this year's cheers of excitement and the screeching and scrapping of rubber shoes.

The sights and pageantry of homecoming night will forever be impressed in our minds as a leaf is pressed in our minds.

The sound of spikes slashing through the cinders will remain with us as long as the wind imitates the sound by crashing through the leaves of trees.

Each sports event of the past year will be a memory. There were many laughable happenings during contests and there were many great thrills.

Each senior athlete before leaving will have some ups and downs, some victories and some defeats. It never is easy leaving the team, but the individual can only proceed to do his part of the job, and has contributed steadily to the team's success this year.
